A. RISK FACTORS

Standard Risk Factors:

- Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price / value / interest rates of the securities in which the scheme invests fluctuate, the value of your investment in the scheme may go up or down. The value of investments may be affected, inter-alia, by changes in the market, interest rates, changes in credit rating, trading volumes, settlement periods and transfer procedures; the NAV is also exposed to Price/Interest-Rate Risk and Credit Risk and may be affected inter-alia, by government policy, volatility and liquidity in the money markets and pressure on the exchange rate of the rupee.
- Past performance of the Sponsor/AMC/Mutual Fund does not guarantee future performance of the scheme.
- Quantum Equity Fund of Funds is the name of scheme. The name of the scheme does not in any manner indicate either the quality of the scheme or its future prospects and returns. Investors are therefore urged to study the terms of offer carefully and consult their Investment Advisor before they invest in the Scheme.
- The sponsor is not responsible or liable for any loss resulting from the operation of the scheme beyond the initial contribution of ₹ 1,00,000 made by it towards setting up the Fund.
- The present scheme is not a guaranteed or an assured return scheme.

Scheme Specific Risk Factors

Risk Factors related to Equity Investments

- The Scheme proposes to invest predominantly in the diversified equity schemes of Mutual Funds, registered with SEBI. Hence the scheme's performance will depend upon the performance of the underlying schemes. Any change in the investment policies or the fundamental attributes of the underlying schemes may affect the performance of the scheme.
- Investments in underlying equity schemes will have all the risks associated with such schemes including performance of underlying stocks, derivative investments, off shore investments, stock lending, etc.
- The investors of the Scheme shall bear the recurring expenses and loads if any of the Scheme in addition to the expenses & loads of the underlying schemes. Hence the investor under the Scheme may receive lower pre-tax returns than that they could have received if they had invested directly in the underlying schemes in the same proportions.
- The Portfolio disclosure of the Scheme will be limited to providing the particulars of the underlying schemes where the Scheme has invested and will not include the investments made by the underlying schemes.
- The changes in asset allocation may result in higher transaction costs.
- The Portfolio of the Scheme will normally be comprised of schemes from the recommended list. Though adequate care will be taken to ensure that the methodology adopted by the Designated Agency is proper, there may be any analytical error (like assigning overweightage or underweightage to various risk - return parameters), execution error etc. by the Designated Agency, which may result in the suboptimal performance of the Scheme.

- Since the Scheme proposes to invest at least in 5 underlying schemes, the significant underperformance in even one of the underlying schemes may adversely affect the performance of the Scheme.

B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

The Scheme/Plan shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme/Plan(s). However, if such limit is breached during the NFO of the Scheme, the Fund will endeavor to ensure that within a period of three months or the end of the succeeding calendar quarter from the close of the NFO of the Scheme, whichever is earlier, the Scheme complies with these two conditions. In case the Scheme / Plan(s) does not have a minimum of 20 investors in the stipulated period, the provisions of Regulation 39(2)(c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme / Plan(s) shall be wound up and the units would be redeemed at applicable NAV. The two conditions mentioned above shall also be complied within each subsequent calendar quarter thereafter, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days notice to redeem his exposure over the 25 % limit. Failure on the part of the said investor to redeem his exposure over the 25 % limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

C. SPECIAL CONSIDERATIONS

Mutual funds being vehicles of securities investments are subject to market and other risks and there can be no guarantee against loss resulting from investing in the Scheme. The various factors which impact the value of the Schemes' investments include, but are not limited to, fluctuations in the capital markets, fluctuations in interest rates, prevailing political and economic environment, changes in government policy, factors specific to the issuer of the securities, tax laws, liquidity of the underlying instruments, settlement periods, trading volumes, etc.

The past performance of the Sponsors and their affiliates/associates is not indicative of the future performance of the Scheme. Investment decisions made by the AMC may not always be profitable.

From time to time and subject to the Regulations, the Sponsors, the mutual funds and investment companies managed by them, their affiliates, their associate companies, subsidiaries of the Sponsors and the AMC may invest either directly or indirectly in the Scheme. The funds managed by these affiliates, associates, the sponsors, subsidiaries of the Sponsors and/or the AMC may acquire a substantial portion of the Scheme's Units and collectively constitute a major Investor in the Scheme. Accordingly, Repurchase/Redemption of Units held by such funds, affiliates/associates and Sponsors may have an adverse impact on the Units of the Scheme because the timing of such Repurchase/Redemption may impact the ability of the other Unitholders to redeem their Units.

