BENEFITS OF INVESTING IN QUANTUM GOLD SAVINGS FUND (FUND OF FUND SCHEME)

- (i) **“Open door for non-demat a/c holders:** Investors can invest in this Scheme through the physical mode across the country thereby making it easily available and convenient **for non demat a/c holders”**
- (ii) **Systematic Investment Plan (SIP):** a long term disciplined investment technique under which you invest a fixed sum of money on a daily/ weekly/ monthly/ quarterly basis in the Scheme at the prevailing NAV. This allows the investor to save and invest regularly.

This investment technique enables the investor the following benefits:

- **Small, regular investments:** A simple way to enter the market by investing small amounts. Small but regular investments go a long way in creating wealth over time.
 - **Rupee cost averaging:** Fewer units during rising markets and more units during falling markets, thereby reduces the average cost per unit
 - **No need for ‘timing the markets’:** No need to select the right time and quantity to buy and sell as timing the market is time consuming and risky. It eliminates the need to actively track the markets.
- (iii) **Availability of add-on facilities:** Ease of availing add on facilities like Systematic Transfer Plan/ Systematic Withdrawal Plan / Systematic Investment Plan/ auto switch /trigger facility etc.
- (iv) **Liquidity:** An investor of Gold Savings Fund can subscribe and redeem units on all Business Days directly from the AMC, while purchase and sale of gold ETF units is a factor of liquidity on the stock exchange.

(v) Ease of investing: Investing in gold through Quantum Gold Savings Fund, the investor can directly subscribe/ redeem units through the physical mode at the various designated investor service centre across the country/ investing online thereby making it easily accessible and convenient.

(vi) Cost Effective: Investing in gold through the Quantum Gold Savings Fund in physical application mode enables the investor to invest in a low cost manner as the investor does not have to incur the following charges applicable for investing through the dematerialized mode.

Example if an investor subscribing Rs. 50,000/- each in Gold ETF through the dematerialized mode and Gold Savings Fund through physical application would incur following charges:-

Charges	Gold ETF through Demat Mode	Gold Savings Fund through Physical Application Mode
Account Opening Charges	Nil	Nil
Annual Maintenance charges of Demat Account	Rs. 0 - Rs. 1200	Nil
Delivery brokerage charges	Rs. 25 - Rs.300	Nil
DP Transaction charges	Rs. 25	Nil
Annual Scheme Recurring Expenses*	Rs.385	Rs. 490**
Total	Rs. 435 - Rs. 1910	Rs. 490

Delivery brokerage in the above example is in the range of 0.05% to 0.35% .The above charges may vary as per different brokers. Charges like trading account opening charges, goods and services tax, education cess, exchange levy and stamp duty is applicable on the transactions in dematerialized mode.

* Annual Scheme Recurring Expenses as shown above is as per the expense levied to Quantum Gold Fund ETF which is 0.78% p.a. as on March 31, 2022 thereby the expense charged to Quantum Gold Savings Fund - Direct Plan maximum would be 0.21% as the total expense under both the schemes would not exceed 1.00% p.a.

** Investment in QGSF 50000*0.21% + QGSF Investing in QGF - ETF 50000*0.78% = 105+385 = 490

I. INTRODUCTION

A. RISK FACTORS

Standard Risk Factors

- Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price / value / interest rates of the securities in which the scheme invests fluctuate, the value of your investment in the scheme may go up or down. The value of investments may be affected, inter-alia, by changes in the market, interest rates, changes in credit rating, trading volumes, settlement periods and transfer procedures; the NAV is also exposed to Price/Interest-Rate Risk and Credit Risk and may be affected inter-alia, by government policy, volatility and liquidity in the money markets and pressure on the exchange rate of the rupee.
- Past performance of the Sponsor / AMC / Mutual Fund does not guarantee future performance of the scheme.
- Quantum Gold Savings Fund (QGSF) is the name of the Scheme. The name of the Scheme does not in any manner indicate either the quality of the scheme or its future prospects and the returns. Investors are therefore urged to study the terms of offer carefully and consult their Investment Advisor before they invest in the Scheme.
- The sponsor is not responsible or liable for any loss or shortfall resulting from the operation of the scheme beyond the initial contribution of Rs.1,00,000/- made by it towards setting up the Fund.
- The present scheme is not a guaranteed or an assured return scheme.

Scheme Specific Risk Factors

- The Scheme will invest predominantly in the units of Quantum Gold Fund (QGF), a mutual fund scheme Replicating / Tracking Gold - in the form of an Exchange Traded Fund. The Scheme's performance may depend upon the performance of QGF. Any change in the investment policy or the fundamental attributes of QGF could affect the performance of the Scheme. All risks associated with underlying scheme, including performance of their underlying physical gold, asset class risk, passive investment risk, indirect taxation risk, etc., will therefore be applicable in this Scheme. Investors who intend to invest in the Scheme are required to and deemed to have understood the risk factors of the underlying scheme.
- The Scheme's NAV will react to the gold price movements and movements in the NAV of Quantum Gold Fund. The factor that may affect the price of gold, among other things include demand and supply for gold in India and in the global market, Indian and foreign exchange rates, inflation trends, trading in gold as commodity, legal restriction on movement / trade of gold that may be imposed by RBI, Government of India or countries that supply or purchase gold to / from India, trends and restrictions on export / import of gold in and out of India, etc.
- The portfolio disclosure of the scheme will be limited to providing the particulars of the Quantum Gold Fund where the scheme has invested and will not include the investments made by Quantum Gold Fund. However, as the scheme proposes to invest only in underlying scheme, the underlying assets will by and large be physical gold.
- The investors of the scheme will bear dual loads i.e. those of the scheme and those of Quantum Gold Fund. Hence, the investor under the scheme may receive lower pre-tax returns than what they could have received if they had invested directly in underlying scheme in the same proportions.

