Assuming ₹10,000 invested every month on 5th day of every month (in case 5th is a non-Business Day, then the next Business Day), and since inception returns from SIP are annualized and compounded investment return computed on the assumption that SIP installments were received across the time periods from the start date of SIP. Returns are net of total expenses *XIRR - XIRR calculates the internal rate of return to measure and compare the profitability of series of investments.
