Portfolio Rebalancing in case of deviation from Asset Allocation Under Defensive Consideration

The asset allocation pattern indicated above may change from time to time, depending on liquidity considerations or on account of high levels of subscriptions or Repurchase / Redemptions relative to Scheme size, or upon various defensive considerations including market conditions, market opportunities, applicable regulations and political and economic factors. These proportions may vary substantially depending upon the perception of the AMC the intention being at all times to seek to protect the interests of the Unitholders. Such changes in the investment pattern will be for short term and only for defensive considerations in accordance with Para No. 19.1. (b) of SEBI Master Circular for Mutual Funds dated March 20, 2026. In the event of deviations from the above asset allocation table, the Fund Manager will carry out rebalancing within 30 Calendar Days. However, at all the times the portfolio will adhere to the overall investment objectives of the Scheme.

Further, in case the AUM of deviated portfolio is more than 10% of the AUM of main portfolio of scheme, the AMC shall immediately after the expiry of the mandated rebalancing period (i.e. 30 Business Days):

Risk Profile of the Scheme

Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. Scheme specific Risk Factors are summarized below:

Risk Factors related to Equity Investments

1. The Scheme proposes to invest in the diversified equity schemes across all market caps of Mutual Funds. Hence the scheme's performance will depend upon the performance of the underlying schemes. Any change in the investment policies or the fundamental attributes of the underlying schemes may affect the performance of the scheme.
2. Investments in underlying equity schemes will have all the risks associated with such schemes including performance of underlying stocks, derivative investments, off shore investments, stock lending, etc.
3. The investors of the Scheme shall bear the recurring expenses and loads if any of the Scheme in addition to the expenses & loads of the underlying schemes. Hence the investor under the Scheme may receive lower pre-tax returns than that they could have received if they had invested directly in the underlying schemes in the same proportions.
4. The Portfolio disclosure of the Scheme will be limited to providing the particulars of the underlying schemes where the Scheme has invested and will not include the investments made by the underlying schemes.
5. The changes in asset allocation may result in higher transaction costs.
6. Since the Scheme proposes to invest at least in 5 underlying schemes, the significant underperformance in even one of the underlying schemes may adversely affect the performance of the Scheme.

For details on risk factors and risk mitigation measures, please refer SID.

As per PMLA guidelines and relevant SEBI circulars issued from time to time, non-individuals and trusts are required to provide details of controlling persons [CP] / ultimate beneficiary owner [UBO] and submit appropriate proof of identity of such CPs/ UBOs. The beneficial owner has been defined in the circular as the natural person or persons, who ultimately own, control or influence a client and/or persons on whose behalf a transaction is being conducted and includes a person who exercises ultimate effective control over a legal person or arrangement.

A. For Investors other than individuals or trusts:
