The total dividend payout for FY24 is Rs. 1.5 bn and the payout ratio is 5.2% of standalone PAT (8.4% in FY23). We believe that with cash and cash equivalents of ~Rs. 10.1 bn, the payout ratio is low.

Adani (DIN: 00008457), as an Executive Director designated as Director of the Company for a period of 5 (five) years w.e.f. April 1, 2025 and including remuneration.	In favour of the Proposal	FOR	We believe his remuneration is in line with peers and commensurate with the size and complexity of the company's operations (His estimated annual remuneration is ~0.2% of AEL's FY25E PBT). While we support his reappointment as Executive Director and his remuneration structure, we expect the company to remain judicious with their commission payouts to Pranav Adani and cap his commission component in absolute amounts. They must also disclose whether his remuneration structure carries malus and claw-back clauses. The company must also consider disclosing the performance metrics that will be used to determine his commission payout. Notwithstanding, we support this resolution.

In favour of the Proposal	FOR	ACX is a 50:50 joint venture between AEL and EdgeConnex (US based global data center firm) to develop and operate data centers in India. ACX envisions a 1 GW data center powered by 100% green energy by 2030. The proposed transactions with ACX will be in the nature of rendering/ availing services, sale/ divestment of AEL's investment in ACX, subscription of securities and providing financial assistance to ACX. AEL has secured certain land assets for data center business which will be leased to ACX. Further AEL may further invest in ACX when needed or carry out a divestment to reorganize the holding structure of entities under ACX. AEL also proposes to provide financial assistance to ACX. We draw comfort from the fact that ACPL is a joint venture with a third party and thus we support the resolution. The company must disclose if the financial assistance to ACX will be given to the extent of AEL's shareholding in ACX and if not, the reasons for the same. The company must also disclose the value of past transactions with the related party in the notice to shareholders. We support the resolution.

In favour of the Proposal	FOR	Adani Electricity Mumbai Limited (AEML) is a 74.9% subsidiary of Adani Transmission Limited (entity under common control) – the balance shareholding is held by Qatar Investment Authority. AEML was formed following the acquisition of Reliance Infrastructure Limited's generation, transmission and distribution utilities. AEML possesses a distribution network encompassing more than 400 sq. km in Mumbai. The proposed transactions will be in the nature of purchase and sale, interest expense and rendering / availing services. The company had sought a similar approval at the 2023 AGM. We note that the interest is paid against the outstanding advance received by AEL for power supply. We raise concern that the company is seeking an enabling approval for purchase and sale and also rendering/availing of services. Notwithstanding, the proposed transactions are in the ordinary course of business and on arms-length basis. The company must disclose the value of past transactions with the related party in the shareholder notice. We support the resolution.

In favour of the Proposal	AGAINST	Adani Infra (India) Ltd. (AII) provides maintenance and EPC services for power, transmission, renewables, roads and water projects. It is a wholly owned subsidiary of Adani Properties Pvt. Ltd. (APPL) which is held by S.B. Adani family trust and other group companies. APPL is an investment holding company of the Adani group. The proposed transactions are in the nature of purchase and sale, rendering of services and providing/ obtaining financial assistance. We do not support these transactions as there is no clear rationale for AEL and its subsidiaries providing financial support to AII – a promoter entity. The company has neither disclosed the nature of the operations of AII nor their financial profile in the notice. We cannot determine whether a limit of Rs. 72.0 bn is appropriate for the size of their operations. Further, in case of financial assistance, the company has not disclosed the granular terms for the financial support that will be obtained or rendered between these parties, so that the shareholders can make an informed decision. The company must disclose the past transactions between AEL/its subsidiaries and AII in the notice to the shareholders. We are unable to support the resolution.