- Although the units of Quantum Gold Fund are listed on the stock exchange, there can be no assurance that an active secondary market for Quantum Gold Fund will develop or be maintained.
- Trading in units of Quantum Gold Fund on the stock exchanges may be halted because of market conditions or for reasons that in view of stock exchange authorities or SEBI, trading in the units of Quantum Gold Fund is not advisable. In addition, trading of units of Quantum Gold Fund is subject to trading halts caused by extraordinary market volatility and pursuant to circuit filter rules of the stock exchanges and SEBI. There can be no assurance that the requirements of stock exchanges necessary to maintain the listing of the units of Quantum Gold Fund will continue to be met or will remain unchanged.
- The units of Quantum Gold Fund may trade above or below their NAV. The NAV of Quantum Gold Fund will fluctuate with changes in the market value of its holdings. The trading prices of the units of Quantum Gold Fund will fluctuate in accordance with changes in its NAV as well as market supply and demand for the units of Quantum Gold Fund. However, given that units of Quantum Gold Fund can be created and redeemed in Creation Units Size directly with Fund, it is expected that large discounts or premiums to the NAV of Quantum Gold Fund will not sustain due to arbitrage opportunity available.
- Any changes in trading regulations by the stock exchanges or SEBI may affect the ability of market maker to arbitrage resulting into wider premium / discount to NAV of Quantum Gold Fund.

Risk Associated with Investing in Debt and Liquid Schemes:

- The Scheme may invest in Debt and Liquid Schemes of Mutual Funds for liquidity purpose, hence all the risk associated with the underlying Debt and liquid schemes, including performance of the underlying Debt and liquid schemes, Interest Rate Risk/Market Risk, Credit Risk or Default Risk, Liquidity and Settlement Risks, Re-investment Risk, Performance Risk etc., will therefore be applicable to the scheme. Any changes in the investment policy or the fundamental attributes of the underlying Debt and liquid schemes could affect the performance of the Scheme. Investors who intend to invest in the Scheme are required to and deemed to have understood the risk factors of the underlying Debt and liquid schemes.

B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

The Scheme / Plan shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme / Plan(s). However, if such limit is breached during the NFO of the Scheme, the Fund will endeavor to ensure that within a period of three months or the end of the succeeding calendar quarter from the close of the NFO of the Scheme, whichever is earlier, the Scheme complies with these two conditions. In case the Scheme / Plan(s) does not have a minimum of 20 investors in the stipulated period, the provisions of Regulation 39(2)(c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme / Plan(s) shall be wound up and the units would be redeemed at applicable NAV. The two conditions mentioned above shall also be complied within each subsequent calendar quarter thereafter, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days' notice to redeem his exposure over the 25% limit. Failure on the part of the said investor to redeem his exposure over the 25% limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

C. SPECIAL CONSIDERATIONS

Quantum Asset Management Company Private Limited (AMC) has received the No Objections from SEBI to provided Research Services in Equities and Fixed Income, and Research / Advisory Services in Multi Asset Allocation and

Emerging Markets in the Alternative Investment field to Quantum Advisors Private Limited (Sponsor) and QIEF Management LLC (QIEF) on commercial basis.

The AMC is providing Research / Advisory Service in Equities to the Sponsor & QIEF and Fixed income to Sponsor which is non-binding and non-discretionary in nature and not in conflict of interest with the activities of Quantum Mutual Fund. QIEF use such services for categories of Foreign Portfolio Investors (FPI) as prescribed in the SEBI circular dated December 16, 2019 as amended from time to time. The AMC has process in place to prohibit access to inside information of various activities as envisaged under Regulation 24(b) of SEBI (Mutual Funds) Regulations, 1996 by segregating the Key Personnel, System and Back Office, Bank Account activity wise.

Mutual funds being vehicles of securities investments are subject to market and other risks and there can be no guarantee against loss resulting from investing in the Scheme. The various factors which impact the value of the Schemes' investments include, but are not limited to, fluctuations in the capital markets, fluctuations in interest rates, prevailing political and economic environment, changes in government policy, factors specific to the issuer of the securities, tax laws, liquidity of the underlying instruments, settlement periods, trading volumes, etc.

The past performance of the Sponsors and their affiliates / associates is not indicative of the future performance of the Scheme. Investment decisions made by the AMC may not always be profitable.

From time to time and subject to the Regulations, the Sponsor, the mutual funds and investment companies managed by them, their affiliates, their associate companies, subsidiaries of the Sponsor and the AMC may invest either directly or indirectly in the Scheme. The funds managed by these affiliates, associates, the Sponsor, subsidiaries of the Sponsor and / or the AMC may acquire a substantial portion of the Scheme's Units and collectively constitute a major Investor in the Scheme. Accordingly, Repurchase / Redemption of Units held by such funds, affiliates / associates and Sponsors may have an adverse impact on the Units of the Scheme because the timing of such Repurchase / Redemption may impact the ability of the other Unitholders to redeem their Units.

