Type of Scheme	<p>An Open Ended Scheme Replicating / Tracking Gold.</p> <p>Quantum Gold Fund is an Open Ended Scheme listed on National Stock Exchange in the form of an Exchange Traded Fund (ETF) Replicating / Tracking domestic prices of gold through investments in physical Gold.</p>
Category of Scheme	Exchange Traded Fund
Scheme Code	QTMM/O/D/GET/07/12/0003
Investment objective	The Investment Objective of the Scheme is to generate returns that are in line with the performance of gold and gold related instruments subject to tracking errors. However, investment in gold related instruments will be made if and when SEBI permits mutual funds to invest, in gold related instruments. The Scheme is designed to provide returns that before expenses, closely correspond to the returns provided by gold.
Liquidity	<p>The units of the Scheme can be bought / sold like any other stock on the National Stock Exchange of India Limited (NSE) on all the trading days of the stock exchange.</p> <p>The Market Maker and Eligible Investors can directly buy / sell units with the Fund in Creation Unit Size at Intra Day NAV based prices on all the Business Days.</p> <p>The AMC shall appoint at least two Market Makers (MMs), who are members of any Exchange recognized and regulated by SEBI or such other persons as permitted by SEBI to act as Market Makers, to provide continuous liquidity on the stock exchange where the units of ETF are listed. The list of Market Makers will be available on the website of the Fund www.QuantumAMC.com.</p>
Benchmark	Domestic Price of Physical Gold.
Transparency/NAV Disclosure	<p>As per SEBI Mutual Fund regulations NAV shall be calculated and disclosed on every Business Day the NAV under separate head on the website of the Fund www.QuantumAMC.com and on the website of Association of Mutual Funds in India www.amfiindia.com by 11.00 p.m. on every Business Days.</p> <p>Indicative NAV (iNAV) shall be disclosed on a continuous basis of the stock exchange(s), where the units of the scheme are listed and traded. The iNAV shall be updated based on the latest available data for Gold. Accordingly, iNAV disclosed may either be static or dynamic depending upon the availability of the underlying price of Domestic Gold.</p> <p>Investors may obtain latest NAV through SMS by a specific request to the AMC.</p>
Monthly / Half Yearly Portfolio Disclosure	<p>The Fund will disclose portfolio (along with ISIN) in user friendly & downloadable spreadsheet format, as on the last day of the month / half year for the scheme on its website www.QuantumAMC.com & on the website of AMFI www.amfiindia.com within 10 days from the close of each month / half year.</p> <p>In case of unitholders whose email addresses are registered, the Fund will send via email both the monthly and half yearly statement of scheme portfolio within 10 days from the close of each month / half year respectively.</p>

	<p>The Fund will publish an advertisement every half-year in the all India edition of at least two daily newspapers, one each in English & Hindi, disclosing the hosting of the half yearly statement of the scheme's portfolio on the AMC's website www.QuantumAMC.com & on the website of AMFI www.amfiindia.com. The Fund will provide physical copy of the statement of scheme portfolio without any cost, on specific request received from a unitholders.</p>
Half Yearly Results	<p>The Fund shall within one month from the close of each half year, (i.e. March 31 and on September 30), host a soft copy of its unaudited financial results on its website (www.QuantumAMC.com). Further, the Fund shall publish an advertisement disclosing the hosting of such unaudited half yearly financial results on their website, in at least one national English daily newspaper having nationwide circulation and in newspaper having wide circulation published in the language of the region where the Head Office of the Mutual Fund is situated.</p>
Load Structure	<p>Entry Load : Not Applicable</p> <p>Pursuant to para-No. 10.4.1 of SEBI Master Circular No. SEBI /HO/IMD/ IMD-PoD-1 / P/ CIR / 2023/74 dated May 19,2023 there will be no entry load charged to the schemes of the Mutual Fund.</p> <p>Quantum Mutual Fund does not charge Entry Load since inception.</p> <p>Exit Load: Nil</p>
Cash Investments	<p>Pursuant to para-No. 16.7 of SEBI Master Circular No. SEBI /HO/IMD/ IMD-PoD-1 / P/ CIR / 2023/74 dated May 19,2023 it is permitted to accept cash transactions to the extent of Rs. 50,000/- subject to compliance with Prevention of Money Laundering Act, 2002 and Rules framed there under and the SEBI Circular(s) on Anti Money Laundering (AML) and other applicable AML rules, regulations and guidelines.</p> <p>The Asset Management Company is presently evaluating systems and controls and is in discussions with bank(s) to accept Cash Investment in the Scheme. The information will be provided to investors in this regard as and when such facility will be available.</p>
Option / Plan	<p>The Scheme offers one option - Growth Option</p>
Minimum Application Amount / No. of units	<p>Directly with Fund: Market Makers / Eligible Investors can create / redeem in exchange of Portfolio Deposit and Cash Component in creation unit size at the Intra -Day NAV based Price.</p> <p>On the Exchange: Approx equal to price of 0.01 gram of Gold quoted on the NSE. On NSE, the units can be purchased / sold in minimum lot of 1 unit and in multiples therefore.</p>

A. RISK FACTORS

Standard Risk Factors:

- Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price/value/interest rates of the gold / securities in which the scheme invests fluctuates, the value of your investment in the scheme may go up or down depending on the various factors and forces affecting the capital markets and money markets.
- Past Performance of Sponsor / AMC / Mutual Fund does not guarantee future performance of the Scheme.
- The name of the scheme does not in any manner indicate either the quality of the scheme or its future prospects and returns. Investors are therefore urged to study the terms of offer carefully and consult their Investment Advisor before they invest in the Scheme.
- The Sponsor is not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of Rs. 1,00,000/- (Rupees One Lac only) made by it towards setting up the Fund.
- The Present scheme is not a guaranteed or assured returns scheme.

Scheme Specific Risk Factors:

The Scheme is subject to the principal risks described below. Some or all of these risks may adversely affect Scheme's NAV, trading price, yield, total returns and / or its ability to meet its objectives.

The Scheme's NAV will react to the Gold price movements. The investor may lose money over short or long period due to fluctuation in scheme's NAV in response to factors such as economic and political developments, changes in interest rates and perceived trends in bullion prices, market movement and over longer periods during market downturns.

The concept of exchange traded funds is relatively new to Indian Capital markets. Trading in QGF units could therefore be restricted due to which market price may or may not reflect the true NAV of the QGF units at any point of time. Although the units described in this Scheme Information Document are listed on the Stock Exchange, there can be no assurance that an active secondary market will develop or be maintained.

The market price of ETF units, like any other listed security, is largely dependent on two factors, viz., (1) the intrinsic value of the unit (or NAV) and (2) demand and supply of units in the market.

Sizable demand or supply of the units in Exchange may lead to market price of the units to quote at premium or discount to NAV. Hence the price of QGF units is less likely to hold significant variance (large premium or discount) from the latest declaration NAV all the time.

Trading in QGF units on the Exchange may be halted because of market conditions or for reasons that in view of Exchange Authorities or SEBI, trading in QGF units is not advisable. In addition, trading in QGF units is subject to trading halts caused by extraordinary market volatility and pursuant to Exchange and SEBI "circuit filter" rules. There can be no assurance that the requirements of Exchange necessary to maintain the listing of QGF units will continue to be met or will remain unchanged.

Any changes in trading regulations by the Stock Exchange(s) or SEBI may affect the ability of Authorized Participant to arbitrage resulting into wider premium / discount to NAV. Any changes in the regulations relating to import and export of gold or gold jewellery (including customs duty, sales tax and any other statutory levies) may affect the ability of the scheme to buy/sell gold against the purchase and redemption requests received.

The units of the Scheme may trade above or below their NAV. The NAV of the Scheme will fluctuate with changes in the market value of Scheme's holdings. The trading prices of QGF units will fluctuate in accordance with changes in their NAV as well as market supply and demand for the units. However, given that QGF units can be created and redeemed in creation units size directly with the fund, it is expected that large discounts or premiums to the NAV of QGF units will not sustain due to arbitrage opportunity available.

The units will be issued only in dematerialized form through depositories. The records of the depository are final with respect to the number of units available to the credit of a unit holder.

The formula for determining NAV of the units is based on the imported (landed) value of gold. The landed value of gold is computed by multiplying international market price by US dollar value. The value of Gold or NAV therefore will depend upon the conversion value of US dollar into Indian Rupees and attracts all the risks attached to such conversion.

Tracking error may have an impact on the performance of the scheme. However, the AMC will endeavour to keep the tracking error as low as possible.

There is no exchange for physical gold in India. The Fund may have to buy or sell gold from the open market, which may lead to counter party risks for the Fund for trading and settlement.

The Fund has to sell gold only to bullion bankers/traders who are authorized to buy gold. Though, there are adequate numbers of players (commercial or bullion bankers) to whom the Fund can sell gold, the Fund may have to resort to distress sale of gold if there is no or low demand for gold to meet its cash needs for redemption or expenses.

There is a risk that part or all of the Scheme's gold could be lost, damaged or stolen. Access to the Scheme's gold could also be restricted by natural events or human actions.

Any of these actions may have adverse impact on the operations of the scheme and consequently on investment in units.

The Trustee, in the general interest of the Unit holders of the Scheme offered under this Scheme Offer Document and keeping in view the unforeseen circumstances market conditions, may limit the total number of units which can be redeemed on any Business Day.

Buying and selling units on stock exchange requires the investors to engage the services of a broker and are subject to payment of margins as required by the stock exchange / broker, payment of brokerage, and such other costs.

The returns from physical Gold in which the Scheme invests may underperform returns from the various general securities markets or different asset classes. Different types of securities tend to go through cycles of outperformance and under performance in comparison of the general securities markets.

The Scheme is not actively managed. The Scheme may be affected by a general price decline in the Gold prices. The Scheme invests in the physical Gold regardless of their investment merit. The AMC does not attempt to take defensive positions in declining markets.

The NAV of the units is determined based on the formula for valuation of gold prescribed by SEBI whereas the actual price of gold in the domestic market may be different from the value of gold arrival at based on the prescribed formula. This may lead to extreme conditions like NAV being far too different from the domestic market price of gold. In such extreme conditions, the trustees reserve the right to delay or suspend the sale / redemption of units.

For the valuation of QGF units, indirect taxes like customs duty, Goods and Services Tax etc. would also be considered. Hence, any change in the rates of indirect taxation would affect the valuation of QGF units.

The Fund may have to sell gold to meet recurring expenses. In such an event, irrespective of whether the price of gold goes up or not, the NAV of the Fund will go down due to such expenses.

Whereas the Indian Market was formerly restrictive, a process of deregulation has been taking place over recent years. This process has involved removal of trade barriers and protectionist measures, which could adversely affect the value of investments. It is possible that the future changes in the Indian political situation, including political, social or economic instability, diplomatic developments and changes in tax laws, changes in SEBI / Stock Exchange / RBI regulations and other applicable laws / regulations could have an effect on such investments and valuation thereof. Expropriation, confiscatory taxation or other relevant developments could affect the value of investments.