In favour of the Proposal	AGAINST	APL is a listed entity of Adani group and is an entity under common control. Currently, the company accounts for a substantial power generation capacity of 15,250 MW. The company seeks approval to enter into related party transactions with APL for the sale and purchase, availing/ rendering services and for extending financial support. The sale and purchase of coal/ power/ flyash and rendering of services are operational transactions and are linked to the business of both the entities. AEL shall also provide financial assistance to APL when required. We raise concerns over financial assistance provided by AEL to other promoter owned entities and listed group companies. We believe APL, being a listed entity should access funds from the markets based on its credit profile. Thus, we do not support the resolution. The company must disclose the value of past transactions with the related party in the shareholder notice. The past transactions with APL disclosed in APL's annual report do not match with the transactions disclosed in AEL's annual report: the company must explain the reasons for the discrepancy. While we expect that some transactions in the nature of purchase or sale of coal/flyash/power are operational- the approval sought is enabling and does not specify the nature of sales/purchases or services rendered/availed. We are unable to support the resolution.

In favour of the Proposal	AGAINST	The company purchases and sells coal to thermal power entities of Adani Group for its consumption requirements at rates matching with market-linked coal price indices. The company also seeks shareholder approval for rendering/ availing services from MEL. We understand these transactions are a part of the company's business and are at arm's length. However, the company also seeks shareholder approval to divest its stake in Stratatech Mineral Resources Private Limited (wholly-owned subsidiary) to MEL at a fair value. Post this transfer, SMRPL will be merged with MEL, as per a scheme of arrangement. The company has neither disclosed the value at which the sale of its investment in SMRPL to MEL will be undertaken nor the basis for said valuation. We believe the company disclose these details so as to enable the shareholders to make an informed decision. In the absence of clarity, we do not support this transaction. While we expect that some transactions in the nature of purchase or sale of power/coal are operational- the approval sought is enabling and does not specify the nature of sales/purchases or services rendered/availed.

In favour of the Proposal	AGAINST	MSEL is a stepdown 74% subsidiary of AEL: balance 26% equity is held by a subsidiary of Adani Green Energy Limited (entity under common control). MSEL is part of the Adani Solar ecosystem: Adani Solar operates through two entities namely, Mundra Solar PV Limited (MSPVL) and Mundra Solar Energy Limited (MSEL) for vertical integration through manufacturing of solar PV cells and modules. The proposed transactions are in the nature of purchase / sale of goods/ services and providing financial assistance to MSEL. The company must clarify whether the financial support to MSEL will be to the extent of AEL's shareholding: in the last two financial years, financial support has been extended only by AEL. There is no clarity on whether Adani Green Energy Limited is extending support to the extent of their shareholding. Further, through resolution #32, the company seeks shareholder approval for its wholly owned subsidiary obtaining financial support from MSEL. We raise concerns over this circular flow of funds. The company must clarify the need for such a structure. The company must disclose the value of past transactions with the related party in the shareholder notice. We also note that there is an inconsistency in the type/value of past transactions in MSEL's financials versus the RPTs disclosed by AEL in the annual report. The company must provide a reason for this discrepancy. We do not support these transactions.