In case the Scheme undertakes stock lending under the SEBI Regulations, the Scheme may, at times, be exposed to counter party risk.

The Trustee, AMC, Mutual Fund, their directors or their employees shall not be liable for any of the tax consequences that may arise, in the event that the Scheme is wound up for the reasons and in the manner provided for in the SAI.

Repurchase / Redemption by the Unitholder due to change in the fundamental attributes of the Scheme or due to any other reasons may entail tax consequences. The Trustee, AMC, Mutual Fund, their directors or their employees shall not be liable for any such tax consequences that may arise.

The tax benefits described in this SID are as available as on the date of issue of this SID under the present taxation laws and are available subject to relevant conditions. The information given is included only for general purpose and is based on advice received by the AMC regarding the law and practice currently in force in India and the Unit holders should be aware that the relevant fiscal rules or their interpretation may change. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of an investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Unitholder is advised to consult his / her / their own professional tax advisor.

Unitholders in the Scheme are not being offered any guaranteed/assured returns and Investors are advised to consult their Legal / Tax and other Professional Advisors in regard to Tax / Legal implications relating to their investments in the Scheme and before making decision to invest in or Repurchase the Units.

Neither this SID nor the Units have been registered in any jurisdiction.

This SID is meant for circulation only in India and therefore has not been registered in any other jurisdiction. The distribution of this SID in certain jurisdictions may be restricted or totally prohibited due to registration requirements and accordingly, persons who come into possession of this SID are required to inform themselves about such regulations / restrictions and to observe any such restrictions and / or compliance requirements.

The information herein is not for distribution and does not constitute an offer to buy or sell or the solicitation of any offer to buy or sell any securities or financial instruments in the United States of America ("US"), Canada and in Countries which are non-compliant with FATF Agreements, to or for the benefit of United States persons as defined under the US Securities Act of 1933, as amended, persons residing in Canada and Countries which are non-compliant with FATF Agreements. Quantum Mutual Fund Schemes / Units are not registered under the US Securities Act 1933 and the Schemes / Units are offered and sold outside the US in reliance of the exemption available under the Regulations.

The AMC shall rely on confirmation given by the investor in this regard and in no event shall members of the Quantum Group and / or their directors, officers and employees be liable for any direct, indirect, special, incidental or consequential damages arising out of any false confirmation/information provided by investors (including false information / confirmation about their residential status).

No person has been authorised to issue any advertisement or to give any information or to make any representations other than that contained in this SID. Circulars in connection with this offering not authorised by the Mutual Fund and any information or representations not contained herein must not be relied upon as having been authorised by the Mutual Fund.

Investors should study this SID carefully in its entirety and should not construe the contents hereof as advice relating to legal, taxation, investment or any other matters. Investors are advised to consult their legal, tax, investment and other professional advisors to determine possible legal, tax, financial or other considerations of subscribing to or repurchasing Units, before making a decision to invest/Repurchase Units.

The Mutual Fund may disclose details of the Unitholder's account and transactions thereunder to the Bankers / third party as may be necessary for the purpose of effecting payments to the Unitholder / verifying unitholder's account.

In terms of the Prevention of Money Laundering Act 2002, the Rules issued there under and the guidelines/circulars issued by SEBI regarding the Anti Money Laundering (AML Laws), all intermediaries, including Mutual Funds, have to formulate and implement a client identification programme, verify and maintain the record of identifying and address(es) of investors.

If after due diligence, the AMC believes that any transaction is suspicious in nature as regards money laundering, failure to provide required documentation, information, etc., the AMC shall have absolute discretion to report such suspicious transactions to FIU-IND and / or to freeze the folios of the investor(s), reject any application(s) / allotment of units and effect mandatory redemption of unit holdings of the investor(s) at the applicable NAV subject to payment of exit load, if any.

In terms of Foreign Account Tax Compliance Act (FATCA), the AMC / Mutual Fund will be required to undertake due diligence process and identify US reportable accounts and collect such information / documentary evidences of the US and / or non-US status of its investors / Unit holders and disclose such information (through its agents or service providers) as far as may be legally permitted about the holdings, investment returns and / or to US Internal Revenue Service (IRS) or the Indian Tax Authorities, as the case may be for the purpose of onward transmission to the IRS under FATCA. The Government of India has signed IGA under FATCA and also Multilateral Competent Authority Agreement (MCAA) for Common Reporting Standard (CRS) implementation. Under the agreement, India would be obligated to get its financial institutions to share financial account information of accountholders who are tax

residents in any of the signatory countries. Likewise, India would also get similar information through financial institutions of such treaty countries. FATCA / CRS due diligence will be directed at each investor / Unit holder (including joint investor) and on being identified as a reportable person / specified US person, all the folios will be reported to IRS or the Indian Tax Authorities. Investors / Unit holders should consult their own tax advisors regarding FATCA / CRS requirements with respect to their own situation. If the Investors / Unit Holders will not provide the FATCA / CRS self-declaration and documentation for due diligence, then the AMC / Mutual Fund will freeze / close the investor / unitholders account and then report their information as reportable accounts to comply with the regulatory requirements.