Given that the liquidity of the investments made by the Scheme could, at times, be restricted by trading volumes and settlement periods, the time taken by the Mutual Fund for Repurchase/Redemption of Units may be significant in the event of an inordinately large number of Repurchase/Redemption requests or a restructuring of the Scheme. In view of the above, the Trustee has the right, in its sole discretion, to limit Repurchase/Redemptions (including suspending Repurchases/Redemptions) under certain circumstances.

In case the Scheme undertakes stock lending under the SEBI Regulations, the Scheme may, at times, be exposed to counter party risk.

The Trustee, AMC, Mutual Fund, their directors or their employees shall not be liable for any of the tax consequences that may arise, in the event that the Scheme is wound up for the reasons and in the manner provided for in the SAI.

Repurchase/Redemption by the Unitholder due to change in the fundamental attributes of the Scheme or due to any other reasons may entail tax consequences. The Trustee, AMC, Mutual Fund, their directors or their employees shall not be liable for any such tax consequences that may arise.

The tax benefits described in this SID are as available as on the date of issue of this SID under the present taxation laws and are available subject to relevant conditions. The information given is included only for general purpose and is based on advice received by the AMC regarding the law and practice currently in force in India and the Unitholders should be aware that the relevant fiscal rules or their interpretation may change. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of an investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Unitholder is advised to consult his/her/their own professional tax advisor.

Unitholders in the Scheme are not being offered any guaranteed/assured returns and Investors are advised to consult their Legal/Tax and other Professional Advisors in regard to tax/legal implications relating to their investments in the Scheme and before making decision to invest in or Repurchase the Units.

Neither this SID nor the Units have been registered in any jurisdiction.

This SID is meant for circulation only in India and therefore has not been registered in any other jurisdiction. The distribution of this SID in certain jurisdictions may be restricted or totally prohibited due to

A. TYPE OF THE SCHEME

An Open Ended Equity Fund of Funds Scheme

B. WHAT IS THE INVESTMENT OBJECTIVE OF THE SCHEME?

The investment objective of the scheme is to generate long-term capital appreciation by investing in a portfolio of open-ended diversified equity schemes of mutual Funds registered with SEBI. There can be no assurance of positive returns from following the stated investment strategy.

C. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

The investment policies of the Scheme shall be as per SEBI (Mutual Funds) Regulations, 1996, and within the following guideline. The asset allocation under the Scheme, under normal circumstances, will be as follows:

Instruments	Indicative allocations (% of total assets)		Risk Profile
	Minimum	Maximum	
Open-ended diversified equity schemes of mutual funds registered with SEBI.	90%	100%	High/ Medium/ Low
Money Market Instruments	0%	10%	Low to Medium

The scheme will only invest in third party mutual funds. The fund shall invest in a mix of diversified equity schemes, mid cap/ small cap/ large cap oriented schemes.

Pending deployment of funds of the Scheme in securities in terms of the investment objectives of the Scheme, the AMC can invest the funds of the Scheme in short-term deposits of scheduled commercial banks. The investments in short term deposits of scheduled commercial banks will be reported to the trustees along with the reasons for the investment which, inter alia, would include comparison with the interest rates offered by other scheduled commercial banks. Further, Quantum AMC will ensure that the reasons for such investments are recorded in the manner prescribed in SEBI Circular MFD/CIR/6/73/2000 dated July 27, 2000 and such investments in short-term deposits are made in line with SEBI Circular SEBI/IMD/CIR No. 1/ 91171 /07 dated April 16, 2007.

The above asset allocation is only indicative and may change from time to time, keeping in view the market conditions and applicable rules and regulations.

Change in Investment Pattern

Subject to the SEBI Regulations, the asset allocation pattern indicated above may change from time to time, depending on liquidity considerations or on account of high levels of subscriptions or Repurchase / Redemptions relative to fund size, or upon considerations that optimize returns of the Scheme through investment opportunities or upon various defensive considerations including market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute. These proportions may vary substantially depending upon the perception of the AMC, the intention being at all times to seek to protect the interests of the Unitholders. Such changes in the investment pattern will be for short term and only for defensive considerations.

D. WHERE WILL THE SCHEME INVEST?

The Scheme may invest in following asset classes:

- Open-ended diversified equity schemes of Mutual Funds, which are registered with SEBI.
- Money market instruments

Investments other than open-ended diversified equity funds will be made for managing liquidity. The preferred instruments will be money market instruments. Money market instruments include commercial papers, commercial bills, treasury bills, government securities having an unexpired maturity up to one year, certificates of deposit, usance bills and any other like instruments as specified by the RBI from time to time.

- Pending deployment of funds of a Scheme in securities in terms of investment objectives of the Scheme, the AMC can invest the funds of the Scheme in short-term deposits of scheduled commercial banks in accordance with SEBI guidelines.

