A. RISK FACTORS

Standard Risk Factors:

- Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price / value / interest rates of the securities in which the scheme invests fluctuates, the value of your investment in the scheme may go up or down depending on the various factors and forces affecting the capital markets and money markets.
- Past performance of the Sponsor/AMC/Mutual Fund does not guarantee future performance of the Scheme.
- The name of the Scheme and does not in any manner indicate either the quality of the Scheme or its future prospects and the returns. Investors are therefore urged to study the terms of offer carefully and consult their Investment Advisor before they invest in the Scheme.
- The Sponsor is not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of Rs.1,00,000/- (Rupees One Lakh only) made by it towards setting up the Fund.
- The present scheme is not a guaranteed or assured return scheme.

Scheme Specific Risk Factors

The performance of the Scheme may be affected by changes in Government policies, general levels of interest rates and risks associated with trading volumes, liquidity and settlement systems. As the Scheme will be investing in debt and money market instruments it may have the following risks:

1. Risk Factors Associated with Fixed Income and Money Market Instruments:

Interest Rate Risk/Market Risk:

Changes in interest rate may affect the Scheme's net asset value. Generally the prices of instruments increase as interest rates decline and decrease as interest rates rise. Prices of long-term securities fluctuate more in response to such interest rate changes than short-term securities. Indian debt and government securities markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.

Credit Risk or Default Risk:

Credit risk or Default risk refers to the risk that an issuer of a debt instrument may default (i.e. the issuer will be unable to make timely principal and interest payments on the security). Because of this risk, bonds issued by non-government agencies are sold at a higher yield above those offered on Government Securities which are sovereign obligations and free of credit risk. Normally, the value of a debt instrument will fluctuate depending upon the changes in the perceived level of credit risk as well as any actual event of default. The greater the credit risk, the greater the yield required for someone to be compensated for the increased risk.

Liquidity Risks:

This refers to the ease at which a security can be sold at or near its true value. The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Reduced liquidity in the secondary market may have an adverse impact on market price and the Scheme's ability to dispose of particular securities, when necessary, to meet the Scheme's liquidity needs or in response to a specific economic event or even during rebalancing of the Scheme's investment portfolio.

Furthermore, from time to time, the Asset Management Company, the Custodian, the Registrar, any Associate, any Distributor, Dealer, any Company, Corporate Bodies, Trusts, any Retirement and Employee Benefit Funds or any Associate or otherwise, any scheme/mutual fund managed by the Asset Management Company or by any other Asset Management Company may invest in the Scheme. While at all times the Trustee Company and the Asset Management Company will endeavour that excessive holding of Units in the Scheme among a few Unitholders is avoided, however, the funds invested by these aforesaid persons may acquire a substantial portion of the Scheme's outstanding Units and collectively may constitute a majority Unitholder in the Scheme. Redemption of Units held by such persons may have an adverse impact on the value of the Units of the Scheme because of the timing of any such redemptions and this may impact the ability of other Unitholders to redeem their respective Units.

Settlement Risks:

Different segments of the financial markets have different settlement cycle/periods and such settlement cycle/periods may be impacted by unforeseen circumstances, leading to Settlement Risk. The liquidity of the Scheme's investments may be inherently restricted by trading volumes, transfer procedures and settlement periods.

Concentration Risk:

The Scheme will invest in certain securities of certain companies, industries, sectors, asset type etc. based on its investment objectives and policies as outlined in this Scheme Information Document. The funds invested by the Scheme in certain securities of industries, sectors, etc. may acquire a substantial portion of the Scheme's investment portfolio and collectively may constitute a risk associated with non-diversification and thus could affect the value of investments.

Re-investment Risk:

Investments in fixed income securities may carry re-investment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate.

This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme or from maturities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk refers to the fall in the rate for reinvestment of interim cash flows.

Performance Risk:

The value of, and income from, an investment in the Scheme can decrease as well as increase, depending on a variety of factors which may affect the values and income generated by the Scheme's portfolio of securities. The returns of the Scheme's investments are based on the current yields of the securities, which may be affected generally by factors affecting capital markets such as price and volume, volatility in the stock markets, interest rates, currency exchange rates, foreign investment, changes in Government and Reserve Bank of India policy, taxation, political, economic or other developments, closure of the Stock Exchanges etc.

Investors should understand that the investment pattern indicated, in line with prevailing market conditions, is only a hypothetical example as all investments involve risk and there is no assurance that the Scheme's investment objective will be attained or that the Scheme shall be in a position to maintain the model percentage of investment pattern particularly under exceptional circumstances. Different types of securities in which the Scheme would invest as stated in the offer document carry different levels and types of risk. Accordingly the Scheme's risk may increase or decrease depending upon its investment pattern. e.g. corporate debt carries a higher amount of risk than Government securities. Further even amongst corporate bonds, bonds which are AAA rated are comparatively less risky than bonds which are AA rated.

The Scheme will endeavour to invest in highly researched securities offering relative yield for the commensurate risks. However the erosion in the value of the investments/portfolio in the case of the debt markets passing through a bearish phase is a distinct possibility.

The NAV of the Scheme is largely dependent on the performance of the various debt instruments wherein the investment has been made which may fluctuate from time to time.

Debt securities are subject to the risk of an Issuer's inability to meet principal and interest payments on the obligations (credit risk). Debt securities may also be subject to price volatility due to such factors as interest sensitivity, market perception or the creditworthiness of the Issuer and general market liquidity (market rate risk). While it is the intent of the Investment Manager to invest primarily in highly rated debt securities, the Scheme may from time to time invest in higher yielding, lower rated securities. This would enhance the degree of risk. As mentioned earlier debt securities which are AAA rated are comparatively less risky than securities which are AA rated.

Lower rated or unrated securities are more likely to react to developments affecting the market and carry a higher credit risk than the highly rated securities which react primarily to movements in the general level of interest rates. Lower rated securities also tend to be more sensitive to economic conditions than higher rated securities. The Investment Manager will consider both credit risk and market risk in making investment decisions.

Zero coupon or deep discount bonds are debt obligations that do not entitle the holder to any periodic payment of interest prior to maturity or a specified date when the securities begin paying current interest and therefore, are generally issued and traded at a discount to their face values. The discount depends on the time remaining until maturity or the date when securities begin paying current interest. It also varies depending on the prevailing interest rates, liquidity of the security and the perceived credit risk of the Issuer. The market prices of zero coupon securities are generally more volatile than the market prices of securities that pay interest periodically and are likely to respond to changes in interest rates to a greater degree than other coupon bearing securities having similar maturities and credit quality.

The credit risk factors pertaining to lower rated securities also apply to lower rated zero coupons or deferred interest bonds. Such bonds carry an additional risk in that, unlike bonds that pay interest throughout the period to maturity, the Scheme would not realise any cash until interest payment on the bonds commence and if the Issuer defaults, the Scheme may not obtain any return on its investment.

The Scheme has limited power to invest in securities which are not quoted on a stock exchange ("unlisted securities") which in general are subject to greater price fluctuations, less liquidity and greater risk than those which are traded in the open market. Unlisted securities may lack a liquid secondary market and there can be no assurance that the Schemes will realise its investments in unlisted securities at a fair value. While securities that are listed on the stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges.

Risks due to possible prepayments: Weighted Tenor / Yield

Asset securitisation is a process whereby commercial or consumer credits are packaged and sold in the form of financial instruments. Full prepayment of underlying loan contract may arise under any of the following circumstances; Obligor pays the Receivable due from him at any time prior to the scheduled maturity date of that Receivable; or Receivable is required to be repurchased by the Seller consequent to its inability to rectify a material misrepresentation with respect to that Receivable; or The Servicer recognizing a contract as a defaulted contract and hence repossessing the underlying Asset and selling the same. In the event of prepayments, investors may be exposed to changes in tenor and yield.

2. Risk Factors Associated with Derivatives:

Risk factor associated with Trading in Derivatives:

The Fund may use derivative instruments like Interest Rate Swaps, Interest Rate Futures, Forward Rate Agreements or other derivative instruments for the purpose of hedging, as permitted under the Regulations and guidelines prevailing from time to time.