In favour of the Proposal	AGAINST	MSPVL is a stepdown subsidiary of AEL. Adani Green Technology Ltd (AGTL) owns 100% equity in MSPVL. AGTL is held by AEL (51%) and Adani Trading Services LLP - promoter controlled entity (49%). MSPVL has a 1.5 GW solar module manufacturing capacity at Mundra in Gujarat which was upgraded to 2GW in FY23. The proposed transactions are in the nature of purchase / sale of goods / services and providing financial assistance to MSPVL. Given that the promoter-controlled entity Adani Trading Services LLP has 49% equity in Adani Green Technology Ltd, the holding company of MSPVL, the company must clarify whether the financial support to MSPVL will be extended to the extent of AEL's beneficial shareholding. The proposed value of transactions is high (MSPVL's networth stood at Rs. 11.4 bn on 31 March 2024). Further, through resolution #33, the company seeks shareholder approval for its wholly owned subsidiary obtaining financial support from MSPVL. We raise concerns over this circular flow of funds. The company must clarify the need for such a structure. The company must disclose the value of past transactions with the related party in the shareholder notice. RRVUNL has been allocated the Parsa East and Kanta Basan coal blocks (PEKB) in Chhattisgarh. RRVUNL entered into a coal mining and delivery agreement with PKCL appointing PKCL as Mine Developer and Operator (MDO) – this was subcontracted to AEL. The company seeks approval to enter into related party transactions with PKCL for providing financial assistance, rendering/ availing mining related services and related transactions. AEL and PKCL secure and provide various materials and services for smooth function of mining operations. These transactions are a part of 30 - year long mining contract and subject to routine price escalation mechanism. AEL/ its subsidiaries may provide financial assistance to PKCL. In favour of the Proposal	AGAINST	Bowen Rail Company Pty Limited (BRCL) is a step-down subsidiary of AEL. It is a wholly owned subsidiary of Bowen Rail Operation Pte. Ltd. (BROPL), which is a wholly owned subsidiary of Adani Global Pte. Ltd., which in turn is a step-down wholly owned subsidiary of AEL. Abbot Port Point Holdings Pte. Ltd. (APPHPL) is a company under common control with the company. While the company has not disclosed the shareholding of APPHPL, we can ascertain from public sources that APPHPL is an entity controlled by the S.B. Family Trust or the promoters. BRCL and APPHPL propose to enter into related party transactions for rendering and availing services and obtaining financial assistance in one or more tranches. We do not support this resolution because there is no clear rationale for BRCL – a step-down wholly owned subsidiary transacting with and obtaining financial support from APPHPL – a promoter-controlled entity. Further, the company has neither disclosed the nature of the operations of APPHPL nor their financial profile. We cannot determine whether a limit of Rs. 15.0 bn is appropriate for the size of their operations. In case of financial assistance, the company has not disclosed the granular terms for the financial support that will be obtained between these parties, so that the shareholders can make an informed decision. The company must disclose the past transactions between these parties in the notice to the shareholders. We are unable to support the resolution.

In favour of the Proposal	FOR	MIAL is a step-down subsidiary – in which AEL indirectly owns 74% (through AAHL) with the balance 26% being held by Airports Authority of India (AAI). Airports Authority of India is a statutory body (a Miniratna PSE) under the Ministry of Civil Aviation, Government of India. MIAL and AAI propose to enter into related party transactions for payment of Annual Fees and Charges under concession agreement in one or more tranches. We support this transaction as it is as per the concession agreement and hence, operational in nature. The company must disclose the past value of transactions between MIAL and AAI in the notice to the shareholders. We support the resolution.

Panagarh Palsit Road Private Limited (PPRPL) is a step-down wholly subsidiary of the company. It is a wholly owned subsidiary of Adani Road Transport Limited (ARTL). ARTL and PPRPL shall enter into related party transactions for Rendering/Availing of services, Investments and Obtaining/Providing financial assistance in one or more tranches. We expect the company to disclose granular terms for the financial assistance being provided/obtained between these parties. Notwithstanding, we draw comfort that these transactions are between a holding company and its wholly owned subsidiary. They are at arm's length and in the ordinary course of business. It is wholly owned by Carmichael Rail Asset Holdings Trust (CRAHT), which in turn is wholly owned by Adani Global Resources Pte. Ltd (AGRPT). Basis company's clarification, we note that AEL has effective control of 50% over AGRPTE. QRT and CRNT propose to enter into related party transactions for rendering/availing of services and providing financial assistance in one or more tranches. We do not support the resolution as there is no clear rationale for QRT – a step-down wholly owned subsidiary providing financial support to CRNT – a promoter entity. The company has neither disclosed the nature of the operations of CRNT nor its financial profile. We cannot determine whether a limit of Rs. 11.0 bn is appropriate for the size of their operations. The company must disclose if the residual shareholders of AGRPL intend to provide financial support to the extent of their shareholding. The company has neither disclosed the nature of the operations of AGRPL nor its financial profile. We cannot determine whether a limit of Rs. 15.0 bn is appropriate for the size of their operations.