Pursuant to Notification No. S.O. 4419(E) dated December 10, 2019, Notification No. S. O. 115(E) dated January 08, 2020, Notification No. S.O. 1226(E) and G.S.R. 226(E) dated March 30, 2020 issued by Department of Revenue, Ministry of Finance, Government of India, read with Part I of Chapter IV of Notification dated February 21, 2019 issued by Legislative Department, Ministry of Law and Justice, Government of India, the stamp duty @0.005% or other % as may be prescribed from time to time of the transaction would be levied on applicable mutual fund transactions (excluding redemption) with effect from July 01, 2020, Accordingly, pursuant to the levy of stamp duty, the number of units allotted on purchase transactions (including switch in and reinvestment of Income Distribution Cum Capital Withdrawal) to the unitholders would be reduced to that extent.

A. TYPE AND CATEGORY OF THE SCHEME

- a. Type of Scheme: An Open ended Fund of Fund Scheme investing in Quantum Gold Fund.
- b. Category of Scheme: Fund of Fund – Domestic

B. WHAT IS THE INVESTMENT OBJECTIVE OF THE SCHEME?

The investment objective of the scheme is to provide capital appreciation by predominantly investing in units of Quantum Gold Fund -Replicating / Tracking Gold which is an Exchange Traded Fund

The performance of Scheme may differ from that of Quantum Gold Fund and the domestic prices of gold due to expenses and certain other factors. There can be no assurance or guarantee that the investment objective of the Scheme will be achieved.

C. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

The investment policies of the Scheme shall be as per SEBI (Mutual Funds) Regulations, 1996, and within the following guideline. The asset allocation under the Scheme, under normal circumstances, will be as follows:

Instruments	Indicative Allocation (% to net assets)	Risk Profile
Units of Quantum Gold Fund	95% to 100%*	Medium to High
Money Market instruments, Short-term Corporate debt securities, Tri-Party Repo and units of Debt and Liquid Schemes of Mutual Funds	0% to 5%	Low

* As the scheme invests 95% to 100% of the net assets into the units of Quantum Gold Fund, the scheme will, by and large, be passively managed scheme.

It may be clearly understood that the percentages above are only indicative and not absolute.

The Scheme would invest in money market instruments, short-term corporate debt securities, Tri-party Repo and units of debt and liquid schemes of mutual funds, in order to meet the liquidity requirements of the Scheme.

The above asset allocation is only indicative and may change from time to time, keeping in view the market conditions and applicable rules and regulations.

CHANGE IN INVESTMENT PATTERN

Subject to the SEBI Regulations & rebalancing period of 30 days, the asset allocation pattern indicated above may change from time to time, depending on liquidity considerations or on account of high levels of subscriptions or Repurchase / Redemptions relative to Scheme size, or upon considerations that optimize returns of the Scheme through investment opportunities or upon various defensive considerations including market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute. These proportions may vary substantially depending upon the perception of the AMC the intention being at all times to seek to protect the interests of the Unitholders. Such changes in the investment pattern will be for short term and only for defensive considerations. In the event of deviations from the above asset allocation table, the Fund Manager will endeavor to carry out rebalancing within 30 Days, justification for the same shall be placed before the Investment Committee and reasons for the same shall be recorded in writing. The Investment Committee shall then decide on the course of actions. However, at all the times the portfolio will adhere to the overall investment objectives of the Scheme.

In case of deviation from the above stated allocation table due to passive breaches (occurrence of instances not arising out of commission and omission of the AMC), the rebalancing will be done within 30 Business Days. If the rebalancing is not done within 30 Business Days, then justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee. The Investment Committee if so desires, can extend the timeline upto 60 Business Days from the date of completion of mandated 30 days rebalancing period.

D. WHERE WILL THE SCHEME INVEST?

Mode of Investment

The Scheme predominantly invests in units of Quantum Gold Fund. The scheme may also invest up to 5% in debt, money market instruments and units of Debt and Liquid Schemes of mutual funds.

- a. Purchase of units of Quantum Gold Fund: The investments could be made either directly with the underlying fund or through the secondary market.
- b. The securities in which the Investment Manager may invest under the Scheme will be through the primary as well as secondary markets, private placement, preferential/firm allotments, auctions/book building and such others. These securities may be those listed on the various stock exchanges recognized by SEBI or to be listed securities and the investment will be in conformity with the pertinent rules and regulations, internal restrictions applicable at the time of making the investment.
- c. Pending deployments of funds of a scheme in securities in terms of investment objectives of the Scheme, the AMC can invest the funds of the scheme in short-term deposits of scheduled commercial banks. The investments in short term deposits of scheduled commercial banks will be reported to the trustees along with the reasons for the investment which, inter alia, would include comparison with the interest rates offered by other scheduled commercial banks. Further, the AMC will ensure that the reasons for such investments are recorded in the manner prescribed in SEBI Circular MFD/CIR/6/73/2000 dated July 27, 2000 and such investments in short-term deposits are made in line with SEBI Circular SEBI/IMD/CIR No. 1/ 91171 /07dated April 16, 2007 and Circular dated June 23, 2008 or such other guidelines that SEBI may issue from time to time.

The AMC uses a “passive” approach to try and achieve the scheme’s investment objective.