As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives that investors should understand. Derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds.

The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counter party") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices. Even a small price movement in the underlying security could have a large impact on their value. Also, the market for derivative instruments is nascent in India.

3. Risk Associated with Securitised Debt

The Scheme may invest in domestic securitized debt such as asset backed securities (ABS) or mortgage backed securities (MBS). Asset Backed Securities (ABS) are securitized debts where the underlying assets are receivables arising from automobile loans, personal loans, loans against consumer durables, etc. Mortgage backed securities (MBS) are securitized debts where the underlying assets are receivables arising from loans backed by mortgage of residential/commercial properties. ABS/MBS instruments reflect the undivided interest in the underlying pool of assets and do not represent the obligation of the issuer of ABS/MBS or the originator of the underlying receivables. The ABS/MBS holders have a limited recourse to the extent of credit enhancement provided. If the delinquencies and credit losses in the underlying pool exceed the credit enhancement provided, ABS/MBS holders will suffer credit losses. ABS/MBS are also normally exposed to a higher level of pre-payment, reinvestment and revaluation risks as compared to the normal corporate or sovereign debt.

At present in Indian market, following types of loans are securitized:

- * Auto Loans (cars/commercial vehicles/two wheeler vehicles)
- * Residential Mortgages or Housing Loans
- * Consumer Durable Loans
- * Personal Loans
- * Corporate Loans

The main risks pertaining to each of the asset classes above are described below:

Auto Loans (cars/commercial vehicles/two wheeler vehicles)

- * The underlying assets (cars etc.) are susceptible to depreciation in value whereas the loans are given at high loan to value ratios. Thus, after a few months, the value of asset becomes lower than the loan outstanding. The borrowers, therefore, may sometimes tend to default on loans and allow the vehicle to be repossessed.
- * These loans are also subject to model risk. i.e. if a particular automobile model does not become popular, loans given for financing that model have a much higher likelihood of turning bad. In such cases, loss on sale of repossession vehicles is higher than usual.
- * Commercial vehicle loans are susceptible to the cyclicity in the economy. In a downturn in economy, freight rates drop leading to higher defaults in commercial vehicle loans. Further, the second hand prices of these vehicles also decline in such economic environment.

Housing Loans

- * Housing loans in India have shown very low default rates historically. However, in recent years, loans have been given at high loan to value ratios and to a much younger borrower class. The loans have not yet gone through the full economic cycle and have not yet seen a period of declining property prices. Thus, the performance of these housing loans is yet to be tested and it need not conform to the historical experience of low default rates.

Consumer Durable Loans

- * The underlying security for such loans is easily transferable without the bank's knowledge and hence repossession is difficult.
- * The underlying security for such loans is also susceptible to quick depreciation in value. This gives the borrowers a high incentive to default.

Personal Loans

- * These are unsecured loans. In case of a default, the bank has no security to fall back on.
- * The lender has no control over how the borrower has used the borrowed money. Further, all the above categories of loans have the following common risks:
 - a. All the above loans are retail, relatively small value loans. There is a possibility that the borrower takes different loans using the same income proof and thus the income is not sufficient to meet the debt service obligations of all these loans.
 - b. In India, there is no ready database available regarding past credit record of borrowers. Thus, loans may be given to borrowers with poor credit record.
 - c. In retail loans, the risks due to frauds are high.

Corporate Loans

These are loans given to single or multiple corporates. The receivables from a pool of loans to corporates are assigned to a trust that issues Pass Through Certificates in turn. The credit risk in such certificates is on the underlying pool of loans to the corporates. The credit risk of the underlying loans to corporates would in turn depend on economic cycles.

4. Risks associated with Securities Lending

Securities Lending:

It may be noted that this activity would have the inherent probability of collateral value drastically falling in times of strong downward market trends, rendering the value of collateral inadequate until such time as that diminution in value is replenished by additional security. It is also possible that the borrowing party and/or the approved intermediary may suddenly suffer severe business setback and become unable to honour its commitments. This, along with a simultaneous fall in value of collateral would render potential loss to the Scheme. Besides, there can also be temporary illiquidity of the securities that are lent out and the Scheme will not be able to sell such lent out securities until they are returned.

5. Risk associated with investment in Foreign Securities:

Subject to necessary SEBI/RBI and other statutory approvals and within the investment objectives of the Scheme, the Scheme may invest in rated foreign debt securities in countries with fully convertible currencies, with highest rating (foreign currency credit rating) by accredited/registered credit rating agencies, say A-1/AAA by Standard & Poor, P-1/AAA by Moody's, F-1/AAA by Fitch, IBCA etc. or in Government Securities where the countries are AAA rated or in units/securities issued by overseas mutual funds or unit trusts which invest in the aforesaid securities or are rated as mentioned above and are registered with overseas regulators. The above investments carry a risk on account of fluctuations in the foreign exchange rates, nature of securities market of the country, repatriation of capital due to exchange controls and political circumstances.

It is the AMC's belief that investment in Foreign Debt Securities offers new investment and portfolio diversification opportunities into multi-market and multi-currency products. However, such investments also entail additional risks. Such investment opportunities may be pursued by the AMC only if they are considered appropriate in terms of the overall investment objectives of the Scheme. Since the Scheme would invest only partially in Foreign Securities, there may not be readily available and widely accepted benchmarks to measure performance of the Scheme. To manage risks associated with foreign currency and interest rate exposure, the Fund may use derivatives for efficient portfolio management including hedging and in accordance with conditions as may be stipulated by SEBI/RBI from time to time.

Offshore investments will be made subject to any/all approvals, conditions thereof as may be required under the applicable laws and provided such investments do not result in expenses to the Fund exceeding the ceiling on expenses prescribed by and consistent with costs and expenses attendant to international investing. The Fund may, where necessary, appoint other intermediaries of repute as advisors, custodian/sub-custodians etc. for managing and administering such investments. The appointment of such intermediaries shall be in accordance with the applicable requirements of SEBI and within the permissible ceilings of expenses. The fees and expenses would illustratively include, besides the investment management fees, custody fees and costs, fees of appointed advisors and sub-managers, transaction costs and overseas regulatory costs.

Currency Risk is a form of risk that arises from the change in price of one currency against another. The exchange risk associated with a foreign denominated instrument is a key element in foreign investment. This risk flows from differential monetary policy and growth in real productivity, which results in differential inflation rates. The risk arises because currencies may move in relation to each other.

6. Risk Associated with Investments in Investment in Corporate Debt Market Development Fund (CDMDF)

CDMDF is set up as a scheme of the Trust registered as an Alternative Investment Fund ('AIF') in accordance with the SEBI (Alternative Investment Funds) Regulations, 2012 ("AIF Regulations"). The objective of the CDMDF is to help to develop the corporate debt market by providing backstop facility to instill confidence amongst the market

participants in the corporate debt/bond market during times of market dislocation and to enhance the secondary market liquidity. In times of market dislocation, CD MDF shall purchase and hold eligible corporate debt securities from the participating investors (i.e., specified debt-oriented MF schemes to begin with) and sell as markets recover. The CD MDF will thus act as a key enabler for facilitating liquidity in the corporate debt market and to respond quickly in times of market dislocation. The trigger and period for which the backstop facility will be open shall be as decided by SEBI. Thus, this backstop facility will help Fund Manager to generate better liquidity during market dislocation to help the scheme fulfill liquidity obligations under stress situation.

In accordance with the requirement of regulation 43A of SEBI (Mutual Funds) Regulations, 1996 read with SEBI circular no. SEBI/HO/IMD/PoD2/P/CIR/2023/129 dated July 27, 2023 on investment by Mutual Fund Schemes in units of Corporate Debt Market Development Fund ('CD MDF'), the Scheme shall invest 25 bps of its AUM in the units of the CD MDF. An incremental contribution to CD MDF shall be made every six months to ensure 25 bps of scheme AUM is invested in units of CD MDF. However, if AUM decreases there shall be no return or redemption from CD MDF. Contribution made to CD MDF, including the appreciations on the same, if any, shall be locked-in till winding up of the CD MDF.