Common Risks Associated with Investments in Debt and Money Market Instruments

Given below are some of the common risks associated with investments in fixed income and money market securities. These risks include but are not restricted to:

Liquidity and Settlement Risks

This refers to the ease at which a security can be sold at or near its true value. The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is characteristic of the Indian fixed income market.

The liquidity of the Scheme's investments may be inherently restricted by trading volumes, transfer procedures and settlement periods. From time to time the scheme will invest in certain debt securities of certain companies, industries, sectors etc. based on its investment objectives and policies as outlined in this Scheme Information Document. Reduced liquidity in the Secondary Market may have an adverse impact on market price and the Scheme/s ability to dispose of particular securities, when necessary to meet the Scheme's liquidity needs or in response to a specific economic event or during restructuring of the Scheme's Investment Portfolio.

Investment Risks

The value of, and income from, an investment in the Scheme can decrease as well as increase, depending on a variety of factors which may affect the values and income generated by the Scheme's portfolio of debt securities. The returns of the Scheme's investments are based on the current yields of the securities, which may be affected generally by factors affecting capital markets such as price and volume, volatility in the stock markets, interest rates, currency exchange rates, foreign investment, changes in Government and Reserve Bank of India policy, taxation, political, economic or other developments, closure of the Stock Exchanges etc. Different types of securities in which the Scheme would invest as stated in the Scheme Information Document carry different levels and types of risk. Accordingly the Scheme's risk may increase or decrease depending upon its investment pattern. e.g. corporate bonds carry a higher amount of risk than Government securities. Further even amongst corporate bonds, bonds which are AAA rated are comparatively less risky than bonds which are AA rated. The Scheme will endeavour to invest in highly researched securities offering relative yield for the commensurate risks. However the erosion in the value of the investments / portfolio in the case of the capital and financial markets passing through a bearish phase is a distinct possibility.

Interest Rate Risk

Changes in interest rate may affect the Scheme's net asset value. Generally the prices of instruments increase as interest rates decline and decrease as interest rates rise. Prices of long-term securities fluctuate more in response to such interest rate changes than short-term securities. Indian debt and Government securities markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.

Credit Risk

Credit risk or Default risk refers to the risk that an issuer of a fixed income security may default (i.e. the issuer will be unable to make timely principal and interest payments on the security). Because of this risk, debentures are sold at a higher yield above those offered on Government Securities which are sovereign obligations and free of credit risk. Normally, the value of fixed income securities will fluctuate depending upon the changes in the perceived level of credit risk as well as any actual event of default. The greater the credit risk, the greater the yield required for someone to be compensated for the increased risk.

Re-investment Risk

Investments in fixed income securities may carry re-investment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate.

This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme or from maturities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk refers to the fall in the rate for reinvestment of interim cash flows.

Market Risk / Liquidity Risk / Risk Associated with Handling and Storing of Gold:

a. Market Risk Due To Volatility In Gold Price

The Scheme's NAV will react to the Gold price movements. The investor may lose money over short or long period due to fluctuation in scheme's NAV in response to factors such as economic and political developments, changes in interest rates and perceived trends in bullion prices, market movement and over longer periods during market downturns.

b. Liquidity Risk - Limited Supply or Demand in physical or derivatives markets impairing the ability of the fund to buy and sell gold

The Fund predominately invests in 1 Kg gold bars manufactured by LBMA accredited refiners due to it being the most traded and most liquid in the wholesale market. The Fund strategizes and hold some gold in smaller denominations of 100-gram bars as well to efficiently source liquidity. The Fund also has contractual agreements with gold dealers to enable liquidity at all times. In addition, the fund will keep some portion of the portfolio in money market instruments and / or cash for the purpose of meeting liquidity needs.

c. Risk Associated with handling, storing and safekeeping of physical gold

To ensure the highest safety, Gold is stored with renowned vaulting agencies in their professional vaults. Gold held by the Fund is fully insured.

B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

As the Scheme is an Exchange Traded Scheme, the provisions of minimum number of investors and maximum holding of the investors are not applicable as per SEBI Regulations and Circulars.

C. SPECIAL CONSIDERATIONS

Quantum Asset Management Company Private Limited (AMC) has received the No Objections from SEBI to provide Research Services in Equities and Fixed Income, and Research / Advisory Services in Multi Asset Allocation and Emerging Markets in the Alternative Investment filed to Quantum Advisors Private Limited (Sponsor) and QIEF Management LLC (QIEF) on commercial basis.

The AMC is providing Research / Advisory Service in Equities to the Sponsor & QIEF and in Fixed Income to the Sponsor, which is non-binding and non-discretionary in nature and not in conflict of interest with the activities of Quantum Mutual Fund. QIEF use such services for categories of Foreign Portfolio Investors (FPI) as prescribed in the SEBI Master Circular dated May 19, 2023 as amended from time to time. The AMC has process in place to prohibit access to inside information of various activities as envisaged under Regulation 24(b) of SEBI (Mutual Funds) Regulations, 1996 by segregating the Key Personnel, System and Back Office, Bank Account activity wise.

Mutual funds being vehicles of securities investments are subject to market and other risks and there can be no guarantee against loss resulting from investing in the Scheme. The various factors which impact the value of the Schemes' investments include, but are not limited to, fluctuations in the capital markets, fluctuations in interest rates, prevailing political and economic environment, changes in government policy, factors specific to the issuer of the securities, tax laws, liquidity of the underlying instruments, settlement periods, trading volumes, etc.

The past performance of the Sponsors and their affiliates / associates is not indicative of the future performance of the Scheme. Investment decisions made by the AMC may not always be profitable.

From time to time and subject to the Regulations, the Sponsors, the mutual funds and investment companies managed by them, their affiliates, their associate companies, subsidiaries of the Sponsors and the AMC may invest either directly or indirectly in the Scheme. The funds managed by these affiliates, associates, the sponsors, subsidiaries of the Sponsors and / or the AMC may acquire a substantial portion of the Scheme's Units and collectively constitute a major Investor in the Scheme. Accordingly, Repurchase / Redemption of Units held by such funds, affiliates / associates and Sponsors may have an adverse impact on the Units of the Scheme because the timing of such Repurchase / Redemption may impact the ability of the other Unitholders to redeem their Units.

Certain focus areas are already enjoying favourable tax treatment as provided by the Government of India and the Scheme may also receive favourable tax treatment in other focus areas. If these tax benefits are removed or amended, it is possible that the changes may have a material adverse impact on the entire revenue and earnings of companies engaged in business in such focus areas.

Repurchase / Redemption by the Unitholder due to change in the fundamental attributes of the Scheme or due to any other reasons may entail tax consequences. The Trustees, AMC, Mutual Fund, their Directors or their employees shall not be liable for any such tax consequences that may arise.

The Trustee, AMC, Mutual Fund, their Directors or their employees shall not be liable for any of the tax consequences that may arise. In the event that the Scheme is wound up for the reasons and in the manner provided for in the SAI.

The tax benefits described in this SID are as available as on the date of issue of this SID under the present taxation laws and are available subject to relevant conditions. The information given is included only for general purpose and

is based on advice received by the AMC regarding the law and practice currently in force in India and the unitholders should be aware that the relevant fiscal rules of their interpretation may change. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of an investment in the scheme will endure indefinitely. In view of the individual nature of tax consequences, each unit holder is advised to consult his/her/their own professional tax advisor.

Unitholders in the Scheme are not being offered any guaranteed / assured returns and Investors are advised to consult their Legal / Tax and other Professional Advisors in regard to Tax / Legal implications relating to their investments in the Scheme and before making decision to invest in or Repurchase the Units.

Neither this SID nor the Units have been registered in any jurisdiction.

This SID is meant for circulation only in India and therefore has not been registered in any other jurisdiction. The distribution of this SID in certain jurisdictions may be restricted or totally prohibited due to registration requirements and accordingly, persons who come into possession of this SID are required to inform themselves about such regulations / restrictions and to observe any such restrictions and /or compliance requirements.

The information herein is not for distribution and does not constitute an offer to buy or sell or the solicitation of any offer to buy or sell any securities or financial instruments in the United States of America ("US"), Canada and in Countries which are non-compliant with FATF Agreements, to or for the benefit of United States persons as defined under the US Securities Act of 1933, as amended, persons residing in Canada and Countries which are non-compliant with FATF Agreements. Quantum Mutual Fund Schemes / Units are not registered under the US Securities Act 1933 and the Schemes / Units are offered and sold outside the US in reliance of the exemption available under the Regulations.

The AMC shall rely on confirmation given by the investor in this regard and in no event shall members of the Quantum Group and / or their directors, officers and employees be liable for any direct, indirect, special, incidental or consequential damages arising out of any false confirmation/information provided by investors (including false information / confirmation about their residential status).

No Person has been authorized to issue any advertisement or to give any information or to make any representations other than that contained in this SID. Circulars in connection with this offering not authorized by the Mutual Fund and any information or representations not contained herein must not be relied upon as having been authorized by the Mutual Fund.

Investors should study this SID carefully in its entirety and should not construe the contents hereof as above relating to legal, taxation, investment or any other matters. Investors are advised to consult their legal, tax, investment and other professional advisors to determine possible legal, tax, financial or other considerations of subscribing to or repurchasing units, before making a decision to Invest / Repurchase units.

The Mutual fund may disclose details of the unitholder's account and transactions thereunder to the Bankers, as may be necessary for the purpose of effecting payments to the unitholder / verifying unitholder's account.

In terms of the Prevention of Money Laundering Act 2002, the Rules issued there under and the guidelines / circulars issued by SEBI regarding the Anti Money Laundering (AML Laws), all intermediaries, including Mutual Funds, have to formulate and implement a client identification programme, verify and maintain the record of identifying and address(es) of investors.

If after due diligence, the AMC believes that any transaction is suspicious in nature as regards money laundering, failure to provide required documentation, information, etc., the AMC shall have absolute discretion to report such suspicious transactions to FIU-IND and / or to freeze the folios of the investor(s), reject any application(s) /

allotment of units and effect mandatory redemption of unit holdings of the investor(s) at the applicable NAV subject to payment of exit load, if any.

In terms of Foreign Account Tax Compliance Act (FATCA), the AMC / Mutual Fund will be required to undertake due diligence process and identify US reportable accounts and collect such information / documentary evidences of the US and / or non-US status of its investors / Unit holders and disclose such information (through its agents or service providers) as far as may be legally permitted about the holdings, investment returns and / or to US Internal Revenue Service (IRS) or the Indian Tax Authorities, as the case may be for the purpose of onward transmission to the IRS under FATCA. The Government of India has signed IGA under FATCA and also Multilateral Competent Authority Agreement (MCAA) for Common Reporting Standard (CRS) implementation. Under the agreement, India would be obligated to get its financial institutions to share financial account information of accountholders who are tax residents in any of the signatory countries. Likewise, India would also get similar information through financial institutions of such treaty countries. FATCA / CRS due diligence will be directed at each investor / Unit holder (including joint investor) and on being identified as a reportable person / specified US person, all the folios will be reported to IRS or the Indian Tax Authorities. Investors / Unit holders should consult their own tax advisors regarding FATCA / CRS requirements with respect to their own situation. If the Investors / Unit Holders will not provide the FATCA / CRS self-declaration and documentation for due diligence, then the AMC / Mutual Fund will freeze / close the investor / unitholders account and then report their information as reportable accounts to comply with the regulatory requirements.