E. WHAT ARE THE INVESTMENT STRATEGIES?

Investment Strategy / Philosophy

The AMC uses ‘passive’ approach to try and achieve the Scheme’s investment objective. The Scheme would predominantly invest in the units of Quantum Gold Fund. The AMC does not make any judgments about the investment merit of a Quantum Gold Fund nor will it attempt to apply any economic, financial or market analysis. Passive approach eliminates active management risks in regards to over / underperformance vis-à-vis the benchmark.

The Scheme will buy / sell units from the underlying scheme i.e. Quantum Gold ETF in Creation of Unit Size or through the secondary market through stock exchange route to achieve the investment objectives. The Scheme would endeavor to stay invested in the underlying scheme practically to the maximum extent possible at all times. However, the Scheme would also maintain some funds for meeting expenses and redemption purposes, in order to meet the liquidity requirements of the Scheme as prescribed in the Asset Allocation.

Quantum Gold Fund which is the underlying investment of this Scheme endeavors to track domestic prices of gold by investments in physical gold. It is also a passively managed scheme. On an average the Quantum Gold Fund has been 99.99% invested in gold since its inception in February 2008. This track record in terms of the investment allocation to physical gold evidences the extent to which the fund attempts to track the underlying.

Tracking error means the variance between returns of the underlying benchmark (gold ETF units in this case) and the NAV of the Scheme for any given period.

Tracking Error means the extent to which the NAV of the Scheme moves in a manner inconsistent with the movements of the benchmark on any given day or over any given period of time due to any cause or reason whatsoever including but not limited to expenditure incurred by the scheme, payouts of IDCW if any, whole cash not invested at all times as it may keep a portion of funds in cash to meet redemption etc. Tracking error quantifies how closely a manager's return pattern follows that of a benchmark index, and is defined as the standard deviation of the funds excess return over the underlying / benchmark index return.

Given the structure of Quantum Gold Fund, the AMC expects the tracking error to be lower. The AMC will endeavor to keep the tracking error as low as possible. Under normal circumstances, such tracking errors (with respect to the underlying i.e. Quantum Gold Fund) are not expected to exceed 2% per annum. However, this may vary when the markets are very volatile and also when the inflows / outflows in the fund are too excessive.

A tracking error may result due to conditions that are beyond the control of the fund manager:

(a) The Scheme would buy the underlying units on the exchange platform. The price at which the Scheme buys underlying units and its NAV (based on London AM fix and RBI reference rate) are likely to be different thereby causing deviation and creating tracking error.

(b) The underlying units bought will incur a brokerage cost which would again lead to deviation in the Scheme and the underlying NAVs.

(c) Tracking error would also arise on account of time lag between allotment of NAV to the investor and availability of actual funds for deployment as explained in above para. On account of this time lag, the procurement price of the underlying units would be different than the NAV at which allotment is made leading to tracking errors.

RISK CONTROL / RISK MANAGEMENT STRATEGY

Risk is an important part of investment function. Effective risk management is critical to fund management for achieving financial goals. Investment made by the Scheme shall be made in accordance with investment objective of the Scheme and provisions of SEBI (Mutual Funds) Regulations, 1996.

The Fund has identified the following Risks and designed Risk Management Strategy which is the part of the investment process to manage such risks.

Type of Risks	Risk Management Strategy
Risk of deviating away from the investment objective of tracking gold prices through investments in units of Quantum Gold Fund (ETF)	The approach adapted to managing the Scheme would be a passive investment approach. The Scheme endeavors to stay near fully invested at all times. Brokerage paid for buying units on the exchange may also lead to increase in deviation. To mitigate the same, the Scheme will analyze from time to time different ways of taking exposure to units of Quantum Gold Fund from the perspective of risk and return and decide the same in the best interest of investors. For e.g. : Investing directly with the fund by purchasing and delivering physical gold to create / purchase new units whenever possible will help to avoid payment of any brokerage charges.

Type of Risks	Risk Management Strategy
	<p>However, the bid ask spreads in the underlying units and time lag for availability of fund for deployment may lead to small deviations.</p>
<p>Price Risk</p>	<p>Buying / selling on the exchange: On account of the usual bid-ask spread, the Scheme may pay / receive premium / discount while purchasing / selling the underlying units on the exchange.</p>
	<p>The fair value of the units of the Quantum Gold ETF would be calculated on a real time basis and orders would be placed near the real time fair value to avoid overpaying while purchases or receiving less while selling other than a reasonable bid ask spread.</p> <p>Buying / selling directly through the Quantum Gold Fund There is price risk involved when buying physical gold for purchase of units on account of the possibility of the difference between the purchase price of gold and the gold price computed by the underlying fund for valuation purposes. The Scheme may choose to buy gold by placing the order to buy at London AM Fixing price which is used for valuation for the underlying fund and thereby avoid price risk to a greater extent.</p> <p>In case of redeeming units directly with the fund, the fund would deliver gold on a T+1 basis which causes time lag and also the same would have to be sold on the open market which can be at a premium / discount. However, the Scheme would usually sell the units on the exchange.</p>
<p>Liquidity Risk</p>	<p>It is found that sufficient liquidity is provided by the authorized participants of Quantum Gold Fund.</p> <p>In case of liquidity issues, the fund can opt for the alternative way of buying / selling units in exchange of the underlying. The underlying can then be bought / sold in order to deploy funds or to raise cash for redemptions.</p>

RECORDING OF INVESTMENT DECISIONS

The Investment Decisions are made by the AMC's portfolio team. The Portfolio Team comprises of the Fund Manager, who head the team, and the Associate Fund Manager as and when appointed by the AMC. The Investment decisions of the Scheme will be carried out by the designated Fund Manager.