The investments in CD MDF units shall not be considered as violation while considering maturity restriction as applicable for various purposes (including applicable investment limits) and the calculations of Potential Risk Class (PRC) Matrix, Risk-o-meter, Stress testing and Duration for various purposes shall be done after excluding investments in units of CD MDF.

B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

The Scheme/Plan shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme/Plan(s). However, if such limit is breached during the NFO of the Scheme, the Fund will endeavour to ensure that within a period of three months or the end of the succeeding calendar quarter from the close of the NFO of the Scheme, whichever is earlier, the Scheme complies with these two conditions. In case the Scheme / Plan(s) does not have minimum of 20 investors in the stipulated period, the provisions of Regulation 39(2)(c) of the SEBI (Mutual Funds) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme / Plan (s) shall be wound up and the units would be redeemed at the applicable NAV. The two conditions mentioned above shall also be complied within each calendar quarter, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days' notice to redeem his exposure over the 25 % limit. Failure on the part of the said investor to redeem his exposure over the 25 % limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

C. SPECIAL CONSIDERATIONS

Quantum Asset Management Company Private Limited (AMC) has received the No Objections from SEBI to provided Research Services in Equities and Fixed Income, and Research / Advisory Services in Multi Asset Allocation and Emerging Markets in the Alternative Investment field to Quantum Advisors Private Limited (Sponsor) and QIEF Management LLC (QIEF) on commercial basis.

The AMC is providing Research / Advisory Service in Equities to the Sponsor & QIEF and in Fixed Income to the Sponsor, which is non-binding and non-discretionary in nature and not in conflict of interest with the activities of Quantum Mutual Fund. QIEF use such services for categories of Foreign Portfolio Investors (FPI) as prescribed in the SEBI Master Circular dated May 19, 2023 as amended from time to time. The AMC has process in place to prohibit access to inside information of various activities as envisaged under Regulation 24(b) of SEBI (Mutual Funds) Regulations, 1996 by segregating the Key Personnel, System and Back Office, Bank Account activity wise.

Mutual funds being vehicles of securities investments are subject to market and other risks and there can be no guarantee against loss resulting from investing in the Scheme. The various factors which impact the value of the Schemes' investments include, but are not limited to, fluctuations in the capital markets, fluctuations in interest rates, prevailing political and economic environment, changes in government policy, factors specific to the issuer of the securities, tax laws, liquidity of the underlying instruments, settlement periods, trading volumes, etc.

The past performance of the Sponsors and their affiliates/associates is not indicative of the future performance of the Scheme. Investment decisions made by the AMC may not always be profitable.

From time to time and subject to the Regulations, the Sponsors, the mutual funds and investment companies managed by them, their affiliates, their associate companies, subsidiaries of the Sponsors and the AMC may invest either directly or indirectly in the Scheme. The funds managed by these affiliates, associates, the sponsors, subsidiaries of the Sponsors and/or the AMC may acquire a substantial portion of the Scheme's Units and collectively constitute a major Investor in the Scheme. Accordingly, Repurchase/Redemption of Units held by such funds, affiliates/associates and Sponsors may have an adverse impact on the Units of the Scheme because the timing of such Repurchase/Redemption may impact the ability of the other Unitholders to redeem their Units.

Certain focus areas are already enjoying favourable tax treatment by Government of India and the Scheme may also receive favourable tax treatment in other focus areas. If these tax benefits are removed or amended, it is possible that the changes may have a material adverse impact on the companies' revenue and earnings.

The Trustee, AMC, Mutual Fund, their directors or their employees shall not be liable for any of the tax consequences that may arise, in the event that the Scheme is wound up for the reasons and in the manner provided for in the SAI.

Repurchase/Redemption by the Unitholder due to change in the fundamental attributes of the Scheme or due to any other reasons may entail tax consequences. The Trustee, AMC, Mutual Fund, their directors or their employees shall not be liable for any such tax consequences that may arise.

The tax benefits described in this SID are as available as on the date of issue of this SID under the present taxation laws and are available subject to relevant conditions. The information given is included only for general purpose and is based on advice received by the AMC regarding the law and practice currently in force in India and the Unitholders should be aware that the relevant fiscal rules or their interpretation may change. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of an investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Unitholder is advised to consult his/her/their own professional tax advisor.

Unitholders in the Scheme are not being offered any guaranteed/assured returns and Investors are advised to consult their Legal/Tax and other Professional Advisors in regard to tax/legal implications relating to their investments in the Scheme and before making decision to invest in or Repurchase the Units.

Neither this SID nor the Units have been registered in any jurisdiction.

This SID is meant for circulation only in India and therefore has not been registered in any other jurisdiction. The distribution of this SID in certain jurisdictions may be restricted or totally prohibited due to registration requirements and accordingly, persons who come into possession of this SID are required to inform themselves about such regulations/restrictions and to observe any such restrictions and/or compliance requirements.

The information herein is not for distribution and does not constitute an offer to buy or sell or the solicitation of any offer to buy or sell any securities or financial instruments in the United States of America ("US"), Canada and in Countries which are non-compliant with FATF Agreements, to or for the benefit of United States persons as defined

under the US Securities Act of 1933, as amended, persons residing in Canada and Countries which are non-compliant with FATF Agreements. Quantum Mutual Fund Schemes / Units are not registered under the US Securities Act 1933 and the Schemes / Units are offered and sold outside the US in reliance of the exemption available under the Regulations.

The AMC shall rely on confirmation given by the investor in this regard and in no event shall members of the Quantum Group and / or their directors, officers and employees be liable for any direct, indirect, special, incidental or consequential damages arising out of any false confirmation/information provided by investors (including false information/confirmation about their residential status).

No person has been authorised to issue any advertisement or to give any information or to make any representations other than that contained in this Scheme Information Document (SID). Circulars in connection with this offering not authorised by the Mutual Fund and any information or representations not contained herein must not be relied upon as having been authorised by the Mutual Fund.

Investors should study this SID carefully in its entirety and should not construe the contents hereof as advice relating to legal, taxation, investment or any other matters. Investors are advised to consult their legal, tax, investment and other professional advisors to determine possible legal, tax, financial or other considerations of subscribing to or repurchasing Units, before making a decision to invest/Repurchase Units.

The Mutual Fund may disclose details of the Unitholder's account and transactions thereunder to the Bankers / third party as may be necessary for the purpose of effecting payments to the Unitholder / verifying unitholder's account.

In terms of the Prevention of Money Laundering Act 2002, the Rules issued there under and the guidelines/circulars issued by SEBI regarding the Anti Money Laundering (AML Laws), all intermediaries, including Mutual Funds, have to formulate and implement a client identification programme, verify and maintain the record of identifying and address(es) of investors.

If after due diligence, the AMC believes that any transaction is suspicious in nature as regards money laundering, failure to provide required documentation, information, etc., the AMC shall have absolute discretion to report such suspicious transactions to FIU-IND and / or to freeze the folios of the investor(s), reject any application(s) / allotment of units and effect mandatory redemption of unit holdings of the investor(s) at the applicable NAV subject to payment of exit load, if any.

In terms of Foreign Account Tax Compliance Act (FATCA), the AMC / Mutual Fund will be required to undertake due diligence process and identify US reportable accounts and collect such information / documentary evidences of the US and / or non-US status of its investors / Unit holders and disclose such information (through its agents or service providers) as far as may be legally permitted about the holdings, investment returns and / or to US Internal Revenue Service (IRS) or the Indian Tax Authorities, as the case may be for the purpose of onward transmission to the IRS under FATCA. The Government of India has signed IGA under FATCA and also Multilateral Competent Authority Agreement (MCAA) for Common Reporting Standard (CRS) implementation. Under the agreement, India would be obligated to get its financial institutions to share financial account information of accountholders who are tax residents in any of the signatory countries. Likewise, India would also get similar information through financial institutions of such treaty countries. FATCA / CRS due diligence will be directed at each investor / Unit holder (including joint investor) and on being identified as a reportable person / specified US person, all the folios will be reported to IRS or the Indian Tax Authorities. Investors / Unit holders should consult their own tax advisors regarding FATCA / CRS requirements with respect to their own situation. If the Investors / Unit Holders will not provide the FATCA / CRS self-declaration and documentation for due diligence, then the AMC / Mutual Fund will freeze / close the investor / unitholders account and then report their information as reportable accounts to comply with the regulatory requirements.