E. WHAT ARE THE INVESTMENT STRATEGIES?

INVESTMENT PHILOSOPHY/STRATEGY

The investment strategy of the Scheme will be to invest predominantly in open-ended diversified equity schemes of Mutual Funds, which are registered with SEBI after using intensive fundamental analysis both quantitative and qualitative, monitor the portfolio regularly but not so as to engage in excessive churning, and control risk by keeping portfolio adequately diversified.

The Scheme will invest a majority of its money in open-ended diversified equity schemes that have been in existence for at least 3 years at the time of making investments. The Scheme will not invest in any sector/thematic funds. Besides, it will not make any investments in the schemes of Quantum Mutual Fund. Furthermore, the schemes that get short-listed will be tested across the quantitative and qualitative parameters, set as a part of our fund selection process.

The AMC shall appoint a Designated Agency to provide periodically the recommended list of diversified equity schemes. The research methodology to be adopted by the Designated Agency for providing the recommended list shall be reviewed by the Portfolio Team. Any Change in the research methodology shall also be reviewed by the Portfolio Team. The Scheme will invest only in the schemes which are recommended by Designated Agency only. The Designated Agency may be a bank, which distributes financial products, a research house or a distribution house. The Designated Agency may charge fees in accordance with the terms of the agreement entered into with it, which shall be borne by the AMC. The Portfolio will be reviewed and rebalanced on the receipt of the recommended list from the Designated Agency.

Presently the AMC has appointed Quantum Information Services Private Limited (QIS) as a designated agency to provide the recommended list. QIS is engaged in the business of providing research on mutual funds, financial planning and distribution services in area of personal finance, wealth accumulation, fund selection, portfolio review and provides content through its website www.personalfn.com.

The AMC has the right to designate an additional Agency for obtaining the recommended list. The AMC may also change the Designated Agency, if it deems fit.

The research methodology to be adopted by the Designated Agency for providing the recommended list shall be reviewed by the Board of Directors of AMC and Trustees. Any Change in the research methodology shall also be reviewed by the Board of AMC and Trustee.

INVESTMENT PORTFOLIO

The Scheme's investment portfolio typically will consist of investments made in open-ended diversified equity schemes of Mutual Funds registered with SEBI. The Board of the AMC or investment committee of the board of the AMC will from time to time review and approve the overall investment policy and strategy of the portfolio held by the Scheme.

While the majority of the assets will be invested in the open-ended diversified equity schemes of Mutual Funds, which are registered with SEBI, the Scheme may also invest in money market instruments for the purpose of having liquidity.

The portfolio will comprise of 5 to 10 different open-ended diversified equity mutual fund schemes, and the investment in any one mutual fund scheme will be in the range of 10% to 25% of the scheme's net assets.

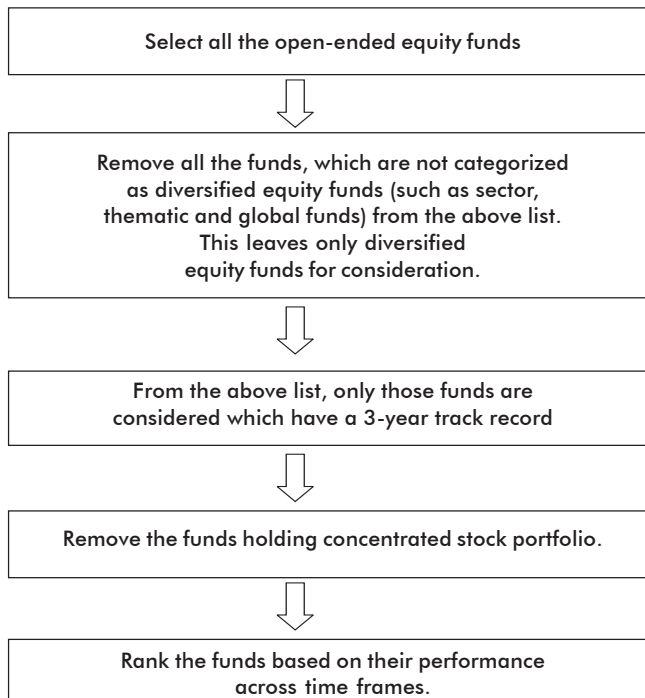

INVESTMENT PROCESS AND RECORDING OF INVESTMENT DECISIONS

INVESTMENT PROCESS

The investment process consists of:

1. Fund selection
2. Portfolio construction

1. Fund Selection

Thereafter, the short-listed funds are evaluated based on qualitative criteria. The qualitative parameters will largely judge the fund on the parameters like fund house's investment systems and processes, consistency in characteristics of its portfolio among others. Funds that emerge as the top performers shall form part of the final portfolio.

2. PORTFOLIO CONSTRUCTION