Pursuant to Notification No. S.O. 4419(E) dated December 10, 2019, Notification No. S. O. 115(E) dated January 08, 2020, Notification No. S.O. 1226(E) and G.S.R. 226(E) dated March 30, 2020 issued by Department of Revenue, Ministry of Finance, Government of India, read with Part I of Chapter IV of Notification dated February 21, 2019 issued by Legislative Department, Ministry of Law and Justice, Government of India, the stamp duty @0.005% or other % as may be prescribed from time to time of the transaction would be levied on applicable mutual fund transactions (excluding redemption) with effect from July 01, 2020, Accordingly, pursuant to the levy of stamp duty, the number of units allotted on purchase transactions (including switch in and Reinvestment of Income Distribution cum Capital Withdrawal) to the unitholders would be reduced to that extent.

Disclaimer by NSE

As required a copy of this SID has been submitted to National Stock Exchange of India Limited (hereinafter referred to as NSE). NSE has given permission to the Mutual Fund to use the Exchange's name in this SID as one of the stock exchange on which the Mutual Fund's units are proposed to be listed subject to, the Mutual Fund fulfilling the various criteria for listing. The Exchange has scrutinized this SID for its limited internal purpose of deciding on the matter of granting the aforesaid permission to the Mutual Fund. It is to be distinctly understood that the aforesaid permission given by NSE should not in any way be deemed or construed that the SID has been cleared or approved by NSE; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the contents of this SID; nor does it warrant that the Mutual Fund's units will be listed or will continue to be listed on the Exchange; nor does it take any responsibility for the financial or other soundness of the Mutual Fund, its promoters, its management or any scheme or project of the Mutual Fund.

Every person who desires to apply for or otherwise acquire any units of the Mutual Fund may do so pursuant to independent inquiry, investigation and analysis and shall not have any claim against the Exchange whatsoever by reason of any loss which may be suffered by such person consequent to or in connection with such subscription / acquisition whether by reason of anything stated or omitted to be started herein or any other reason whatsoever.

A. TYPE AND CATEGORY OF SCHEME

- a. Type of Scheme: An Open Ended Scheme Replicating / Tracking Gold.
- b. Category of Scheme: Exchange Traded Fund

B. WHAT IS THE INVESTMENT OBJECTIVE OF THE SCHEME?

The Investment Objective of the Scheme is to generate returns that are in line with the performance of gold and gold related instruments subject to tracking errors. However, investment in gold related instruments will be made if and when SEBI permits mutual funds to invest, in gold related instruments. The Scheme is designed to provide returns that before expenses, closely correspond to the returns provided by gold.

Tracking Error

Tracking error means the variance between returns of the underlying benchmark (gold in this case) and the NAV of the scheme for any given period.

NAV of the Scheme is dependent on valuation of gold. Gold has to be valued based on the formula as prescribed by SEBI subject to applicable changes from time to time. NAV so computed may vary from the price of Gold in the domestic market.

Tracking error could be the result of a variety of factors including but not limited to:

- Delay in the purchase or sale of gold due to:
 - Illiquidity of gold,
 - Delay in realisation of sale proceeds,
 - Creating a lot size to buy the required amount of gold
- The scheme may buy or sell the gold at different points of time during the trading session at the then prevailing prices which may not correspond to its closing prices.
- The potential for trades to fail, which may result in the Scheme not having acquired gold at a price necessary to track the benchmark price.
- The holding of a cash position and accrued income prior to distribution of income and payment of accrued expenses.
- Disinvestments to meet redemptions, recurring expenses, Income payouts etc.
- Execution of large buy / sell orders
- Transaction cost (including taxes and insurance premium) and recurring expenses
- Realization of Unit holders' funds

The scheme will endeavor to minimize the tracking error by:

- Use of gold related derivative instruments, as and when allowed by regulations
- Rebalancing of the portfolio

a) **Tracking Error:** 0.174% (As on September 30,2023)

b) **Tracking Difference:-** (As on September 30, 2023)

Period	Scheme Returns	Benchmark Return (Domestic Price of Gold)	Tracking Difference
Since Inception 22 Feb 2008	9.49%	10.35%	-0.86%
September 30, 2013 to September 29, 2023 (10 years)	5.67%	6.69%	-1.02%
September 28, 2018 to September 29, 2023 (5 years)	12.55%	13.57%	-1.02%
September 30, 2020 to September 29, 2023 (3 years)	3.66%	4.52%	-0.86%
September 30, 2022 to September 29, 2023 (1 year)	13.31%	14.33%	-1.02%

Note: * Tracking Difference of Return between Scheme and Benchmark.

C. HOW WILL THE SCHEME ALLOCATE THE ASSETS?

The investment policies of the Scheme shall be as per SEBI (Mutual Funds) Regulations, 1996, and within the following guidelines. The asset allocation under the Scheme, under normal circumstances, will be as follows: -

Instruments	Indicative Allocation (% to total assets)		Risk Profile
	Minimum	Maximum	
Physical Gold	95%	100%	High
Money Market instruments	0%	5%	Low to Moderately High

As the scheme invests 95% to 100% of the net assets into Gold, the scheme will, by and large, be passively managed fund. However, if and when permitted under SEBI regulations, the scheme may invest in gold related securities including derivatives.

Note: Investment in warehouse receipts and other permitted instruments linked to Gold Prices and units of international gold linked ETFs would be made as and when, and to the extent permitted by regulatory authorities.

It may be clearly understood that the percentages above are only indicative and not absolute.

The Scheme would invest in money market instruments and Tri-Party Repo in order to meet the liquidity requirements of the Scheme.

Portfolio Rebalancing in case of deviation from Asset Allocation Under Defensive Consideration

The asset allocation pattern indicated above may change from time to time, depending on liquidity considerations or on account of high levels of subscriptions or Repurchase / Redemptions relative to Scheme size, or upon various defensive considerations including market conditions, market opportunities, applicable regulations and political and economic factors. These proportions may vary substantially depending upon the perception of the AMC the intention being at all times to seek to protect the interests of the Unitholders. Such

changes in the investment pattern will be for short term and only for defensive considerations. In the event of deviations from the above asset allocation table, the Fund Manager will carry out rebalancing within 30 Calendar Days in accordance to para-No. 2.9 of SEBI Master Circular No. SEBI /HO/IMD/ IMD-PoD-1 / P/ CIR / 2023/74 dated May 19, 2023. However, at all the times the portfolio will adhere to the overall investment objectives of the Scheme.

D. WHERE WILL THE SCHEME INVEST?

Mode of Investment

Subject to the Regulations and the disclosures as made under the Section “How the Scheme will allocate its Assets”, the corpus of the Scheme can be invested in any (but not exclusive) of the following securities / instruments:

The Scheme predominantly invests in Gold in physical form. The Scheme may invest in gold related derivative instruments if and when permitted under the Regulations. The scheme may also invest up to 5% in money market instruments.

- a. Purchase of Gold: The Scheme may purchase gold from a bank or any other institution authorized to import gold, if the amount is not less than the minimum market lot for such import. If the amount available is less than the minimum market lot for import, the scheme may purchase gold from local market. Any such transaction in local market is fraught with counter party risk, risk of theft/loss during the movement from vendor to the safe vault of the scheme. These risks are mitigated by due diligence conducted on the counter-party and by appropriate insurance policies.
- b. The securities in which the Investment Manager may invest under the Scheme will be through the primary as well as secondary markets, private placement, preferential/firm allotments, auctions/book building and such others. These securities may be those listed on the various stock exchanges recognized by SEBI or to be listed securities and the investment will be in conformity with the pertinent rules and regulations, internal restrictions applicable at the time of making the investment.
- c. The Scheme would invest in money market instruments and Tri-Party Repo, in order to meet the liquidity requirements of the Scheme.

The Fund may use derivative instruments related to gold only after the same is allowed under the Regulations.

The AMC uses a “passive” approach to try and achieve the scheme investment objective. The scheme invests in gold as an asset regardless of its investment merit.

E. WHAT ARE THE INVESTMENT STRATEGIES?

Investment Strategy / Philosophy

The AMC uses ‘passive’ approach to try and achieve the Scheme’s investment objective. The Scheme does not try to “beat” the markets they track and do not seek temporary defensive positions when markets decline or appear overvalued. The AMC does not make any judgments about the investment merit of a particular gold investment nor will it attempt to apply any economic, financial or market analysis. Passive approach eliminates active management risks in regards to over / underperformance vis-à-vis the benchmark.

Investment Portfolio

The QGF will invest up to 100% but at least 95% of its total assets in the physical Gold. The QGF may hold up to 5% of their total assets in money market instruments as specified in this Scheme Information Document. As long as a Scheme invests at least 95% of its total assets in physical Gold, it may also invest its other assets in cash and cash equivalents and money market instruments permissible under the investment norms.

INVESTMENT PROCESS AND RECORDING OF INVESTMENT DECISIONS

INVESTMENT PROCESS

The Scheme will endeavor to track the domestic prices of gold by investing in physical Gold.

Normally the Fund will receive physical Gold from the Market Makers / Eligible Investors against the exchange of QGF units in Creation Unit size as defined by the Fund.

The AMC will analyse from time to time different ways of taking exposure in gold from the perspective of risk and returns and decide the same in the best interest of investors. The investment decisions of the scheme will be carried out by the Designated Fund Manager.

RECORDING OF INVESTMENT DECISIONS

Record of all investment decisions will be maintained with justifications for the same as required under the regulations.

In respect of investment in gold, record of each investment decision describing the quantity, fineness, price, counter party, date of purchase and date of delivery to the custodian will be maintained.

It is the responsibility of the AMC to ensure that the investments are made as per the Internal / Regulatory guidelines, Scheme investment objectives and in the best interest of the Unitholders of the Scheme.

All investment decisions shall be recorded in terms of pursuant to para-No 12.23 of SEBI Master Circular No. SEBI /HO/IMD/ IMD-PoD-1 / P/ CIR / 2023/74 dated May 19,2023 or as may be revised by SEBI from time to time.

RISK CONTROL / RISK MANAGEMENT STRATEGY

Risk is an important part of the investment functions. Effective Risk Management is critical to Fund Management for achieving financial goals. Investments made by the Scheme shall be made in accordance with Investment Objective of the Scheme and provisions of SEBI (MF) Regulations.

The Fund has identified the following Risks and designed Risk Management Strategies which is the part of the Investment Process to manage such risks.

Type of Risks	Risk Management strategies
Tracking Error Risk – Risk of deviating away from the investment objective of tracking gold prices	The Fund follows a passive investment approach. The Fund does not try to time the market. It endeavors to stay near fully invested at all times.
Quality and Purity Risk – Risk of substandard quality of gold	Gold purchased by the Fund is 0.995 purity and above. Gold sourced shall be from an LBMA accredited refiner only. The Fund has a well-defined and specific good delivery norms policy to be followed by the custodian for acceptance of

	Gold.
Custody risk – There is a risk that part or the entire scheme’s gold could be lost, damaged or stolen.	To ensure the highest safety Gold is stored with renowned vaulting agencies in their professional vaults. Gold held by the Fund is fully insured.