Pursuant to Notification No. S.O. 4419(E) dated December 10, 2019, Notification No. S. O. 115(E) dated January 08, 2020, Notification No. S.O. 1226(E) and G.S.R. 226(E) dated March 30, 2020 issued by Department of Revenue, Ministry of Finance, Government of India, read with Part I of Chapter IV of Notification dated February 21, 2019 issued by Legislative Department, Ministry of Law and Justice, Government of India, the stamp duty @0.005% or other % as may be prescribed from time to time of the transaction would be levied on applicable mutual fund transactions (excluding redemption) with effect from July 01, 2020, Accordingly, pursuant to the levy of stamp duty, the number of units allotted on purchase transactions (including switch in and Reinvestment of Income Distribution Cum Capital Withdrawal) to the unitholders would be reduced to that extent.

- b. Category of Scheme: Liquid Fund

B. WHAT IS THE INVESTMENT OBJECTIVE OF THE SCHEME?

The primary investment objective of the Scheme is to provide optimal returns with low to moderate levels of risk and high liquidity through judicious investments in money market and debt instruments.

C. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

The investment policies of the Scheme shall be as per SEBI (Mutual Funds) Regulations, 1996, and within the following guideline. The asset allocation under the Scheme, under normal circumstances, will be as follows:

| Instruments | Indicative Allocation (% of Net Assets) | Risk Profile |
|---------------------------------------------------------------------------------------------------------------|--------------------------------------------|-----------------|
| Money Market Instruments and other short term debt instruments with maturity / residual maturity upto 91 days | 100% | Low to moderate |

Note:

- a. Debt instruments may include investments in securitised debt instruments upto 40% of the Net Assets of the Scheme.
- b. The Scheme may also invest in foreign securities subject to the limits as may be applicable to mutual funds from time to time under various regulations and also under FEMA or such other laws as may be applicable.

The Scheme shall hold at least 20% of their net assets in liquid assets. For this purpose, 'liquid assets' shall include Cash, Government Securities, T-bills and Repo on Government Securities.

The Scheme will comply with the SEBI Master circular dated May 19, 2023.

Portfolio Rebalancing in case of deviation from Asset Allocation Under Defensive Consideration

The asset allocation pattern indicated above may change from time to time, depending on liquidity considerations or on account of high levels of subscriptions or Repurchase / Redemptions relative to Scheme size, or upon various defensive considerations including market conditions, market opportunities, applicable regulations and political and economic factors. These proportions may vary substantially depending upon the perception of the AMC the intention being at all times to seek to protect the interests of the Unitholders. Such changes in the investment pattern will be for short term and only for defensive considerations. In the event of deviations from the above asset allocation table, the Fund Manager will carry out rebalancing within 30 Calendar Days in accordance to para-No. 2.9 of SEBI Master Circular No. SEBI /HO/IMD/ IMD-PoD-1 / P/ CIR / 2023/74 dated May 19, 2023. However, at all the times the portfolio will adhere to the overall investment objectives of the Scheme.

Portfolio Rebalancing in case of Passive Breach

Pursuant to para-No. 2.9 of SEBI Master Circular No. SEBI /HO/IMD/ IMD-PoD-1 / P/ CIR / 2023/74 dated May 19,2023 In the event of deviation from the above asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the rebalancing shall be done within 30 Business Days. In case the rebalancing is not done within 30 Business Days, then justification in writing including details of efforts taken to rebalance the portfolio shall be place before the Investment Committee. The Investment Committee, if so desires, can extend the timelines upto 60 Business Days from the date of completion of 30 Business Days rebalancing period.

In case the portfolio of scheme is not rebalanced within the aforementioned mandated plus extended timelines, the AMCs shall:

- i. not be permitted to launch any new scheme till the time the portfolio is rebalanced
- ii. not to levy exit load, if any, on the investors exiting from the scheme.

AMC shall report the deviation to Trustees at each stage. Further, in case the AUM of deviated portfolio is more than 10% of the AUM of main portfolio of scheme:

1. AMCs shall immediately disclose the same to the investors through SMS and email / letter including details of portfolio not rebalanced.
2. AMCs shall also immediately communicate to investors through SMS and email / letter when the portfolio is rebalanced.

AMCs shall also disclose any deviation from the mandated asset allocation to investors along with periodic portfolio disclosures as specified by SEBI from the date of lapse of mandated plus extended rebalancing timelines.

D. WHERE WILL THE SCHEME INVEST?

Subject to the Regulations and the disclosures as made under the Section “How the Scheme will allocate its Assets”, the corpus of the Scheme can be invested in any (but not exclusive) of the following securities / instruments:

The Scheme may invest in the following asset classes:

- (a) Debt and Money Market Instruments.

The fund would be invested in the following debt and money market instruments will include but not restricted to:

1. Commercial Papers
2. Certificate of Deposits
3. Treasury Bills
4. Securities issued by Central and State Government
5. Repos/reverse repos in securities issued by central government and state government securities
6. Securities guaranteed by the Central and State Government
7. Corporate Debt securities
8. Debt obligations of banks and financial institutions
9. Fixed Deposits issued by scheduled commercial banks
10. Bills of Exchange issued by scheduled commercial banks
11. Tri-Party Repo (TREPs)
12. Securitized debt instruments
13. MIBOR related instruments

14. Pass through, pay through or other participation certificates representing interest in a pool of assets
15. The non-convertible part of convertible securities
16. Usance, trade and commercial bills accepted/co-accepted by banks
17. Any international fixed income instrument as permitted by SEBI/RBI from time to time with highest rating in countries with fully convertible currencies
18. Investments in overseas mutual funds or unit trusts which invest in the permitted foreign debt securities or the permitted foreign government securities or which are rated and registered with overseas regulators
19. Derivative instruments like Interest rate swaps, forward rate agreements and such other derivative instruments as are permitted by SEBI/RBI.

The above list is not exhaustive and may include any other instrument as Mutual Fund may be permitted by SEBI/RBI/such other regulatory authority from time to time.

Investments may be in listed and unlisted instruments, through secondary market purchases, initial public offers (IPO's), other public offers, private placements, rights offers, negotiated deals etc., as may be permitted under SEBI Regulations.

Investments in corporate commercial papers, debentures and bonds will usually be in instruments which have been assigned investment grade ratings by an approved rating agency. The instruments may be rated/unrated or listed/unlisted.

Investments in unrated securities will be made subject to SEBI Regulations and with the prior approval of the Trustee and the Board of Directors of Quantum AMC and within the parameters laid down by the Board of Directors of the AMC & Trustee.

The Scheme may also enter into repurchase and reverse repurchase obligations in all securities held by it as per the guidelines and regulations applicable to such transactions.

The Scheme may invest a part of the portfolio in various debt securities issued by corporates and/or state and Central Government. Such government securities may include securities which are supported by the ability to borrow from the Treasury or supported only by India's sovereign guarantee or of the state government or supported by GOI/State Government in some other way.

If the Scheme decides to invest in securitised debt, such investments will not exceed 40% of the corpus of the scheme. In case of investments in mortgaged backed securities, it shall be ensured that these securities have a credit rating of not below the investment grade and represent investments in real estate mortgages and not directly in real estates.

If the Scheme invests in foreign debt securities, it shall ensure that such investments are made in rated securities in countries with fully convertible currencies, with highest rating (foreign currency credit rating) by accredited/registered credit rating agencies, say A-1/AAA by Standard & Poor, P-1/AAA by Moody's, F-1/AAA by Fitch, IBCA etc. subject to the limits as permitted under law from time to time. The Scheme may also invest in Government Securities where the countries are AAA rated. If the Scheme decides to invest in Units/securities issued by overseas mutual funds or unit trusts it shall be ensured that the Scheme invests only in those Units/securities issued by overseas mutual funds or unit trusts which invest in the aforesaid foreign debt securities or are rated as mentioned above and are registered with overseas regulators. Such investments in foreign debt securities and Units/securities issued by overseas mutual funds or unit trusts in the aggregate will not, exceed 10% of the assets of the Scheme and shall be subject to limits prescribed under the SEBI Regulations as mentioned in under the head "Policy on Investment in Foreign Securities".

Transfer of investments from one Scheme to another Scheme in the Mutual Fund shall be allowed Pursuant to para No.12.30 of SEBI Master Circular No. SEBI /HO/IMD/ IMD-PoD-1 / P/ CIR / 2023/74 dated May 19, 2023. Also Pursuant

to para-No. 9.11 of SEBI Master Circular No. SEBI /HO/IMD/ IMD-PoD-1 / P/ CIR / 2023/74 dated May 19, 2023, has prescribed the methodology for determination of price to be considered for inter scheme transfers.

Investment in Corporate Debt Market Development Fund

As per the requirement of regulation 43A of SEBI (Mutual Funds) Regulations, 1996, SEBI circular no. SEBI/HO/IMD/PoD2/P/CIR/2023/128 dated July 27, 2023 on framework for Corporate Debt Market Development Fund and SEBI circular no. SEBI/HO/IMD/PoD2/P/CIR/2023/129 dated July 27, 2023 on investment by mutual fund schemes and Asset Management Companies (AMCs) in units of Corporate Debt Market Development Fund (“CDMDF”), the Scheme and Quantum Asset Management Company Private Limited (‘the AMC’) shall invest such percentage of net assets in the units of the CDMDF.

CDMDF is set up as a scheme of the Trust registered as an Alternative Investment Fund (‘AIF’) in accordance with the SEBI (Alternative Investment Funds) Regulations, 2012 (“AIF Regulations”). The objective of the CDMDF is to help to develop the corporate debt market by providing backstop facility at the time of market dislocation to benefit the wider corporate debt market. The primary motive to set up a back stop facility is to instill confidence amongst the participants in the corporate debt/bond market during times of market dislocation and to enhance the secondary market liquidity. Further, in times of market dislocation, the Scheme shall have access to sell corporate debt securities held in the portfolio and CDMDF shall purchase listed corporate debt securities from the Scheme. The trigger and period for which the backstop facility will be open shall be as decided by SEBI.

In accordance with the requirement of regulation 43A of SEBI (Mutual Funds) Regulations, 1996 read with SEBI circular no. SEBI/HO/IMD/PoD2/P/CIR/2023/129 dated July 27, 2023 on investment by Mutual Fund Schemes and AMCs in units of Corporate Debt Market Development Fund (‘CDMDF’), scheme shall invest 25 bps of its AUM of the Scheme. Further, an incremental contribution to CDMDF shall be made every six months to ensure 25 bps of scheme AUM is invested in units of CDMDF. However, if AUM decreases there shall be no return or redemption from CDMDF. Contribution made to CDMDF, including the appreciations on the same, if any, shall be locked-in till winding up of the CDMDF. However, in case of winding up of contributing Scheme, inter-scheme transfers within the same Mutual Fund or across Mutual Funds may be undertaken.’

- a) The CDMDF shall deal only in following securities during normal times:
 - Low duration Government Securities
 - Treasury bills
 - Tri-party Repo on G-sec
 - Guaranteed corporate bond repo with maturity not exceeding 7 days
- b) Corporate debt securities to be bought by CDMDF during market dislocation include listed money market instruments. The long-term rating of issuers shall be considered for the money market instruments. However, if there is no long-term rating available for the same issuer, then based on credit rating mapping of CRAs between short term and long term ratings, the most conservative long term rating shall be taken for a given short term rating.
- c) CDMDF shall follow the Fair Pricing document, while purchase of corporate debt securities during market dislocation as specified in SEBI circular no. SEBI/HO/IMD/PoD2/P/CIR/2023/128 dated July 27, 2023 and circulars / guidelines/ letters issued by SEBI and AMFI from time to time
- d) CDMDF shall follow the loss waterfall accounting and guidelines w.r.t. purchase allocation and trade settlement of corporate debt securities bought by CDMDF, specified in SEBI circular no. SEBI/HO/IMD/PoD2/P/CIR/2023/128 dated July 27, 2023 and circulars / guidelines/ Letters issued by SEBI and AMFI from time to time.

GUIDELINES FOR INVESTMENTS IN SECURITIZED DEBT:-

1. Rationale for investment in securitised debt and how the risk profile of securitised debt fits into the risk appetite of the Schemes

Based on the investment objective of Quantum Liquid Fund, the investment strategy is aligned to provide high liquidity, safety of capital and optimal returns.

Investments in securitized debt may not be highly liquid, but investment in good asset pools do offer exposure to high quality, diversified credit exposures with an opportunity of higher yield to the overall portfolio.

Investments in securitized debt would thus fit into the risk profile of the fund, if judiciously chosen and aligned with asset/liability profile of the fund. The fund would invest in securitized of maturity with 91 days or less.

2. Policy relating to originators based on the nature of the originator, track record, NPAs, losses in earlier securitized debt, etc

The fund management would look into the following parameters before selecting a securitized debt structure for investment. The team would also prepare a credit note highlighting the same.

- Any exposure to a securitized debt would be only of an originator who is on the approved list of investments.
- Originator business profile, management, origination process
- Track record of asset quality of originator, track record of previous securitized portfolios, collection efficiency, cash collateral and utilization.
- Review of the proposed pool initially on pool characteristics with respect to asset quality, seasoning, collaterals, liquidity provisions and risk mitigation and on an on-going basis to assess pool performance and likely default scenarios.
- Rating rationales and discussion with rating agencies on pool specifics

3. Risk mitigation strategies for investments with each kind of originator

The fund would invest in securitized debt of only those originators who have been approved from a credit exposure perspective by the Investment Committee.

- Investments would be made only in the top rated pool – the pool which has rating equivalent of ‘highest safety with regards to payment of interest and principal’
- Investments in a single pool would not be more than 5% of net assets of the scheme.
- Overall investments in an originator (direct investments and securitized assets) would be capped at 25% of net assets.
- On an aggregate basis, the scheme would not invest more than 40% of its net assets in securitized debt.

4. The level of diversification with respect to the underlying assets, and risk mitigation measures for less diversified investments / Minimum retention period of the debt by originator prior to securitization / Minimum retention percentage by originator of debts to be securitized

Since the Quantum Liquid fund invests in only short term assets of upto 91 days in maturity, the investments in securitized debt would also be for a similar maturity. Thus, we envisage that majority of investments would be in Interest only Strips of various assets classes of 91 days and less maturity, shorter tenor securitized debt and/or investments in securitized debt structures of corporate (Single loan sell downs)

For investments in Asset backed Security and unsecured pools, we have the following criteria

| Pool Characteristics | Commercial Vehicle/ Construction Equipment | Car Loans | 2 Wheeler Loans | Personal Loans/ Micro Finance |
|----------------------------------------------------------------|--------------------------------------------|--------------|-----------------|-----------------------------------------------|
| Approximate Average Maturity of the pool | 12-60 months | 12-60 months | 12-60 months | Weeks to 3 years |
| Minimum Cash Collateral required for investment (all included) | 5% | 4% | 5% | 6-9% depending on the nature of pool |
| Max Loan to Value of the pool | 90% | 95% | 90% | Un secured |
| Minimum Seasoning/ Retention required | 3-6 months | 3-6 months | 3-6 months | At least a third of the average pool maturity |
| Maximum Single Loan Exposure | 5% | 5% | 5% | 3% |

For investments in single loan sell downs, it is akin to an investment in any other instrument of the borrower/originator. The usual approach of rigorous proprietary research along with rating outlooks would be utilized before taking exposure to Single loan sell down structures.

The minimum retention is however also subject to RBI guidelines.

5. The mechanism to tackle conflict of interest when the mutual fund invests in securitized debt of an originator and the originator in turn makes investments in that particular scheme of the fund

Investments made by the fund in a securitized structure would be based only on the guidelines and investment philosophy as laid above and in general as followed by the fund management team. Every investment is made with objectives which are consistent with the intended risk/reward profile of the fund. At no point, would investment decisions be guided by reciprocal arrangements of investments into the schemes managed by the fund house.

