Liquidity	<p>The units of the Scheme can be bought / sold like any other stock on the National Stock Exchange of India Limited (NSE) on all the trading days of the stock exchange.</p> <p>The Market Maker and Eligible Investors can directly buy / sell units with the Fund in Creation Unit Size at Intra Day NAV based prices on all the Business Days.</p> <p>The AMC shall appoint at least two Market Makers (MMs), who are members of any Exchange recognized and regulated by SEBI or such other persons as permitted by SEBI to act as Market Makers, to provide continuous liquidity on the stock exchange where the units of ETF are listed. The list of Market Makers will be available on the website of the fund www.QuantumAMC.com.</p>																	
Investment Strategy	<p>The AMC uses 'passive' approach to try and achieve the Scheme's investment objective. The Scheme does not try to "beat" the markets they track and do not seek temporary defensive positions when markets decline or appear overvalued. The AMC does not make any judgments about the investment merit of a particular gold investment nor will it attempt to apply any economic, financial or market analysis. Passive approach eliminates active management risks in regards to over / underperformance vis-à-vis the benchmark.</p> <p>Investment Process</p> <p>The Scheme will endeavor to track the domestic prices of gold by investing in physical Gold.</p> <p>Normally the Fund will receive physical Gold from the Market Makers / Eligible Investors against the exchange of QGF units in Creation Unit size as defined by the Fund.</p> <p>The AMC will analyse from time to time different ways of taking exposure in gold from the perspective of risk and returns and decide the same in the best interest of investors. The investment decisions of the scheme will be carried out by the Designated Fund Manager.</p>																	
Risk Profile of the Scheme	<p>Mutual Fund units involve investment risks including possible loss of principal. Please read the Scheme Information Document (SID) carefully for details on risk factors and other details before investment. Scheme specific Risk Factors are summarized below:</p> <p>The Scheme's NAV will react to the gold price movements. The investor may lose money over short or long period due to fluctuation in scheme's NAV in response to factors such as economic and political developments, changes in interest rates and perceived trends in bullion prices, market movement and over longer periods during market downturns.</p> <p>Any changes in trading regulations by the Stock Exchange(s) or SEBI may affect the ability of Market Maker to arbitrage resulting into wider premium/ discount to NAV. Any changes in the regulations relating to import and export of gold or gold jewellery (including customs duty, sales tax and any such other statutory levies) may affect the ability of the scheme to buy/sell gold against the purchase and redemption requests received.</p> <p>The units of the Scheme may trade above or below their NAV. The NAV of the Scheme will fluctuate with changes in the market value of Scheme's holdings. The trading prices of QGF units will fluctuate in accordance with changes in their NAV as well as market supply and demand for the units. However, given that QGF units can be created and redeemed in Creation Units Size directly with the Fund, it is expected that large discounts or premiums to the NAV of QGF units will not sustain due to arbitrage opportunity available.</p>																	
Risk Management Strategies	<p>Risk is an important part of the investment functions. Effective Risk Management is critical to Fund Management for achieving financial goals. Investments made by the Scheme shall be made in accordance with Investment Objective of the Scheme and provisions of SEBI (Mutual Funds) Regulations.</p> <p>The Fund has identified following Risks and designed Risk Management Strategies which is the part of the Investment Process to manage such risks.</p>

Instructions on Controlling Persons / Ultimate Beneficial Owner

As per PMLA guidelines and relevant SEBI circulars issued from time to time, non-individuals and trusts are required to provide details of controlling persons [CP] / ultimate beneficiary owner [UBO] and submit appropriate proof of identity of such CPs/ UBOs. The beneficial owner has been defined in the circular as the natural person or persons, who ultimately own, control or influence a client and/or persons on whose behalf a transaction is being conducted and includes a person who exercises ultimate effective control over a legal person or arrangement.

A. For Investors other than individuals or trusts:

(i) The identity of the natural person, who, whether acting alone or together, or through one or more juridical person, exercises control through ownership or who ultimately has a controlling ownership interest. Controlling ownership interest means ownership of/entitlement to:

- more than 10% of shares or capital or profits of the juridical person, where the juridical person is a company.
- more than 15% of the capital or profits of the juridical person, where the juridical person is a partnership.
- more than 15% of the property or capital or profits of the juridical person, where the juridical person is an unincorporated association or body of individuals.

(ii) In cases where there exists doubt under clause (i) above as to whether the person with the controlling ownership interest is the beneficial owner or where no natural person exerts control through ownership interests, the identity of the natural person exercising control over the juridical person through other means like through voting rights, agreement, arrangements or in any other manner.

(iii) Where no natural person is identified under clauses (i) or (ii) above, the identity of the relevant natural person who holds the position of senior managing official.

B. For Investors which is a trust:

The identity of the settler of the trust, the trustee, the protector, the beneficiaries with 10% or more interest in the trust and any other natural person exercising ultimate effective control over the trust through a chain of control or ownership.

C. Exemption in case of listed companies / foreign investors

The client or the owner of the controlling interest is a company listed on a stock exchange or is a majority-owned subsidiary of such a company, there is no need for identification and verification of the identity of any shareholder or beneficial owner of such companies and hence exempted from UBO declaration provided other requisite information is provided. Intermediaries dealing with foreign investors' viz., Foreign Institutional Investors, Sub Accounts and Qualified Foreign Investors, may be guided by the clarifications issued vide SEBI circular CIR/MIRSD/11/2012 dated September 5, 2012 and other circulars issued from time to time, for the purpose of identification of beneficial ownership of the client.