PERFORMANCE MEASUREMENT & REPORTING

The Investment Committee of the AMC at its regular meeting shall review performance of the Scheme, compliance of the various investment restrictions and compliance with the investment objectives stipulated in the Scheme Information Document and all other applicable SEBI Regulations. The AMC and Trustees shall also review the performance of the scheme at their periodical Board Meetings. The performance would be compared with the performance of the Benchmark and with peer group in the industry.

The MD & CEO/Fund Manager will make presentations to the Board of the AMC and the Trustees periodically, indicating the performance of the Scheme. The Board of AMC and Trustee will review the performance of the Scheme in comparison to the benchmark.

The MD & CEO / Fund Manager will bring to the notice of the AMC Board, specific factors if any, which are impacting the performance of the Scheme. The Board may after consideration of all relevant factors, if necessary, give appropriate directions to the AMC. Similarly, the performance of the Scheme will be submitted to the Trustees. The MD & CEO / Fund Manager will explain to the Trustees, the details on the Scheme’s performance vis-à-vis the benchmark returns. The Trustees and the AMC Board may also review the performance of the scheme vis-à-vis the benchmark and may take corrective action in case of unsatisfactory performance.

PORTFOLIO TURNOVER

Portfolio Turnover is a term used to measure the volume of trading that occurs in a Scheme’s portfolio (gold in this scheme) during a given time period. Quantum Gold ETF is an open-ended scheme. It is therefore expected that there would be a number of subscriptions and redemptions on a daily basis through Market Makers and Eligible Investors that may require purchase or sale of gold. The Scheme is largely passive but dependent on the purchase and redemptions of units by Market Makers and Eligible Investors on a day to day basis. Consequently, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio.

Portfolio Turnover is defined as the sales as a percentage of the aggregate of purchases and Sales during the specified period of time.

The Scheme may have to sell gold to meet cash needs arising out of redemption requests.

The Portfolio Turnover Ratio for last one year: 3.20%

INVESTMENT BY AMC IN THE SCHEME

The AMC may invest in the Scheme during continuous offer period subject to the SEBI regulations & circulars issued by SEBI and to the extent permitted by its Board of Directors from time to time. As per the existing SEBI Regulations, the AMC will not charge investment management and advisory fee on the investment made by it in the Scheme. The AMC may in the interest of the unit-holders of the scheme also consider buying the QGF Units from the market to enhance the value of the Scheme as permitted under the SEBI (Mutual Funds) Regulations, 1996.

F. FUNDAMENTAL ATTRIBUTES

Following are the Fundamental Attributes of the scheme, in terms of Regulation 18 (15A) of the SEBI (MF) Regulations:

(i) Type of Scheme

An Open Ended Scheme Replicating / Tracking - Gold

(ii) Investment Objective

- Main Objective

The Investment Objective of the Scheme is to generate returns that are in line with the performance of gold and gold related instruments subject to tracking errors. However, investment in gold related instruments will be made if and when SEBI permits mutual funds to invest, in gold related instruments. The Scheme is designed to provide returns that before expenses, closely correspond to the returns provided by gold.

- Investment Pattern:

The Scheme will invest in Physical Gold, Money Market Instruments and Tri-Party Repo as disclosed under paragraph "Asset Allocation".

(iii) Terms of Issue:

- Liquidity provisions such as listing, repurchase, redemption: The Scheme is an open ended Exchange Traded Fund - Gold and is listed with National Stock Exchange (NSE). The trading will be as per the normal settlement cycle. In addition, mutual fund will repurchase units from Market Makers. and Eligible Investors in Creation Unit Size on a daily basis subject to applicable loads.
- Aggregate fees and expenses charged to the scheme: The aggregate fees and expenses charged to the Scheme are set out in Section IV; paragraph B which is as permitted by the SEBI Regulations.
- The Scheme does not guarantee or assured returns and hence no safety net or guarantee is provided.

In accordance with Regulation 18(15A), the Trustee shall ensure that no change in the fundamental attributes of the Scheme or the trust or fees and expenses payable or any other change which would modify the Scheme and affect the interest of Unitholders shall be carried out unless:

- a. SEBI has reviewed and provided its comments on the proposal.
- b. a written communication about the proposed change is sent to each Unitholder and an advertisement is given in one English daily newspaper having nation-wide circulation as well as in a newspaper published in the language of the region where the head office of the Mutual Fund is situated; and
- c. The Unit Holders are given an option for a period of 30 (thirty) days to exit at the prevailing NAV without any Exit Load.

Fundamental Attributes will not cover such actions of the Trustees of the Fund or the Board of Directors of the AMC, made in order to conduct the business of the Trust, the Scheme or the AMC, where such business is in the nature of discharging the duties and responsibilities with which they have been charged. Nor will it include

changes to the Scheme made in order to comply with changes in Regulations with which the Scheme has been required to comply.

G. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The Benchmark for the Scheme is domestic price of Gold, Tier 1 Benchmark Index. Performance comparisons for the Scheme will be made vis-à-vis the Benchmark. The scheme would primarily invest in physical gold with an investment objective to generate returns that are in line with performance of gold and gold related instruments. Hence, the abovementioned benchmark is chosen as it is most suited for comparing the performance of the scheme with regards to its stated objective.

H. WHO MANAGES THE SCHEME?

Name/Age of the Fund Manager	Educational Qualifications	Tenure of managing the Scheme	Brief Experience	Other Schemes Managed
Ms. Ghazal Jain-Associate Fund Manager – Alternative Investments/31 Years	MBA (Finance)	3.3 Years; Since June 02, 2020	Ms. Ghazal Jain has over 6 years of experience in the field of finance and alternative investments including of Gold, Asset Allocation and Personal Finance & investment allocation. She has been with Quantum Asset Management Company since January, 2019. Prior to joining Quantum Asset Management company Private limited, she was associated with Fox Education LLP and Bahubali Electronics Private Limited.	NIL

I. WHAT ARE THE INVESTMENT RESTRICTIONS?

Pursuant to the Regulations and amendments thereto, the following investment restrictions are applicable to the Scheme:

1. The AMC uses a “passive” approach to try and achieve the scheme investment objective. The scheme invests in gold as an asset regardless of its investment merit.
2. The scheme shall invest in gold of 0.995 fineness and above.
3. No loans for any purpose can be advanced by the Scheme
4. The Fund shall not borrow except to meet temporary liquidity needs of the Fund for the purpose of repurchase, redemption of Units or payment of interest or Income distribution to Unitholders, provided the Fund shall not borrow more than 20% of the net assets of the Scheme and the duration of such borrowing shall not exceed a period of six months or as may be permitted by the Regulations from time to time.
5. The Fund shall buy and sell gold / securities only against deliveries. In no case shall the Fund engage in short selling, carry forward transactions.

6. The Scheme shall not make any investment in:
 - a) any unlisted security of an associate or group company of the Sponsor;
 - b) any security issued by way of private placement by an associate or group Company of the Sponsor; or
 - c) The listed securities of group companies of the Sponsor which is in excess of 25% of the net assets of the Scheme.

7. Transfer of investments from one Scheme to another Scheme in the same Mutual Fund is permitted* provided:
 - a) such transfers are done at the prevailing market price[^] for quoted instruments on a spot basis (spot basis shall have the same meaning as specified by a Stock Exchange for spot transactions); and
 - b) The securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.

[^] Pursuant to para-No. 9.11 of SEBI Master Circular No. SEBI /HO/IMD/ IMD-PoD-1 / P/ CIR / 2023/74 dated May 19, 2023 has prescribed the methodology for determination of price to be considered for inter-scheme transfers.

* Pursuant to para-No. 9.11 of SEBI Master Circular No. SEBI /HO/IMD/ IMD-PoD-1 / P/ CIR / 2023/74 dated May 19, 2023 the Scheme shall comply with the guidelines provided for inter-scheme transfers.

8. The Fund shall get the securities purchased transferred in the name of the Fund on account of the concerned Scheme, wherever investments are intended to be of a long-term nature.

9. The Scheme shall abide by the following guidelines for parking of funds in short term deposits Pursuant to para-No. 12.16 of SEBI Master Circular No. SEBI /HO/IMD/ IMD-PoD-1 / P/ CIR / 2023/74 dated May 19, 2023.
 - (i) "Short Term" for parking of funds shall be treated as a period not exceeding 91 days.
 - (ii) Such short-term deposits shall be held in the name of the Scheme.
 - (iii) The Scheme(s) shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with prior approval of the Trustee.
 - (iv) Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
 - (v) The Scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
 - (vi) The Scheme shall not park funds in short-term deposit of a bank, which has invested in the Scheme. Trustees/ AMC shall also take steps to ensure that a bank in which the Scheme has short term deposit does not invest in the Scheme until the Scheme has short term deposit with such bank.
 - (vii) No investment management and advisory fees will be charged for such investments in the respective Scheme.

10. The Scheme shall not invest more than 10% of its NAV in debt instruments issued by a single issuer rated not below investment grade by a credit rating agency authorised to carry out such activity under the Securities

and Exchange Board of India Act, 1992 and this limit may be extended to 12% of the NAV of the Scheme subject to prior approval of the Board of the AMC and the Trustee. Provided that such limit shall not be applicable for investment in Government Securities, Treasury Bill and Collateralized borrowing and lending obligations / Tri- Party Repo.

11. The Scheme may invest upto 5% of its net assets in unrated debt instruments subject to conditions that such investments can be made only in such instruments, including bills re-discounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in MF Regulations & various circulars issued thereunder. Investments shall be made with the prior approval of the Board of AMC & Trustee.
12. The Scheme shall not invest in unlisted debt instruments including commercial papers, except government securities and other money market instruments. Provided that the Scheme may invest in unlisted non-convertible debentures up to a maximum of 10% of the debt portfolio of the scheme subject to such condition as may be specified by the SEBI from time to time.
13. The Fund may lend securities in accordance with "Guidelines for Participation by Mutual Funds in Stock Lending" issued by SEBI or any amendments thereto.
14. The Scheme shall not make any investment in a Fund of Funds Scheme.

All the above investment restrictions shall be applicable at the time of making the investment.

The AMC may alter these above stated restrictions from time to time to the extent the SEBI Regulations change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its respective investment objective. The Trustee may from time to time alter these restrictions in conformity with the SEBI Regulations.

J. HOW HAS THE SCHEME PERFORMED?

(A) Performance of Scheme as on September 29, 2023

Period	Scheme Returns %	Tier I- Benchmark Returns % (Domestic Gold Price)
1 Year*	13.31%	14.33%
3 Years**	3.66%	4.52%
5 Years**	12.55%	13.57%
7 Years**	7.84%	8.85%
10 Years**	5.67%	6.69%
Since Inception**	9.49%	10.35%

Past performance may or may not be sustained in future.

*Annualised ** CAGR Date of Inception – February 22, 2008.

(B) Absolute Returns for last 5 financial years

Date of Inception - February 22, 2008.

Past performance may or may not be sustained in future.