If an originator, in whose securitized debt the fund schemes have invested, invests into those schemes, the fund house undertakes to make relevant disclosures as required by any policy as stated by SEBI from time to time.

6. In general, the resources and mechanism of individual risk assessment with the AMC for monitoring investment in securitized debt

The credit research analyst along with the assistance of the fund manager would track the pool performance on an ongoing basis. Relevant investor disclosures made by the servicer / trust would be used to monitor performance. Periodic updates by rating agencies and discussion with their analysts would also help monitor the performance of the instrument and mitigate risks affecting the fund performance.

Investors may please note that the above laid down guideline is based on internal investment policy and this may change from time to time based on changes in market conditions, regulatory changes, change in scheme investment objective and on other relevant factors.

E. WHAT ARE THE INVESTMENT STRATEGIES?

Investment Strategy:

The primary investment objective of the Scheme is to provide optimal returns with low to moderate levels of risk and high liquidity through judicious investments in money market and debt instruments.

The fund management team would endeavor to maintain consistent performance in the Scheme by balancing yields and safety as well as maintaining high liquidity.

Various risks carried by debt investments such as Interest Rate Risk, Liquidity Risk, default Risk, etc. cannot be eliminated, but can be minimized by diversification and hedging.

The fund management team has a Dynamic Model in place to balance and minimize the various risks in the debt markets.

The fund management team would actively track the local interest rate markets as well as the developments in global markets and accordingly rebalance the portfolio of the Scheme.

The investment objective would be achieved in the following order of priority:

- **Legality & compliance** – Ensuring that the portfolio is at all times completely compliant with all rules and regulations – internal and external.
- **Portfolio Liquidity** – Ensuring that the Portfolio can be liquidated at minimal impact cost to the investors.
- **Capital Preservation** – Ensuring that the investments are made in a manner to minimize market risks and choosing securities which have low default / Downgrade risk.
- **Yield and Return Enhancement** – After meeting the above objectives, the rigorous and in-depth research and analysis of the macro economic situation and fixed income markets should provide for timely investment opportunities which enhance the total returns for an investor – on a risk adjusted basis.

The overall Investment strategy revolves around the above laid down Investment Objectives as investors in a Liquid Fund seek optimal deployment of their surplus funds. Although the investment pattern for the scheme is for short term instruments, the research and analysis on the macro economy situation is carried out for short term as well as for a more structural and longer term horizon – so as to ensure that the portfolio investments are well positioned for all eventual and likely scenarios.

Thus, this dynamic combination of a rigorous top down macro economy and fixed income research and emphasis on Portfolio liquidity and capital preservation is expected to offer risk adjusted returns.

INVESTMENT PROCESS AND RECORDING OF INVESTMENT DECISIONS

INVESTMENT PROCESS

The fund management process is Committee driven. The Investment Committee has been constituted comprising of Managing Director & Chief Executive Officer, Chief Investment Officer, Fund Managers, Head of Compliance, Head of Operations and Risk Officer.

The Committee would oversee and review the investment process on an ongoing basis. All the statutory regulations including the SEBI & RBI Act, Regulations, guidelines and circulars issued from time to time would be adhered to. The investment decisions of the Scheme will be carried out by the Designated Fund Manager.

The performance of the Scheme would be periodically reviewed by the Board of Directors of the AMC & the Trustee.

A comprehensive Investment & Risk Policy and Procedures for investment in Fixed Income instruments has been put in place which governs the Investment Process. The Investment process is systematic, disciplined and research driven.

The investment decisions of the Scheme will be carried out by the Designated Fund Manager.

The Investment process is systematic, disciplined and research driven.

All the investment decisions are arrived at after using a well-researched Top-Down approach carried out by the Fund Manager- Fixed Income. Investments in unrated instruments will be made with prior approval of the Board of AMC and Trustee.

Compliance of the scheme objectives and various risk and regulatory aspects are the building blocks of the process.

The research process combines the macro factors (broad economy) and micro factors (security level) for investment decisions. A brief description of the Top Down approach is as follows:

PORTFOLIO CONSTRUCTION:

The fund follows a top down (Macro → Micro) approach to build its portfolio. The fund management team takes a view on the direction of interest rates on the basis of its analysis of long term factors and on the choice of security based on its micro analysis.

Thus the macro and micro investment analysis leads to an efficient portfolio with regard to the following aspects:

- Maturity profile
- Credit quality
- Spread differential to its benchmark
- Liquidity
- Holding period
- Risk Profile (Average Maturity, Modified Duration)

RISK CONTROL / RISK MANAGEMENT STRATEGY

Risk is an important part of the investment functions. Effective Risk Management is critical to Fund Management for achieving financial goals. Investments made by the Scheme shall be made in accordance with Investment Objective of the Scheme and provisions of SEBI (Mutual Funds) Regulations.

The Fund has identified the following Risks and designed Risk Management Strategies which is the part of the Investment Process to manage such risks.

| Types of Risk | Risk Management Strategies |
|-----------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Interest Rate Risk | <p>Measured through Average Maturity Duration / Portfolio Sensitivity to interest rate changes.</p> <p>The investment is made only in shorter tenor instruments (< 91 days) and has low duration and is thus exposed to lower market risks.</p> |
| Credit and Default Risk | <p>Measured through Portfolio credit quality.</p> <p>The Scheme is mandated to invest a minimum of up to 80% in instruments with the highest credit rating as given by a SEBI registered credit rating agency which helps maintain good portfolio quality.</p> |
| Liquidity Risk | <p>Measured through Trading Data / Portfolio Liquidity Report.</p> <p>The Scheme caps the illiquid assets as a % of portfolio to ensure that the fund remains liquid to meet redemptions.</p> |
| Mismatch Risk / ALM (Asset Liability mismatch) Risk (Investor horizon and asset maturity mismatch) | <p>Measured through ALM Report.</p> <p>The scheme shall hold minimum 20% of Net assets in 'liquid assets' like cash, Treps, government securities etc. in accordance with SEBI Guidelines.</p> <p>The Fund has a well laid down ALM and Liquidity Risk Management policy which ensures that the portfolio holds sufficient liquid assets to meet potential redemption at any given point of time.</p> |

RECORDING OF INVESTMENT DECISIONS

The Fund Manager for the Scheme is responsible for making buy/sell decisions in respect of the securities. The investment decisions are made on a daily basis keeping in view inflows/outflows into the scheme, the market conditions, research reports and all other relevant aspects.

The Managing Director & Chief Executive Officer is not involved in the investment decision making process.

Record of all investment decisions will be maintained with justifications for the same as required under the regulations.

It is the responsibility of the AMC to ensure that the investments are made as per the internal / Regulatory guidelines, Scheme's investment objective and in the best interest of the Unit holders of the Scheme.

All investment decisions shall be recorded in terms of pursuant to para-No 12.23 of SEBI Master Circular No. SEBI /HO/IMD/ IMD-PoD-1 / P/ CIR / 2023/74 dated May 19, 2023 or as may be revised by SEBI from time to time.

PORTFOLIO TURNOVER

Portfolio turnover in the Scheme will be a function of market opportunities. The economic environment changes on a continuous basis and exposes debt portfolio to systematic as well as non-systematic risk. The Scheme being an open-ended Scheme, it is expected that there would be a number of subscriptions and redemptions on a daily basis. Consequently, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio. The Investment Manager will endeavour to optimize portfolio turnover to optimize risk adjusted return keeping in mind the cost associated with it. A high portfolio turnover rate is not necessarily a drag on portfolio performance and may be representative of arbitrage opportunities that exist for scrips/securities held in the portfolio rather than an indication of a change in AMC's view on a security, etc.

The fund management Team would strive to keep the portfolio turnover at lower levels, but would take advantage of trading opportunities in the markets.