The Managing Director and Chief Executive Officer is not involved in the investment decision making process.

Record of all investment decisions will be maintained with justifications for the same as required under the regulations.

In respect of investment in units of Quantum Gold Fund, record of each investment decision mentioning the number of units, average rate of purchase, total amount invested, date of purchase and date of settlement will be maintained.

It is the responsibility of the AMC to ensure that the investments are made as per the Internal / Regulatory guidelines, Scheme's investment objective and in the best interest of the Unit holders of the Scheme.

All investment decisions shall be recorded in terms of SEBI Circular no MFD/CIR/6/73/2000 dated July 27, 2000 or as may be revised by SEBI from time to time.

PERFORMANCE MEASUREMENT AND REPORTING

The Investment Committee of the AMC at its regular meeting shall review performance of the Scheme, compliance of the various investment restrictions and compliance with the investment objectives stipulated in the Scheme Information Document and all other applicable SEBI Regulations. The AMC and Trustees shall also review the performance of the scheme at their periodical Board Meetings. The performance would be compared with the performance of the Benchmark and with peer group in the industry.

The MD & CEO/Fund Manager will make presentations to the Board of the AMC and the Trustees periodically, indicating the performance of the Scheme. The Board of AMC and Trustee will review the performance of the Scheme in comparison to the benchmark.

The MD & CEO / Fund Manager will bring to the notice of the AMC Board, specific factors if any, which are impacting the performance of the Scheme. The Board on consideration of all relevant factors may, if necessary, give appropriate directions to the AMC. Similarly, the performance of the Scheme will be submitted to the Trustees. The MD & CEO / Fund Manager will explain to the Trustees, the details on the Schemes' performance vis-à-vis the benchmark returns. The Trustees and the AMC Board may also review the performance of the schemes vis-à-vis the benchmark and may take corrective action in case of unsatisfactory performance.

PORTFOLIO TURNOVER

The scheme is an open-ended scheme. It is therefore expected that there would be a number of subscriptions and redemption on a daily basis that may require purchase and sale of the securities. Therefore, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio.

Portfolio Turnover Ratio for last one year: **12.13%**

INVESTMENT BY AMC IN THE SCHEME

The AMC may invest in the Scheme at any time during the continuous offer period subject to the SEBI Regulations & circulars issued by SEBI and to the extent permitted by its Board of Directors from time to time. As per the existing SEBI Regulations, the AMC will not charge investment management and advisory fee on the investment made by it in the Scheme.

The investments in short term deposits of scheduled commercial banks will be reported to the trustees along with the reasons for the investment which, inter alia, would include comparison with the interest rates offered by other scheduled commercial banks. Further, the AMC will ensure that the reasons for such investments are recorded in the manner prescribed in SEBI Circular MFD/CIR/6/73/2000 dated July 27, 2000 and such investments in short term

deposits are made in compliance of SEBI Circular SEBI/IMD/CIRNo1/91171/07 dated April 16, 2007, June 23, 2008, August 16, 2019 and September 20, 2019 such other guidelines that SEBI may issue from time to time.

6. The Scheme shall not make any investment in a Fund of Funds Scheme.
7. The Scheme may invest upto 5% of its net assets in unrated debt instruments subject to conditions that such investments can be made only in such instruments, including bills re-discounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in MF Regulations & various circulars issued thereunder. Investments shall be made with the prior approval of the Board of AMC & Trustee.
8. The Scheme shall not invest more than 10% of its NAV in debt instruments issued by a single issuer rated not below investment grade by a credit rating agency authorised to carry out such activity under the Securities and Exchange Board of India Act, 1992 and this limit may be extended to 12% of the NAV of the Scheme subject to prior approval of the Board of the AMC and the Trustee. Provided that such limit shall not be applicable for investment in Government Securities, Treasury Bill and Triparty Repo on Government Securities or treasury bills.
9. The Scheme shall not invest in unlisted debt instruments including commercial papers, except government securities and other money market instruments. Provided that the Scheme may invest in unlisted non-convertible debentures up to a maximum of 10% of the debt portfolio of the scheme subject to such condition as may be specified by the SEBI from time to time.
10. The Scheme shall not invest in ADR/GDR, foreign securities, derivative instruments and securitized debt and shall not lend securities. However, underlying schemes may have ADR / GDR, foreign securities, derivative instruments and securitized debt in their investment strategies.

All the above investment restrictions shall be applicable at the time of making the investment.

The AMC may alter these above stated restrictions from time to time to the extent the SEBI Regulations change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its respective investment objective. The Trustee may from time to time alter these restrictions in conformity with the SEBI Regulations.

M. INTRODUCTION TO GOLD FUNDS

Since the beginning of civilization, gold has been associated with wealth, prestige and power. It is a highly sought-after precious metal which, for many centuries, has been used as money, a store of value and in jewellery.

Even today, after gold has been officially delinked from currencies, it has a huge role to play in the global economy. Gold is still widely considered to be an asset whose intrinsic value and purchasing power will not be widely subjected to the vagaries of inflation. So, during times of high inflation or depreciating currencies, people have turned to gold as a store of value. As the economic factors which influence the value of gold is often contrarian to their impact on other financial assets, gold is used as an effective asset-allocation and diversification tool.