OVERVIEW OF GOLD AND BACKGROUND OF EXCHANGE TRADED FUNDS – GOLD

History

Since the beginning of civilization, gold has been associated with wealth, prestige and power. It is a highly sought-after precious metal which, for many centuries, has been used as money, a store of value and in jewellery. The metal naturally occurs as nuggets or grains in rocks, underground veins and in alluvial deposits. Physically, it is a dense, soft, shiny, yellow metal and is the most malleable and ductile of the known metals.

Guarantee for currency

Historically, after paper currency became popular, gold was used to back currency under a system known as the gold standard. A certain weight of gold was given the name of a unit of currency. For a long period, the United States government set the value of the U.S. dollar such that one troy ounce of gold was equal to \$20.67. In 1934, the dollar was revalued to \$35 per troy ounce. Over time, it was difficult to maintain this price and U.S. and European banks agreed to manipulate the market to prevent further currency devaluation against increased gold demand.

This could not be sustained over the longer term. On March 17, 1968, economic circumstances caused the collapse of this gold pool and a two-tiered pricing scheme was established where international accounts were settled at the old rate of \$35 / oz, but prices on the open market were allowed to be determined by market forces. Over the early 1970s, this system was gradually abandoned and prices were freed from control.

Central Banks still hold gold reserves, although the level has gradually been declining.

* This table was updated in **October 2023** and reports data available at that time. Data are taken from the International Monetary Fund's International Financial Statistics (IFS), **October 2023** edition, and other sources where applicable. IFS data are two months in arrears, so holdings are as of August 2023 for most countries, July 2023 or earlier for late reporters. The table does not list all gold holders: some countries are known to hold gold but they do not report their holdings publicly. Where the WGC knows of movements that are not reported to the IMF or misprints, changes have been made.

Being one of the most valuable and universally accepted metals, the price of gold is a keenly watched factor in global economics. The prices are determined on the open market, but a procedure known as 'Gold fixing', that originated in London in September 1919 provides a daily benchmark figure.

International Prices of Gold

Update till October 05, 2023

The Current Scenario

Even today, after gold has been officially delinked from currencies, it has a huge role to play in the global economy. Gold is still widely considered to be an asset whose intrinsic value and purchasing power will not be widely subjected to the vagaries of inflation. So, during times of high inflation or depreciating currencies, people have turned to gold as a store of value. As the economic factors which influence the value of gold is often contrarian to their impact on other financial assets, gold is used as an effective asset-allocation and diversification tool.

Demand factors and Price Determinants

Today, the price of gold is driven by supply and demand. Unlike most other commodities and metals, gold has very limited utilitarian use as jewelry and in industrial use. As gold is primarily seen as a store of value, the hoarding and unhoarding of gold plays a greater role in influencing the price. The fact remains that almost all the gold ever mined still exists and can come to the market at the right price. Since the proportion of gold hoarded is huge when compared to the annual mining and production of the metal, prices are affected mainly by sentiment changes, rather than by changes in annual production or physical (jewelry and industrial) demand.

Inflation and Interest Rates

Historically, gold prices have been positively correlated with inflation rates and negatively correlated with the US Dollar. Simply put, this means that as inflation rises, the price of gold also rises, as investors try to hedge their positions. Unlike paper-backed assets, gold cannot be created at will. So, its value will remain relatively stable. When the dollar depreciates, gold prices usually appreciate, as investors holding positions in USD and USD backed assets try to diversify their holdings and thereby minimize their currency losses. Interest rates are also inversely correlated to gold. Under normal circumstance, rising interest rates takes some shine off the precious metal. During times of low interest rates (and rising inflation), investors seek hard assets that act as a store of value and also serve as effective diversifier for one's portfolio.

Central Bank Sales

Central Banks and the International Monetary Fund also play an important role in the gold price. As a group, they are one of the largest holders of gold and any significant movement by them could drive prices. Selling off would create a supply glut and drive down prices. Any indication to increase holdings could also start off a domino effect of purchases by others.

Uncertainty

Society dislikes uncertainty. In times of national crises, emergencies or wars, there is insecurity about whether assets may be seized or whether the currency will become worthless. Any geopolitical strife has the same psychological effect on people and there is a rush to transfer assets into tangibles that remain under one's own control and possession.

Demand – Supply

The fundamental factors also support gold. Production over the past few years has been growing. On the other hand, demand has seen some stagnation. At the retail level, the demand for gold possesses significant growth potential, driven in part by the rising middle classes in the growing economies of China and India. Both countries have strong cultural affinities to gold. Investor demand is also growing very rapidly. As more investors become aware of the inherent benefits of investing in the precious metal and more investment options become available, the demand-supply scenario is likely to be more stretched.

Source: World Gold Council

Data as of June 2023

The Indian Scenario

Indians are the largest consumers of the metal. Traditionally, jewellery has been the primary driver of gold demand in the country. Currently, the investment appeal of gold is also attracting a lot of interest.

Importance of Gold from a portfolio allocation perspective stems from the fact that it works as an effective portfolio diversification vehicle.

Investing

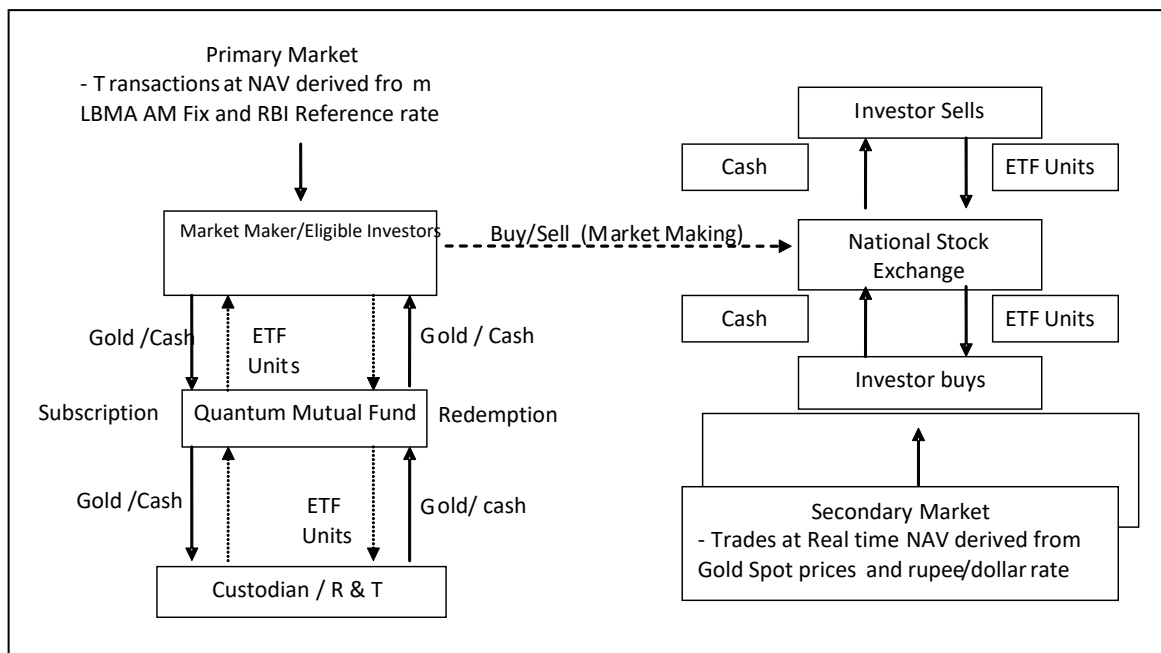

Investment in gold can be done directly through ownership, or indirectly through shares, futures etc. The downside in physical buying is that additional costs have to be incurred in the form of storage, insurance and making charges. There is also the risk of theft and loss. Buying an equity share in a gold producing firm may not achieve the desired objectives. The investor will be exposed to management risks. Producers could also hedge and enter into fixed price contracts with consumers. As such, they may not be able to take advantage of any price increases. (On the other side, they will not be adversely affected by price declines too). The launch of gold futures in India in 2003 after a gap of more than four decades has opened up a new investment avenue. Investors should be cautious when dealing in futures as an inexperienced investor may lose more than he can afford on account of leverage involved. From an investment perspective, ETFs are seen to be more secure and scientific than physically purchasing and holding stock. Gold exchange-traded funds are special types of exchange-traded funds (ETFs) replicating / tracking the price of gold. Gold exchange-traded funds are traded on the major stock exchanges including London, Paris, New York and Mumbai.

Gold ETFs

Gold ETFs are investment vehicles that track the price of gold. The underlying asset for the ETF is physical gold. So, the value of the ETF unit depends on the underlying value of the gold. They offer investors a smart way of investing in the gold bullion without the necessity of actually physically holding gold and storing it. It is akin to buying gold in demat form. As the ETFs are listed on a stock exchange, any investor can buy it through his stock broker member.

The fund is passively managed, resulting in lower expenses, which translates to better returns for the investors.

An Indicative Flow Chart on working of Gold ETF

This section provides details you need to know for investing in the scheme.

A. NEW FUND OFFER (NFO)

This section does not apply to the Scheme covered in this SID, as the ongoing offer of the Scheme has commenced after the NFO and the Units are available for continuous subscription and redemption.

B. ONGOING OFFER DETAILS

<p>Ongoing Offer Period This is the date from which the scheme will reopen for subscription / redemptions after the closure of the NFO period</p>	<p>The Continuous Offer for the Scheme commenced from February 28, 2008.</p>
<p>Ongoing price for subscription (purchase) / switch-in (from other schemes / plans of the mutual fund) by investors. This is the price you need to pay for purchase.</p>	<p>(a) Directly with the Fund</p> <p>The Market Maker and The Eligible Investor can subscribe units directly with the AMC in Creation Unit Size at Intra- Day NAV.</p> <p>“Creation Unit” is the number of QGF units, which is exchanged for Portfolio Deposit which would consist of physical Gold of defined purity and quantity and Cash Component. The facility of creating units in creation unit size will be available only for the Market Makers and Eligible Investors as defined in this Scheme Information Document.</p> <p>The creation unit size would change from time to time due to change in NAV. The Fund may from time to time change the size of the creation unit size in order to equate it with marketable lots of the underlying instruments.</p> <p>The investor has to deposit at least 1 Kilogram of physical gold & in multiples of 1 Kilogram thereof in order to create units of the scheme. The Portfolio Deposit and Cash Component is defined as follows:</p> <p>i) Portfolio Deposit: Portfolio Deposit shall consist of Physical Gold which will be in predefined quantity and purity and will be held by the Custodian / Sub- Custodian as may be specified by the AMC and will be defined and announced by the AMC and will vary from time to time.</p> <p>ii) Cash Component for creating units in Creation Unit Size: Cash Component represents the difference between the applicable net asset value of units in Creation Unit Size and the market value of physical Gold. The difference will represent the accrued interest, income earned by the Scheme, accrued annual charges including management fees and residual cash in the Scheme. In addition the cash Component may include transaction cost as charged by the Custodian / DP and other incidental expenses for creating units. The cash component will vary from time to time and will be decided and announced by the AMC.</p>

Procedure for creating QGF Units in Creation Unit Size

The requisite physical gold constituting the Portfolio Deposit has to be submitted to the Custodian / AMC while the Cash Component has to be paid to the Custodian / AMC. On confirmation of the same by the Custodian/ AMC that the pre-defined quantity and purity of physical gold has been received, the AMC will transfer the respective number of QGF Units into the investors DP account. The AMC may create “Creation Units“ prior to receipt of all or a portion of the relevant Portfolio Deposit and Cash Component in certain circumstances were the purchaser, among other things, posts collateral to secure its obligation to deliver such outstanding Portfolio Deposit Securities and Cash Component.