PERFORMANCE MEASUREMENT AND REPORTING

The Investment Committee of the AMC at its regular meeting shall review performance of the Scheme, compliance of the various investment restrictions and compliance with the investment objectives stipulated in the Scheme Information Document and all other applicable SEBI Regulations. The AMC and Trustees shall also review the performance of the scheme at their periodical Board Meetings. The performance would be compared with the performance of the Benchmark and with peer group in the industry.

The MD & CEO/Fund Manager will make presentations to the Board of the AMC and the Trustees periodically, indicating the performance of the Scheme. The Board of AMC and Trustee will review the performance of the Scheme in comparison to the benchmark.

The MD & CEO / Fund Manager will bring to the notice of the AMC Board, specific factors if any, which are impacting the performance of the Scheme. The Board on consideration of all relevant factors may, if necessary, give appropriate directions to the AMC. Similarly, the performance of the Scheme will be submitted to the Trustees. The MD & CEO/Fund Manager will explain to the Trustees, the details on the Schemes' performance vis-à-vis the benchmark returns. The Trustees and the AMC Board may also review the performance of the schemes vis-à-vis the benchmark and may take corrective action in case of unsatisfactory performance.

The Portfolio Turnover Ratio for last one year: Not Applicable

INVESTMENT BY AMC IN THE SCHEME

The AMC may invest in the Scheme at any time during the continuous offer period subject to the SEBI Regulations & circulars issued by SEBI and to the extent permitted by its Board of Directors from time to time. As per the existing SEBI Regulations, the AMC will not charge investment management and advisory fee on the investment made by it in the Scheme.

Further, the AMC shall, based on the risk value assigned to the scheme, invest minimum amount as a percentage of assets under management of the scheme, pursuant to para-No. 6.9.2 of SEBI Master Circular No. SEBI /HO/IMD/ IMD-PoD-1 / P/ CIR / 2023/74 dated May 19,2023.

INVESTMENTS BY THE AMC IN CORPORATE DEBT MARKET DEVELOPMENT FUND

Pursuant to regulation 43A of SEBI (Mutual Funds) Regulations, 1996 and SEBI circular no. SEBI/HO/IMD/PoD2/P/CIR/2023/129 dated July 27, 2023 on investment by Mutual Fund Schemes and AMCs in units of Corporate Debt Market Development Fund ('CDMDF'), AMC shall make a one-time contribution equivalent to 2 bps of the AUM of the Scheme in the units of the CDMDF. Contribution made to CDMDF, including the appreciations on the same, if any, shall be locked-in till winding up of the CDMDF.

F. FUNDAMENTAL ATTRIBUTES

Following are the Fundamental Attributes of the scheme, in terms of Regulation 18 (15A) of the SEBI (Mutual Funds) Regulations:

(i) Type of a scheme

An Open Ended Liquid Scheme. A relatively low interest rate risk and low credit risk.

(ii) Investment Objective

(a) Main Objective –

The primary investment objective of the Scheme is to provide optimal returns with low to moderate levels of risk and high liquidity through judicious investments in money market and debt instruments. However, there is no assurance that the investment objective of the Scheme will be achieved.

(b) Investment pattern –

The Debt/Money Market, any other short term debt instruments having maximum repricing tenor of 91 days in maturity as stated in asset allocation above while retaining the option to alter the asset allocation for a short term period on defensive consideration.

(iii) Terms of Issue

(a) Liquidity provisions such as listing, repurchase, redemption.

The Scheme is open ended Liquid Scheme under which Sale and Repurchase of Units will be made on continuous basis by the Mutual Fund, the Units of the Scheme are not proposed to be listed on any stock exchange. However, the Mutual Fund may at its sole discretion list the Units of the Scheme on one or more stock exchanges at a later date. The procedure for repurchase/Redemption is as set out in the repurchase/ Redemption of Units in Section III B of this SID.

(b) Aggregate fees and expenses charged to the scheme.

Aggregate fees and expenses charged to the Scheme are set out in Section IV, Paragraph B which is as permitted by the SEBI Regulations.

(c) The Scheme is not a guaranteed or assured return scheme and hence no safety net or guarantee is provided.

In accordance with Regulation 18(15A) of the Regulations, the Trustees shall ensure that no change in the fundamental attributes of the Scheme(s) and the Plan(s) / option(s) thereunder or the trust or fee and expenses

payable or any other change which would modify the Scheme(s) and the Plan(s) / option(s) thereunder and affect the interests of Unit Holders is carried out unless:

- SEBI has reviewed and provided its comments on the proposal.
- A written communication about the proposed change is sent to each Unit Holder and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated; and
- The Unit Holders are given an option for a period of 30 (thirty) days to exit at the prevailing NAV without any Exit Load.

The Trustee shall take comments from SEBI for bringing change in the fundamental attributes of the Scheme.

Fundamental attributes will not cover such actions of the Trustee of the Fund or the Board of Directors of the AMC, made in order to conduct the business of the Trust, the Scheme or the AMC, where such business is in nature of discharging the duties and responsibilities with which they have been charged. Nor will it include changes to the Scheme made in order to comply with changes in Regulation with which the Scheme has been required to comply.

G. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The Tier I Benchmark Index for the Scheme is the CRISIL Liquid Debt A-I Index that falls under cell AI (A relatively low interest rate risk and relatively low credit Risk) of Potential Risk Class Metrix. Performance comparisons for the Scheme will be made vis-à-vis the Benchmark.

The CRISIL Liquid Debt A-I Index is an index comprising of AAA rated money market debt instruments, the CRISIL Liquid Debt A-I Index would be an appropriate benchmark.

H. WHO MANAGES THE SCHEME?

| Name/Age of the Fund Manager | Educational Qualifications | Tenure of managing the Scheme | Brief Experience | Other Schemes Managed |
|-------------------------------------------|--------------------------------------------------|-------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------|

6. Investment limits as mentioned in point no. 1 shall not be applicable on investments in securitized debt instruments, as defined in SEBI (Public Offer and Listing of Securitized Debt Instruments) Regulations 2008. Investment in debt instruments, having credit enhancements backed by equity shares directly or indirectly, shall have a minimum cover of 4 times considering the market value of such shares.
7. The Scheme may invest in another scheme under the same AMC or any other mutual fund without charging any fees, provided that aggregate inter-scheme investment made by all schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the Fund.
8. The Scheme shall not make any investment in a Fund of Funds Scheme.
9. The Trustee/Scheme shall take delivery of securities purchased and give delivery in case of securities sold and in no case shall engage in short selling or carry forward transactions provided that the Fund shall enter into derivatives transactions in a recognised stock exchange for the purpose of hedging in accordance with the guidelines issued by SEBI.
10. The Fund shall get the securities purchased/ transferred in the name of the Fund on account of the concerned scheme, wherever the instruments are intended to be of long term nature.
11. The Scheme shall not make any investment in:
 - a. any unlisted security of any associate or group company of the Sponsor; or
 - b. any security issued by way of private placement by an associate or group company of the sponsor; or
 - c. the listed securities of group companies of the Sponsor which is in excess of 25% of the net assets.
12. The Fund may lend securities in accordance with "Guidelines for Participation by Mutual Funds in Stock Lending" issued by SEBI or any amendments thereto.
13. The Scheme will have a maximum exposure to Foreign Debt Securities of 20% of the average AUM of the previous three calendar months subject to a limit a maximum of US \$600 million or such other limit prescribed by SEBI Regulation.
14. The scheme shall not invest in securities of a particular sector in excess of 20% of net assets of the Scheme as per sectoral classification prescribed by AMFI. Further an additional investment to Financial services sector (over and above the limit of 20%) not exceeding 10% of the net assets of the scheme shall be allowed by way of increase in exposure to Housing Finance Companies (HFCs registered with National Housing Bank). An additional exposure of 5% of the net asset of the scheme in securitized debt instruments based on retail housing loan portfolio and / or affordable housing loan portfolio. However, the overall exposure in HFCs shall not exceed the sector exposure limit of 20% of the net assets of the scheme.

Further provided that the above sectoral limit is not applicable for:

- AAA rated instruments of PSU Banks and AAA rated instruments of Public Financial Institutions (PFIs).
- Tri-Party Repo
- Bank Certificate of Deposits
- Government of India securities
- Treasury Bills.