It comes as no surprise that gold is much sought after in today's uncertain times given its time tested history of being an effective portfolio diversifier and a store of value.

N. INTRODUCTION TO GOLD EXCHANGE TRADED FUND (ETF)

Gold ETFs are investment vehicles that provide exposure to physical gold. The underlying asset for the ETF is physical gold. So, the value of the ETF unit depends on the underlying value of the gold. They offer investors a smart way of investing in the gold bullion without the necessity of actually physically holding gold and storing it. It is akin to buying gold in demat form. The ETFs are passively managed, resulting in lower expenses, which translate to better returns for the investors. As the ETFs are listed on a stock exchange, any investor can buy it like an equity share through the broker.

Gold ETFs are essentially passively managed mutual fund schemes which follow an "in kind" creation / redemption mechanism. This "in kind" mechanism means that units are created and redeemed for exchange of physical gold. In other words, large investors / institutions can purchase units of Gold ETF by depositing the underlying physical gold with the mutual fund / AMC. Also, large investor / institutions on redemption would receive the physical gold in exchange of units. This "in Kind" mechanism helps to track gold prices efficiently and limits the tracking error.

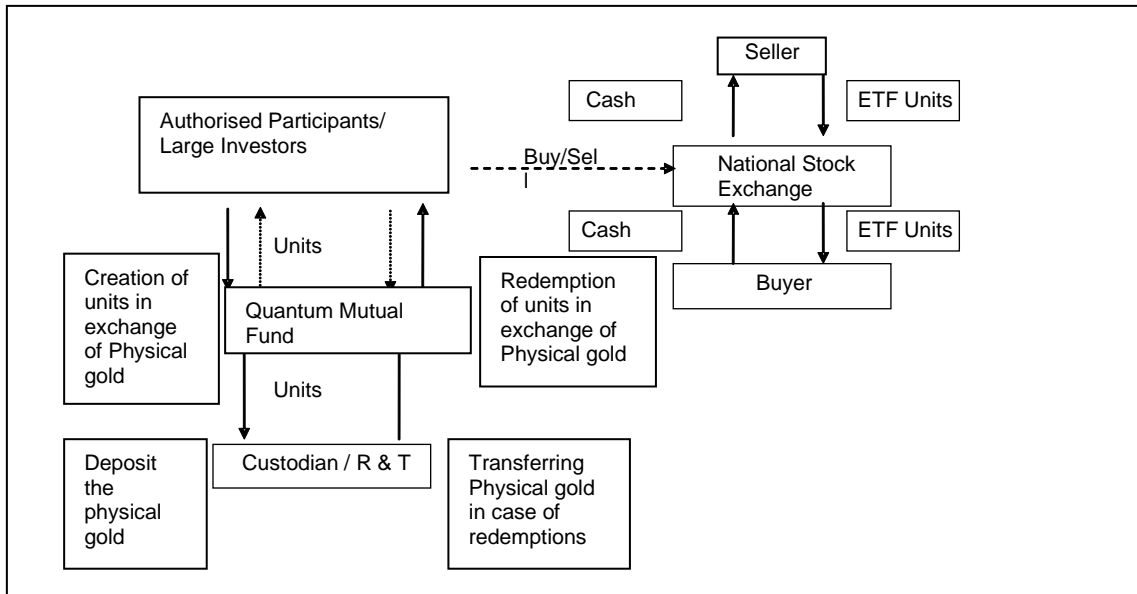

Long-term investors can diversify their portfolio at a low cost and be insulated from the impact of short-term trading activity. As the security is exchange traded, the fund does not incur extra transaction cost for buying / selling the underlying on account of frequent subscriptions and redemptions. Shorter-term investors can also avail of ETFs to improve their liquidity - they can trade intra-day at near NAV quotes.

The ETFs are also more economical for the investor. Apart from being highly transparent investment vehicles, The ETFs charge lower annual expenses. Over the long term, these cost advantages can compound into a significant difference for the investor.

O. QUANTUM GOLD FUND

Quantum Gold Fund is an open ended Exchange Traded mutual fund scheme Replicating / Tracking domestic market prices of gold through investments in physical Gold. The investment objective of the scheme is to generate returns that are in line with the performance of gold and gold related instruments, subject to tracking errors. The scheme invests at least 95% of its net assets in physical gold.

P. HOW QUANTUM GOLD FUND WORKS

Quantum Gold Fund is available in denominations corresponding to as low as 0.01 gram of gold per unit.

Quantum Gold Fund units can be bought and sold like an equity share on the exchange through any broker member's terminal. Units purchased will get credited to investor's demat account.

Units can be bought / sold at real time prices closely corresponding with the movement in gold prices as opposed to end of the day prices.

It offers investors a smart way of investing in the gold bullion without the necessity of actually physically holding gold and storing it. It provides investors as an excellent means for asset allocation by diversification into gold bullion with relative ease.

D. COMPUTATION OF NAV

Market or Fair Value of Scheme's investments (+) Current Assets (-) Current Liabilities and Provisions Divided by No. of Units outstanding under the Scheme on the valuation date,

The NAV shall be calculated for every Business Day and announced by next Business Day up to 10.00 a.m. The valuation of the Scheme's assets and calculation of the Scheme's NAV shall be subject to audit on an annual basis and subject to such regulations as may be prescribed by SEBI from time to time.