The Portfolio Deposit and Cash Component for QGF units may change from time to time due to change in NAV. The Fund may from time to time change the size of creation unit in order to equate it with marketable lots of underlying instruments.

The creation request can be made to Fund in a duly filed application form. Application Forms for creation of QGF units can be obtained from the office of AMC.

Example of Creation of Units

As explained above, the creation unit is made up of 2 components i.e. Portfolio Deposit and Cash Component. The Portfolio Deposit will be determined by the Fund. The Portfolio Deposit will be physical Gold and will be for 1 Kg and in multiples of 1 Kg. The Value of Portfolio Deposit will change due to Changes in the prices during the day.

The Cash component will be arrived in the following manner:

(Physical Gold of 1 Kg .995 Purity based on price in Mumbai as on September 30, 2023)

Number of Units comprising one Creation Unit	1,20,000
NAV per Unit	50.9765
Value of one creation Unit (Including Stamp Duty on Units)*	6117485.86
Value of Portfolio Deposit (Physical Gold of 1 Kg) **	6156083.64
Cash Component payable to AP#	38597.78

The above is just an example to illustrate the calculation of cash component. As can be seen from the above example for subscription of 1 creation unit, 1 kilogram of Gold equivalent of **Rs. 6156083.64/-** would be the portfolio Deposit and **Rs. 38597.78 /-** would be the Cash Component Payable to AP.

(Physical Gold of 1 Kg .995 Purity based on price in Ahmedabad as on September 30, 2023)

Number of Units comprising one Creation Unit	1, 20,000
NAV per Unit	50.9765
Value of one creation Unit (Including Stamp Duty on Units)*	6117485.86
Value of Portfolio Deposit (Physical Gold of 1 Kg)**	6156084.67
Cash Component Payable to AP#	38598.81

The above is just an example to illustrate the calculation of cash component. As can be seen from the above example for subscription of 1 creation unit, 1 kilogram of Gold equivalent of **Rs. 6156084.67/-** would be the portfolio Deposit and **Rs. 38598.81/-** would be the Cash Component.

*Value of one creation unit includes stamp duty charge on Mutual Fund Units issue.

**Value of 1 Kg .995 Purity Gold Portfolio includes Government Taxes and TDS deducted on Gold buy price excluding GST.

#Cash Component will vary depending upon the actual charges incurred like Custodial Charges and other incidental charges for creating units.

Procedure for creating QGF Units in Creation Unit Size – Cash Subscription

The payment of requisite cash for creation of units in Creation Unit Size at Intra Day NAV based prices shall be made as determined by the AMC only by means of Payment Instruction of Real Time Gross Settlement (RTGS) / National Electronic Fund Transfer (NEFT) / Funds Transfer Letter / Transfer Cheque of a bank where QGF has a collection account. The AMC will arrange to buy the underlying physical gold on behalf of the Eligible Investors / Market Makers on receipt of the subscription application along with the subscription amount. The underlying physical gold shall be purchased within 3 Business Days on the receipt of the subscription amount. The Eligible Investors / Market Makers need to incur all the actual cost of purchase of the underlying physical gold and funding of market movement from the time of application to actual buying of underlying physical gold by the AMC in addition to the cash component (if any) as determined by the AMC from time to time. Any excess / shortfall in the amount paid on account of the subscription will be refunded / collected to / from the Eligible Investors / Market Makers on allotment of units.

The AMC may at its own discretion reserves the right not to accept application in Creation of Unit Size through Cash Subscription without any reason for the interest of the Scheme.

	<p>Disclosure of Portfolio Deposit and Cash Component</p> <p>The AMC discloses the Portfolio Deposit and Cash Component on daily basis for creating and redeeming units in Creation Unit size for QGF. The same will be disclosed on our website i.e. www.QuantumAMC.com daily in the morning and would be applicable for creating and redeeming units in Creation Unit size for that working day only.</p> <p>(b) On the Exchange</p> <p>As the units of the Scheme are listed on NSE, an investor can buy units on continuous basis on the capital market segment of NSE, during trading hours like any other publicly traded stocks at a price which may be close to the NAV of the Scheme. Each unit of QGF issued under the Scheme will be approximately equal to price of 0.01 gram of Gold.</p>
<p>Ongoing Price for redemption by investors. This is the price you receive for redemption. Example: If the applicable NAV is Rs. 10, exit load is 2% then redemption price will be: Rs. 10* (1-0.02) = Rs. 9.80</p>	<p>A. Directly with the Fund</p> <p>The Market Maker and The Eligible Investor can redeem units directly with the AMC in Creation Unit Size at Intra- Day NAV.</p> <p>“Creation Unit” is the number of QGF units, which is exchanged for Portfolio Deposit which would consist of physical Gold of defined purity and quantity and Cash Component. The facility of redeeming units in creation unit size will be available only for the Market Maker and Eligible Investors as defined in this Scheme Information Document.</p> <p>The creation unit size would change from time to time due to change in NAV. The Fund may from time to time change the size of the creation unit size in order to equate it with marketable lots of the underlying instruments.</p> <p>The investor has to deposit at least 1 Kilogram of physical gold & in multiples of 1 Kilogram thereof in order to create units of the scheme. The Portfolio Deposit and Cash Component is defined as follows:</p> <p>(a) Portfolio Deposit: Portfolio Deposit shall consist of Physical Gold which will be in predefined quantity and purity and will be held by the Custodian / Sub- Custodian as may be specified by the AMC and will be defined and announced by the AMC and will vary from time to time.</p> <p>(i) Cash Component for Redemption in Creation Unit Size: Cash Component represents the difference between the net asset value of units in Creation Unit Size and the market value of the physical Gold. This difference will represent accrued interest, income earned by the Scheme, accrued annual charges including management fees and residual cash in the scheme. Any transaction cost charged by the Custodian / DP and other incidental expenses for redeeming units will also form part of cash component. The cash component for redemption will vary from time to time and will be decided and announced by the AMC to the Market Maker. The Cash Component will also include exit load, if applicable. The exit load</p>

will be declared by the AMC from time to time.

Procedure for Redeeming (QGF) Units in Creation Unit Size.

The requisite number of QGF Units equaling the Creation Unit Size has to be transferred to the Fund's DP account and the Cash Component to be paid to the AMC / Custodian. On confirmation of the same by the AMC, the custodian will transfer the Portfolio Deposit by handing over the physical Gold of the predefined purity and quantity to the investor and pay the Cash Component, if applicable.

The AMC may redeem the QGF units in Creation Unit size prior to receipt of all or portion of the relevant QGF units in certain circumstances where the purchaser, among other things, posts collateral to secure its obligation to deliver such outstanding QGF units.

The Portfolio Deposit and Cash Component for the QGF units may change from time to time due to change in NAV. The Fund may from time to time change the size of Creation Unit in order to equate it with marketable lots of underlying physical gold.

Example of Redemption of Units:-The Cash component will be arrived in the following manner:

(Physical Gold of 1 Kg .995 Purity based on price in Mumbai as on September 30, 2023)

Number of Units comprising one Redemption Unit	1,20,000
NAV per Unit	50.9765
Value of one Redemption Unit	6117180
Value of Portfolio Deposit (Physical Gold of 1 Kg)**	6168228.30
Cash Component receivable from AP#	51048.3

The above is just an example to illustrate the calculation of cash component. As can be seen from the above example for Redemption of 1,20,000 unit, 1 kilogram of Gold equivalent of **Rs. 6168228.3/-** would be the portfolio Deposit and **Rs. 51048.3/-** would be the Cash Component.

(Physical Gold of 1 Kg .995 Purity based on price in Ahmedabad as on September 30, 2023)

Number of Units comprising one Redemption Unit	1,20,000
NAV per Unit	50.9765
Value of one Redemption Unit	6117180
Value of Portfolio Deposit (Physical Gold of 1 Kg)**	6168229.33
Cash Component receivable from Market Maker#	51049.33

	<p>The above is just an example to illustrate the calculation of cash component. As can be seen from the above example for Redemption of 1,20,000 unit, 1 kilogram of Gold equivalent of Rs. 6168229.33/- would be the portfolio Deposit and Rs. 51049.33/- would be the Cash Component.</p> <p>**Value of 1 Kg .995 Purity Gold Portfolio includes Government Taxes and TCS.</p> <p>#Cash Component will vary depending upon the actual charges incurred like Custodial Charges and other incidental charges for creating units.</p> <hr/> <p>Procedure for Redeeming QGF Units in Creation Unit Size - Cash Redemption</p> <p>The requisite QGF units in demat mode have to be transferred to the Fund DP's account along with the application for redemption of units in Creation Unit Size at Intra Day NAV based prices. The AMC will arrange to sell physical gold on behalf of the Eligible Investors / Market Makers within 3 Business Days of the receipt of request for redemption. The Eligible Investors / Market Makers need to incur all the actual costs in connection with the sale of physical gold and market movement from the time of application to actual selling of physical gold by the AMC in addition to the cash component (if any) as determined by the AMC from time to time. The sale proceeds of the physical gold, after adjusting necessary charges / cost will be remitted to the Eligible Investors / Market Makers.</p> <p>The AMC may at its own discretion reserves the right not to accept application in Creation of Unit Size through Cash Redemption without any reason for the interest of the Scheme.</p> <hr/> <p>B. On the Exchange</p> <p>As the units of the Schemes are listed on NSE, an investor can sell units on continuous basis on the capital market segment of NSE during trading hours like any other publicly traded stocks at prices which may be close to the actual NAV of the Scheme. The units are sold in round lots of 1 unit.</p>
<p>Minimum amount for purchase/redemption</p>	<p>Directly with Fund: The Market Maker can create / redeem in exchange of Portfolio Deposit and Cash Component in Creation Unit size at NAV based Price.</p> <p>On the Exchange: Approximately equal to price of 0.01 gram of Gold quoted on the NSE. The units of the scheme can be purchased / redeemed in minimum lot of 1 unit and multiples thereof.</p>
<p>Redemption</p>	<p>For redemption requests received directly by the Fund.</p> <p>The redemption or repurchase proceeds shall be dispatched / credited to the registered bank account of the unitholders within 3 Working Days from the date of redemption or repurchase.</p>