- 15.** The total exposure of the Scheme in a Group (excluding investments in securities issued by Public Sector Units, Public Financial Institutions and Public Sector Banks) shall not exceed 20% of the net assets of the Scheme. Such investment limit may be extended to 25% of the net assets of the Scheme with the prior approval of the Board of Trustees.

The investments by a scheme in debt and money market instruments of group companies of both the Sponsor and the asset management company shall not exceed 10% of the net assets of the scheme. Such limit may be extended to 15% of the net asset of the scheme with the prior approval of the Board of Trustees.

- 16.** The Scheme shall hold at least 20% of their net assets in liquid assets. For this purpose, 'liquid assets' shall include Cash, Government Securities, T-bills and Repo on Government Securities.
- 17.** The Scheme shall not invest more than 10% of its NAV in Instruments having Special Features viz. subordination to equity (absorbs losses before equity capital) and /or convertible to equity upon trigger of a pre-specified event for loss absorption.
- 18.** Scheme shall not invest more than 5% of its NAV in Instruments having Special Features viz. subordination to equity (absorbs losses before equity capital) and /or convertible to equity upon trigger of a pre-specified event for loss absorption issued by a single issuer.

All the above investment restrictions shall be applicable at the time of making the investment.

The AMC may alter these above stated restrictions from time to time to the extent the SEBI Regulations change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its respective investment objective. The Trustee may from time to time alter these restrictions in conformity with the SEBI Regulations.

Payout of Income Distribution cum Capital Withdrawal (IDCW) Facility; and b. Reinvestment of Income Distribution cum Capital Withdrawal (IDCW) Facility.</p> <p>(a) Growth Option</p> <p>The Income will not be declared & Distributed under this Option. The income attributable to Units under this Option will continue to remain invested and will be reflected in the Net Asset Value of Units under this Option.</p> <p>(b) Monthly Income Distribution cum Capital Withdrawal Option</p> <p>In the Monthly Income Distribution cum Capital Withdrawal Option, the fund will endeavour to declare regular Income Distribution on a monthly basis.</p> <p>Monthly Income Distribution cum Capital Withdrawal option has two facilities namely Monthly Payout of Income Distribution cum capital withdrawal Facility; and Monthly Reinvestment of Income Distribution cum capital withdrawal Facility.</p> <p>Income will be declared on every 25th of the month or on the next Business Day if 25th of the month is not a Business Day. The Income declared will be paid to the Unitholders within 7 working days from the declaration of the Income. If the Income Distribution payable to the Unitholder under the Payout of Income Distribution cum Capital Withdrawal Facility is less than or equal to Rs. 500/-, then the Income Distributed will be compulsorily reinvested in the same Facility.</p> <p>Income will be distributed from the available distributable surplus after the deduction of TDS and applicable surcharge, if any.</p> |

(c) Daily Reinvestment of Income Distribution cum Capital Withdrawal (IDCW) Option

In the Daily Reinvestment of Income Distribution cum Capital Withdrawal Option, the Fund will endeavour to declare regular Income Distribution on a daily basis. The Income declared under this Option would be re-invested to the credit of the Unitholder's account at the ex-Dividend NAV by way of additional Units of the Scheme and no payout of Income will take place.

The Income so reinvested shall be constructive payment of Income Distributed to Unitholders and constructive receipt of the same amount from each Unitholder for reinvestment in Units.

The amount of Income re-invested will be net of tax deducted at source, wherever applicable. On reinvestment of Income, the number of Units to the credit of Unitholder will increase to the extent of the Income Distribution reinvested based on the Applicable NAV as explained above. Please note that the Income is subject to availability of distributable surplus, if any. There is no assurance or guarantee to Unitholders as to the rate of Income distribution nor that the Income will be regularly paid, though it is the intention of the Mutual Fund to make regular Income distribution under this Option.

Note: Investors should indicate the Option for which the subscription is made by indicating the choice in the appropriate box provided for this purpose in the Application Form. ^ Investor Education and Awareness initiatives

Pursuant to para-No. 10.1.16 of SEBI Master Circular No. SEBI /HO/IMD/ IMD-PoD-1 / P/ CIR / 2023/74 dated May 19,2023, the AMC shall annually set apart at least 2 basis points p.a. (i.e. 0.02% p.a.) on daily net assets of the Scheme within the limits of total expenses prescribed under Regulation 52 of SEBI (MF) Regulations for investor education and awareness initiatives undertaken by the Fund.

Regular Plan expense ratio will be higher of upto 0.15% or such other higher percentage as may be decided from time to time inclusive of Statutory Levies and Applicable Taxes (if any) in comparison of Direct Plan expense ratio within the Total Expense Ratio limit, wherein distributor commission for distribution of units will be paid / charged under the Regular Plan.

All fees and expenses charge under the direct plan (in percentage terms) under various heads including the investments and advisory fee shall not exceed the fees and expenses charged under such heads in the regular plan.

Goods and Services Tax and Statutory Levies, if any on Investment Advisory fees will be charged to scheme within the overall limit of expense as permitted under the SEBI Regulations.

Brokerage and transaction cost incurred for the purpose of execution of trade will be expensed out in the scheme to the extent of 0.12% for cash market transactions. Brokerage and transaction costs exceeding of 0.12% for cash market transactions if any may be charged to the scheme within the maximum limit of TER as prescribed under regulation 52 of the Regulations.

No other additional expenses which are allowed to charge in terms of SEBI Regulations 52 (6A), (b) & (c) shall be charged to the Scheme.

The AMC has estimated that the above expense will be charged to the Scheme as permitted under Regulation 52 of SEBI (Mutual Funds) Regulations, 1996. For actual current expense being charged, the investor should refer to the website of the Mutual Fund viz. www.QuantumAMC.com. The Fund would update the current expense ratio of the scheme on the website at least three working days prior to the effective date of the change. Investor can refer <https://www.quantumamc.com/regulatory-document#headingSix> for total expense ratio details. Investor can refer <https://www.quantumamc.com/total-expense-ratio/report-1> for total expense ratio details. Additionally, the Fund will disclose the Total Expense Ratio (TER) of the Scheme on daily basis on the website of AMFI (www.amfiindia.com).

As per Regulation 52(6)(c) of SEBI (MF) Regulations, the total expenses of the Scheme, including Investment Management and Advisory Fees shall be subject to following limits as specified below:

| Asset Under Management Slab | Total Expense Ratio % limits |
|------------------------------------------------------|------------------------------------------------------------------------------------------------------------------|
| On the first Rs.500 Crores of the daily net assets | 2.00 |
| On the next Rs.250 Crores of the daily net assets | 1.75 |
| On the next Rs.1,250 Crores of the daily net assets | 1.50 |
| On the next Rs.3,000Crores of the daily net assets | 1.35 |
| On the next Rs.5,000 Crores of the daily net assets | 1.25 |
| On the next Rs.40,000 Crores of the daily net assets | Total expense ratio reduction of 0.05% for every increase of Rs.5,000 Crores of daily net assets or part thereof |
| On balance of the assets | 0.80 |

The maximum recurring expenses of the Scheme, including the investment management and advisory fee, together with additional expenses if any, shall not exceed the limits prescribed under Regulation 52 of the SEBI (Mutual Funds) Regulations 1996 read with the SEBI Master circular dated May 19,2023.

ILLUSTRATION OF IMPACT OF EXPENSE RATIO ON SCHEME'S RETURN:

| Particular | Regular Plan | Direct Plan |
|------------------------------------------------------------------------------------------|--------------|-------------|
| Opening NAV at the beginning of the year (Rs.) (a) | 100 | 100 |
| Closing NAV before charging expense at the end of the year (b) | 112 | 112 |
| Scheme's gross returns for the year | 12% | 12% |
| Expense Charged during the year (other than Distribution Expenses/ Commission) (Rs.) (c) | 1 | 1 |
| Distribution Expenses/ Commission charged during the year (Rs.) (d) | 0.15 | 0 |
| NAV after charging expense (b-c-d) | 110.85 | 111 |
| Net Return to the Investor | 10.85% | 11% |