NAV shall be rounded off to the fourth decimal.

The underlying units will be valued at closing market price of underlying units as traded on the principal exchange. In case the units of underlying ETF get classified as thinly traded / non traded the same may be valued as per the underlying NAV of the fund. For the purpose of determination of the thinly traded / non traded securities the definitions in the SEBI Regulations pertaining to equity schemes shall be applied, since there are not specific references to Gold based units. Computation of NAV will be done after taking into account income distribution, if any, and the distribution tax thereon, if applicable. The income earned and the profits realized in respect of the units remain invested and are reflected in the NAV of the Units.

IV. FEES AND EXPENSES

This section outlines the expenses that will be charged to the scheme.

A. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid marketing and advertising, registrar expenses, printing and stationery, bank charges etc.

No initial issue expenses were charged to the Scheme and the entire initial issue expense was borne by the AMC.

B. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the scheme. These expenses include, Registrar and Transfer Agent fee, marketing and selling costs, custody fees etc.

The estimated recurring expenses of the Scheme are as under:

^ Investor Education and Awareness initiatives

As per Para F of the SEBI Circular No. CIR/IMD/DF/21/2012 dated September 13, 2012, the AMC shall annually set apart at least 2 basis points p.a. (i.e. 0.02% p.a.) on daily net assets of the Scheme within the limits of total expenses prescribed under Regulation 52 of SEBI (MF) Regulations for investor education and awareness initiatives undertaken by the Fund.

Regular Plan expense ratio will be higher of upto 0.15% or such other higher percentage as may be decided from time to time inclusive of Statutory Levies and Applicable Taxes (if any) in comparison of Direct Plan expense ratio within the Total Expense Ratio limit, wherein distributor commission for distribution of units will be paid / charged under the Regular Plan.

All fees and expenses charge under a direct plan (in percentage terms) under various heads including the investments and advisory fee shall not exceed the fees and expenses charged under such heads in a regular plan.

The AMC has estimated that above expenses will be charged to the Scheme as permitted under Regulation 52 of SEBI (MF) regulations. For the actual current expenses being charged, the investor should refer to the website of the Mutual Fund viz. www.QuantumAMC.com / www.QuantumMF.com. For the actual current expenses being charged, the investor should refer to the website of the Mutual Fund viz. www.QuantumAMC.com / www.QuantumMF.com. The Fund would update the current expense ratio of the scheme on the website at least three working days prior to the effective date of the change. Investor can refer <https://www.quantumamc.com/total-expense-ratio/report-1> for total expense ratio details.

Additionally, the Fund will disclose the Total Expense Ratio (TER) of the Scheme on daily basis on the website of AMFI (www.amfiindia.com).

As per Regulation 52(6)(a) of SEBI (MF) Regulations, the total expenses of the Scheme, including weighted average of charges levied by the underlying scheme shall not exceed 1.00% of the daily net assets of the scheme. Provided that the total expense ratio to be charged over and above the weighted average of the total expense ratio of the underlying scheme shall not exceed two times the weighted average of the total expense ratio levied by the underlying scheme subject to the overall ceilings as stated above.

Investment Management and Advisory Fees:

The investors may note that no Investment Management Fee will be charged to the Scheme. The total expenses charged to the Scheme shall not be more than 1.00 % of the daily net asset of the Scheme and underlying Scheme i.e. Quantum Gold Fund. For example if expenses charged to Quantum Gold Fund is 0.75% of the daily net assets, then the expenses charged to the Scheme will be 0.25% of the daily net assets OR if expenses charged to Quantum Gold Fund is 0.50 % of the daily net assets, then the expenses charged to the Scheme will be 0.50% of the daily net assets.

Additional Expenses:

In addition to the Maximum Total Expense Ratio as permissible under Regulation 52 of SEBI MF Regulations as amended from time to time, following additional expenses may be charged to the Scheme as mentioned in below.

- a. Expenses not exceeding of 0.30 % of daily net assets if the new inflow from such cities as specified by the SEBI from time to time are at least 30 per cent of gross new inflows in the scheme or 15 per cent of the average assets under management (year to date) of the scheme whichever is higher.
- b. Goods and Services Tax on investment and advisory fees of the Scheme.

Investors are requested to note that currently Quantum Mutual Fund shall not charge any additional expenses to the Scheme(s) as mentioned in the sub - clause (a) and (b) above.

As no additional expenses towards beyond 30 cities as mentioned in clause (a) under the heading Additional Expenses will be charged to the Scheme, the provisions relating to clawed back as prescribed in the SEBI (MF) Regulations will not be applicable.

Goods and Services Tax and Statutory Levies, if any on Investment Advisory fees will be charged to scheme within the overall limit of expense as permitted under the SEBI Regulations.

Brokerage and transaction cost incurred for the purpose of execution of trade will be capitalized to the extent of 0.12% for cash market transactions. Brokerage and transaction costs exceeding of 0.12% for cash market transactions, if any may be charged to the scheme within the maximum limit of TER as prescribed under regulation 52 of the Regulations.

The maximum recurring expenses of the Scheme, excluding the investment management and advisory fee, together with additional expenses if any, shall not exceed the limits prescribed under Regulation 52 of the SEBI (Mutual Funds) Regulations 1996 read with aforesaid SEBI circular dated September 13, 2012, as explained above.