	<p><u>Email ID and Mobile Number for communication</u></p> <p>Primary holders should provide their own email address and mobile number for speed and ease of communication in a convenient and cost effective manner, and to help prevent fraudulent transactions.</p>
<p>Liquidity Window</p>	<p>Investor can directly approach the AMC for redemption of units of the Scheme for the transaction of upto Rs.25 Crores till April 30,2023 or amount less than the amount prescribed by SEBI for Eligible Investor effective May 01, 2023 or such other date as may be prescribed by SEBI without any exit load if any in case of the following scenarios:</p> <ol style="list-style-type: none"> i. Traded price (closing price) of the ETF units is at discount of more than 1% to the day end NAV for 7 continuous trading days or ii. No quotes for the scheme are available on stock exchange(s) for 3 consecutive trading days or iii. Total bid size on the exchange is less than half of Creation Units Size daily, averaged over a period of 7 consecutive trading days.
<p>Cut off timing for Subscriptions / Redemptions / Switches. This is the time before which your application [complete in all respect(s)] should reach the official points of acceptance</p>	<p>In case of Purchase / Redemption directly with Mutual Fund (By Market Makers and Eligible Investors):</p> <p>The provisions for Cut-off timings for NAV applicability will not be applicable for direct transaction with the Fund.</p> <p>In case of Redemption directly with the Mutual Fund during Liquidity Window:</p> <p>The Cut-off time for receipt of valid application for Redemptions directly with the Fund during Liquidity Window is 3.00 p.m. Valid applications received by the fund upto the cut-off time will be processed on the basis of the closing NAV of the day of receipt of request and for valid applications received after cut-off time, the closing NAV of the next Business Day shall be applicable.</p>
<p>Who can Invest This is an indication list and you are requested to consult your financial advisor to ascertain whether the scheme is suitable to your risk profile</p>	<p>WHO CAN INVEST?</p> <p>The following persons are eligible and may apply for subscription to the Units of the Scheme (subject, wherever relevant, to purchase of units of mutual funds being permitted under relevant statutory regulations and their respective constitutions):</p> <ol style="list-style-type: none"> 1. Resident adult individuals either singly or jointly (not exceeding three); or on an Anyone or Survivor basis; 2. A Hindu Undivided Family (HUF) through its Karta; 3. Public Sector Undertaking, Association of Persons or a body of

	<p>individuals whether incorporated or not;</p> <ol style="list-style-type: none"> 4. Minors through parent / legal guardian There shall not be joint holding with minor investments; 5. It is mandatory for every applicant to provide the bank, branch, address, account type and number as per SEBI requirements and any Application Form without these details will be treated as incomplete. Such incomplete application will be rejected.
<p>Where can the applications for purchase / redemption be submitted?</p> <p>a) For creation of units</p> <p>b) For retail investor</p>	<p>Applications Complete in all respects, may be submitted at:</p> <p>Quantum Asset Management Company Private Ltd., 6th Floor, Hoechst House, Nariman Point, Mumbai – 400021 and all official points of acceptance as mentioned at the last page of this SID.</p> <p>QGF units can be purchased or redeemed through the National Stock Exchange of India Limited (NSE) or other exchange where it is listed.</p>
<p>How to Apply</p>	<p>Please refer to the SAI for instructions.</p>
<p>Listing</p>	<p>The units of the Scheme are listed on the capital market segment of NSE. The AMC reserves the right to list the units of the Scheme on any other recognized Stock Exchange.</p>
<p>Minimum balance to be maintained and consequences of non-maintenance</p>	<p>Nil</p>
<p>Income Distribution Policy</p>	<p>Under this Option, the income can be distributed is subject to availability of distributable surplus, as computed in accordance with SEBI Regulations. The amounts can be distributed out of investors capital (Equalization Reserve), which is part of sale price that represents realized gains.</p>

	<p>In terms of SEBI guidelines, the Trustees shall fix the quantum of income distribution and the record date (which is the date that will be considered for the purpose of determining the eligibility of investors). Income Distribution if distributed, will be paid (subject to deduction of tax at source, if any) to those Unitholders whose names appear in the Register of Unitholders on the notified record date. The AMC shall, within one calendar day of the decision by the Trustee, issue notice to the public, communicating the decision, including the record date. The record date shall be 2 working days from the date of publication in at least one English newspaper or in a newspaper published in the language of the region where the Head Office of the mutual fund is situated, whichever is issued earlier. In case of Units held in dematerialized mode, the Depositories (NSDL/ CDSL) will give the list of demat account holders and the number of Units held by them in electronic form on the Record date to the Registrars and Transfer Agent of the Mutual Fund who shall be eligible to receive the Income Distribution.</p> <p>The payment of dividend to the unitholders shall be made within seven working days from the record date.</p> <p>It must be distinctly understood that the actual income distribution and the frequency thereof will inter-alia, depend on the availability of distributable surplus as computed in accordance with SEBI Regulations. The decision of the Trustee in this regard shall be final. There is no assurance or guarantee to Unitholders as to the rate of income distribution nor will that income distribution be distributed regularly. On distribution of income, the NAV will stand reduced by the amount income distributed and statutory levy, if any, at the close of business hours on record date. The Trustee / AMC reserves the rights to change the record date from time to time.</p>
<p>Income Distribution (erstwhile known as Dividend)</p>	<p>The Income Distribution payments shall be dispatched to the unitholders within 7 working days from the record date of the Income Distribution. In the event of failure of dispatch the Income Distribution payments within the stipulated 7 working days period, the AMC shall be liable to pay interest to the unitholders at such rate as may be specified by the SEBI for the period of such delay and the interest for the delayed payment of Income Distribution shall be calculated from the record date.</p> <p>The Income distribution will be paid by way of ECS / EFT / NEFT / RTGS / Direct credits / any other electronic manner by directly crediting the bank account linked to the demat account or to the unit holders bank account registered with the Registrar depending on the mode of receipt of income distribution chosen by the Unit holder.</p>
<p>Special Products / Facilities Available</p>	<p>The Scheme does not offer Systematic Investment Plan, Systematic Transfer Plan and Systematic Withdrawal Plan.</p>
<p>Plans / Options</p>	<p>Currently the Option offered under this scheme is a 'Growth Option'</p>
<p>Account Statements</p>	<p>On acceptance of the application for subscription, an allotment</p>

	<p>confirmation specifying the number of units allotted by way of email and / or SMS (if the mobile number is not registered under Do Not Call Registry) or issue units in the dematerialized form as soon as possible but not later than 5 Business Days from the date of receipt of transaction request. The allotment confirmation will be sent to the applicant's registered e-mail address and/or mobile number. Investors / Unit holders are therefore requested to provide their email id and mobile number in the application form at the time of subscription.</p> <p>As the units of the Schemes are in demat, investors would be provided with a statement of holding by his / her / their Depository Participants as per the rules of Depository. The statement issued by the Depository would be deemed to be adequate compliance with requirement of SEBI regarding dispatch of statement of account.</p>
<p>Lien on Units for Loans</p>	<p>The Units issued under the Scheme can be transferred, assigned or pledged in conformity with the guidelines and notifications issued by SEBI / Government of India / any other regulatory body from time to time, Units under the Scheme may be offered as security by way of a lien / charge in favour of scheduled banks, financial institutions, non-banking finance companies (NBFCs) or any other body. The Registrar and Transfer Agent will note and record the lien against such Units. A standard request letter for this purpose is available on request with the Registrar and Transfer Agent or the AMC. The Unit Holder will not be able to redeem / switch Units under lien until the lien holder provides written authorization to the Mutual Fund that the lien / charge may be vacated.</p> <p>As long as Units are under lien, the lien holder will have complete authority to exercise the lien, thereby redeeming such Units and receiving payment proceeds. In such instance, the Unit Holder will be informed by the Registrar and Transfer Agent through an account statement. In no case will the Units transferred from the Unit Holder to the lien holder.</p>
<p>Settlement of Purchase / Sale of Units of Scheme on the NSE</p>	<p>Buying / Selling of unit of the Scheme on NSE is just like buying / selling any other normal listed security. If an investor has bought units, and investor has to pay the purchase amount to the broker/ sub- broker such that the amount paid is realized before the funds pay in day of the settlement cycle on the NSE. The NSE regulations stipulate that the trading member should pay the money or units to the investor within one working day of the pay-out by Exchange.</p> <p>If an Investor has bought units he should give standing instructions for "Delivery – in" to his / her DP for accepting units in his / her beneficiary account. An investor should give the details of his / her beneficiary account and the DP-ID to his / her trading member. The trading member will transfer the units directly to his /her beneficiary account on receipt of the same from NSE's Clearing Corporation.</p> <p>An Investor who has sold units should instruct his/her Depository Participant (DP) to give "Delivery Out" instructions to transfer the units</p>

	<p>from his / her beneficiary account to the pool Account of his / her trading member through whom he / she have sold the units. The details of the Post A/c (CM-BP-ID) of his / her trading member to which the units are to be transferred, unit quantity etc should be mentioned in the Delivery out instructions given by him/her to the DP.</p> <p>The instructions should be given well before the prescribed securities pay-in day SEBI has advised that the Delivery Out instructions should be given at least 24 hours prior to the cut –off time for the prescribed securities pay-in to avoid any rejection of instructions due to date entry errors, network problems, etc.</p>
<p>Right to Restrict Redemption of the Units</p>	<p>RIGHT TO RESTRICT REDEMPTION AND/OR SUSPEND REDEMPTION OF THE UNITS - Pursuant to para-No. 1.12 of SEBI Master Circular No. SEBI /HO/IMD/ IMD-PoD-1 / P/ CIR / 2023/74 dated May 19,2023</p> <p>The Fund at its sole discretion reserves the right to restrict Redemption (including switch-out) of the Units of the Scheme of the Fund on circumstance leading to a systemic crisis or event that severely constricts market liquidity or the efficient markets such as:</p> <p>(a) Liquidity Issue - when market at large becomes illiquid affecting almost all securities rather than any issuer specific security.</p> <p>(b) Market failures / Exchange closures - when markets are affected by unexpected events which impact the functioning of exchanges or the regular course of transactions. Such unexpected events could also be related to political, economic, military, monetary or other emergencies.</p> <p>(c) Operation Issue - when exceptional circumstances are caused by force majeure, unpredictable operational problems and technical failures (e.g. a black out).</p> <p>The restriction may be imposed on redemption for a period not exceeding 10 working days in any 90 day period and subject to approval of the Board of AMC and Trustee on occurrence of the above event. The Restriction shall be informed to SEBI immediately.</p> <p>Redemption request up to Rs. 2 Lakhs shall not be subject to such restriction and where redemption requests are above Rs. 2 lakhs, the AMC shall redeem the first Rs. 2 lakhs without such restriction and remaining part over and above Rs. 2 lakhs shall be subject to such restriction.</p> <p>The AMC / Trustee reserves the right to change / modify the provisions pertaining to the right to restrict Redemption of the Units in the Scheme(s) of the Fund in accordance with SEBI (Mutual Funds) Regulations.</p>

<p>Dematerialization</p>	<p>a. Units of the Scheme will be available in Dematerialized (electronic) form only.</p> <p>b. The applicant under the Scheme required to have a beneficiary account with a depository participant of NSDL and/or CDSL and will be required to indicate in the application the Depository Participants (DPs) name, DP ID Number and the beneficiary account number of the applicant.</p> <p>c. Units of the Scheme will be issued, traded and settled compulsorily in dematerialized form.</p> <p>Applications without relevant details of his/her/its depository account are liable to be rejected.</p>												
<p>Delay in payment of redemption / repurchase proceeds</p>	<p>The Fund shall dispatch the Redemption/Repurchase proceeds to the Unitholders within 3 working days from the date of acceptance of request for the same. The AMC will be liable to pay interest to the Unitholders presently @15% per annum for the period of delay. However, the AMC will not be liable to pay any interest or compensation or any amount otherwise, in case the AMC / Trustee is required to obtain details from the investor / unitholders for verification of identity or such other details relating to subscription of units under any applicable law or as may be requested by a regulatory body or any government authority which may result in delay in processing the application.</p>												
<p>Rolling Settlement</p>	<p>As per SEBI's Circular dated September 07, 2021, the rolling settlement on T+ 1 basis for all trades has commenced from January 27, 2023 onwards. The Pay-in and Pay-out of funds and the units will take place 1 working days after the trading date.</p> <p>The Pay-in and Pay-out days for funds and securities are prescribed as per the Settlement Cycle. A typical Settlement Cycle of Rolling Settlement is given below:</p> <table border="1" data-bbox="592 1424 1485 1742"> <thead> <tr> <th>Day</th> <th>Activity</th> </tr> </thead> <tbody> <tr> <td>T</td> <td>The day on which the transaction is executed by a trading member.</td> </tr> <tr> <td>T</td> <td>Confirmation of all trades including custodial trades.</td> </tr> <tr> <td>T + 1</td> <td>Processing and downloading of obligation files to brokers/ custodians.</td> </tr> <tr> <td>T + 1</td> <td>Pay-in of funds and securities.</td> </tr> <tr> <td>T + 1</td> <td>Pay out of securities and funds.</td> </tr> </tbody> </table> <p>While calculating the days from the Trading day (Day-T), weekend days (i.e. Saturday and Sundays) and bank holidays are not taken into consideration.</p>	Day	Activity	T	The day on which the transaction is executed by a trading member. -------------------	--

D. COMPUTATION OF NAV

The NAV of the Units of the Scheme will be computed by dividing the value of net assets of the Scheme by the number of Units outstanding on the valuation date. The NAV will be calculated and announced as of the close of every Business Day up to four decimals.

Example showing calculation for determination of NAV:

Price of Gold per half gram as 30 th September 2023	2,879.7984
Gold Held by the Scheme in Grams	2,76,700
Portfolio Value (i.e. Value of Gold held by the Scheme)	158,81,87,127.60
Cash & Cash Equivalents	1,60,22,426.46
Net Assets of the Scheme	1,60,42,09,554.06
No. of Units of the Scheme	3,29,19,950.00
NAV per unit	48.7306

Note : * .995 Purity price consider.

Valuation of Gold

The Fund shall value its investments in gold in accordance with the valuation norms specified under the SEBI (Fourth Amendment) Regulations, 2006, notified by the Government vide gazette dated December 27, 2006 (No. F No. SEBI/LAD/DOP/82534/2006).

The broad Valuation of Gold is detailed below:

The Gold held by the Fund shall be valued at the AM fixing price of London Bullion Market Association (LBMA) in US dollars per troy ounce for gold having a fineness of 995.0 parts per thousand, subject to the following:

- a) Adjustment for conversion to metric measures as per standard conversation rates;
- b) adjustment for conversion of US dollars into Indian rupees as per the RBI reference rate declared by the Foreign Exchange Dealers Association of India (FEDA); and
- c) Addition of
 - (i) transportation and other charges that may be normally incurred in bringing such gold from London to the place where it is actually stored on behalf of the mutual fund; and
 - (ii) notional customs duty and other applicable taxes and levies that may be normally incurred to bring the gold from London to the place where it is actually stored on behalf of the mutual fund;

Provided that the adjustment under clause (c) above will be made on the basis of the notional premium that is usually charged for delivery of gold to the place where it is actually stored on behalf of the mutual fund, provided further that where the gold held by the Fund has a greater fineness, the relevant LBMA prices of AM fixing shall be taken as the reference price under this clause. In case the gold acquired by the Fund is not in the form of standard bars, it shall be assayed and converted into standard bars which comply with the good delivery norms of the LBMA and thereafter valued in terms of this clause.

In case the LBMA AM Fix is not published on a particular day then, an average international spot gold price rate prevailing on that day within half an hour before the London AM Fix time to half an hour later than the London AM Fix time would be taken into consideration. This would be done to value gold as close as possible to the fair value prevailing on the particular day when the LBMA Fix price is unavailable.

This section outlines the expenses that will be charged to the schemes.

A. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid marketing and advertising, registrar expenses, printing and stationery, bank charges etc. The NFO Expenses were borne by the AMC.

B. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the Scheme. These expenses include Investment Management and advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, Custodian Fees and marketing and operations expenses etc.

The estimated recurring expenses of the Scheme are as under:

Expense Head	% of daily Net Assets
Investment Management and Advisory Fees	Up to 1.00%
Trustee fee	
Audit fees	
Custodian fees	
Registrar & Transfer Fees	
Marketing & Selling expense including agent commission	
Cost related to investor communications	
Cost of fund transfer from location to location	
Cost of providing account statements and IDCW redemption cheques and warrants	
Costs of statutory Advertisements	
Cost towards investor education & awareness (at least 1 bps) ^	
Goods and Services tax on expenses other than investment and advisory fees	
Goods and Services tax on brokerage and transaction cost	
Other expenses*	Up to 1.00%
Maximum total expense ratio (TER) permissible under Regulation 52 (6) (b)	
Additional expenses for gross new inflows from specified cities under Regulation 52 (6A) (b)	
Additional expenses under regulation 52 (6A) (c)	NIL

*as permitted under the Regulations.

^Investor Education and Awareness initiatives

^ Pursuant to para-No. 10.1.16 of SEBI Master Circular No. SEBI /HO/IMD/ IMD-PoD-1 / P/ CIR / 2023/74 dated May 19,2023, the AMC shall annually set apart at least 1 basis points p.a. (i.e. 0.01% p.a.) on daily net assets of the Scheme within the limits of total expenses prescribed under Regulation 52 of SEBI (MF) Regulations for investor education and awareness initiatives undertaken by the Fund.

Goods and Services Tax and Statutory Levies, if any on Investment Advisory fees will be charged to scheme within the overall limit of expense as permitted under the SEBI Regulations.

Brokerage and transaction cost incurred for the purpose of execution of trade will be expensed out in the scheme to the extent of 0.12% for cash market transactions. Brokerage and transaction costs exceeding of 0.12% for cash market transactions if any may be charged to the scheme within the maximum limit of TER as prescribed under regulation 52 of the Regulations.

No other additional expenses which are allowed to charge in terms of SEBI Regulations 52 (6A), (b) & (c) shall be charged to the Scheme.

The AMC has estimated that above expenses will be charged to the Scheme as permitted under Regulation 52 of SEBI (MF) regulations. For the actual current expenses being charged, the investor should refer to the website of the Mutual Fund viz. www.QuantumAMC.com. The Fund would update the current expense ratio of the scheme on the website at least three working days prior to the effective date of the change. Investor can refer <https://www.quantumamc.com/regulatory-document#headingSix> for total expense ratio details.

As per Regulation 52(6)(b) of SEBI (MF) Regulations, the total expenses of the Scheme, including investment and advisory fees shall not exceed 1.00% of the daily net assets of the scheme.

Incentive, if any, will be paid to Market Makers based on trading volume, bid-ask spread, liquidity and time frame for market making. Incentives, if any, to Market Maker shall be charged to the Scheme within the maximum permissible limit of TER.

The maximum recurring expenses of the Scheme, including the investment management and advisory fee, together with additional expenses if any, shall not exceed the limits prescribed under Regulation 52 of the SEBI (Mutual Funds) Regulations 1996 read with aforesaid SEBI circular dated September 13, 2012, as explained above.

ILLUSTRATION OF IMPACT OF EXPENSE RATIO ON SCHEME'S RETURN:

Opening NAV at the beginning of the year (Rs.) (a)	100
Closing NAV before charging expense at the end of the year (b)	112
Scheme's gross returns for the year	12 %
Total Expense Charged during the year (Rs.) (c)	1
NAV after charging expense (b-c)	111
Net Return to the Investor	11%

The purpose of the above illustration is to explain the impact of expense ratio of the scheme. Above calculation are bases on assumed NAV and Expenses. The actual NAV, expenses and return on your investment may be more or less.

C. LOAD STRUCTURE

Load is an amount which is paid by the investor to subscribe to the units or to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.QuantumAMC.com) or may call at (Toll free No. 1-800-22-3863/1-800-20-9 3863).

Load Structure

Type of Load	Load chargeable (as %age of NAV)
Entry	Not Applicable Pursuant to para-No. 10.4.1 of SEBI Master Circular No. SEBI /HO/IMD/ IMD-PoD-1 / P/ CIR / 2023/74 dated May 19,2023there will be no entry load charged to the schemes of the Mutual Fund. Quantum Mutual Fund does not charge Entry Load since inception.
Exit	NIL

The investor is requested to check the prevailing load structure of the Scheme before investing. Any imposition or enhancement in the load shall be applicable on prospective investments only. The above mentioned load structure shall be equally applicable to the special products such as Systematic Withdrawal Plan (SWP) / Systematic Transfer Plan (STP) and Switches etc. However, no load shall be charged for switching between options within the Scheme.

The AMC shall not charge any load on issue of bonus units and units allotted on reinvestment of income distribution for existing as well as prospective investors. For any change in load structure the AMC will issue an addendum which shall be attached to the SID and Key Information Memorandum (KIM) and display it on the website / Investor Service Centres. The introduction of Exit load along with the details may be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after introduction of such loads. Any other measures which the mutual fund may feel necessary.

The exit load charged, if any shall be credited to the Scheme net of Goods and Service tax. Investors are requested to note that the exit load collected is credited to the scheme for all scheme of Quantum Mutual Fund since inception.

The Mutual Fund may charge the load within the stipulated limit of 5% and without any discrimination to any specific group of unit holders. However, any change at a later stage shall not affect the existing unit holders adversely.

D. TRANSACTION CHARGES:

Pursuant to para-No. 10.5.1 of SEBI Master Circular No. SEBI /HO/IMD/ IMD-PoD-1 / P/ CIR / 2023/74 dated May 19,2023, the AMC is allowed to deduct transaction charges of Rs. 100 for existing investors and Rs. 150 for a first time investor per subscription of Rs. 10,000 /- and above for the transaction / application received through distributors. The transaction charges shall be deducted by the AMC from the subscription amount received from the investor and paid to the distributor and the balance will be invested in the Scheme.

Investors are requested to note that no transaction charges shall be deducted from the investment amount for transactions / applications received from the distributor and full subscription amount will be invested in the Scheme.

E. WAIVER OF LOAD FOR DIRECT APPLICATIONS

Not Applicable.

Pursuant to para-No. 10.4.1 of SEBI Master Circular No. SEBI /HO/IMD/ IMD-PoD-1 / P/ CIR / 2023/74 dated May 19, 2023 no Entry Load shall be charged for all mutual fund schemes. Therefore, the procedure for waiver of load for direct applications is no longer applicable.

Please refer to SAI for details.
