Portfolio Rebalancing in case of deviation from Asset Allocation Under Defensive Consideration

The asset allocation pattern indicated above may change from time to time, depending on liquidity considerations or on account of high levels of subscriptions or Repurchase / Redemptions relative to Scheme size, or upon various defensive considerations including market conditions, market opportunities, applicable regulations and political and economic factors. These proportions may vary substantially depending upon the perception of the AMC the intention being at all times to seek to protect the interests of the Unitholders. Such changes in the investment pattern will be for short term and only for defensive considerations. In the event of deviations from the above asset allocation table, the Fund Manager will carry out rebalancing within 30 Calendar Days in accordance to para-No. 2.9 of SEBI Master Circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024. However, at all the times the portfolio will adhere to the overall investment objectives of the Scheme.

Portfolio Rebalancing in case of Passive Breach

Pursuant to para-No. 2.9 of SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, in the event of deviation from the above asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the rebalancing shall be done within 30 Business Days. In case the rebalancing is not done within 30 Business Days, then justification in writing including details of efforts taken to rebalance the portfolio shall be place before the Investment Committee. The Investment Committee, if so desires, can extend the timelines upto 60 Business Days from the date of completion of 30 Business Days rebalancing period.

In case the portfolio of scheme is not rebalanced within the aforementioned mandated plus extended timelines, the AMCs shall:

- not be permitted to launch any new scheme till the time the portfolio is rebalanced.
- not to levy exit load, if any, on the investors exiting from the scheme.

AMC shall report the deviation to Trustees at each stage. Further, in case the AUM of deviated portfolio is more than 10% of the AUM of main portfolio of scheme:

- AMCs shall immediately disclose the same to the investors through SMS and email / letter including details of portfolio not rebalanced.
- AMCs shall also immediately communicate to investors through SMS and email / letter when the portfolio is rebalanced.

AMCs shall also disclose any deviation from the mandated asset allocation to investors along with periodic portfolio disclosures as specified by SEBI from the date of lapse of mandated plus extended rebalancing timelines.

Investment Strategy

The investment strategy of the Scheme will be to invest in a basket of stocks after using intensive fundamental analysis, both quantitative and qualitative, monitor the portfolio actively but not so as to engage in excessive trading, and control risk by keeping the portfolio adequately diversified (both in terms of the sectors included in the portfolio as well as with respect to the level of concentration of any particular investment).

The primary focus of the Scheme will be on companies that will typically be included in the BSE 200 Index. Valuations will be developed based on the business of the company, the environment in which it operates the skills and resources of its management, the strength of its balance sheet and cash flow relative to its long term goals, and other fundamental sector criteria. Investments will be made in companies whose shares are undervalued when compared to long term valuation expectations. Investments will be sold when the Investment Manager believes the market price of the shares has exceeded its assessment of the long term value of that company, or if there are adverse changes to that company's management, prospects or the markets in which that company operates. This evaluation against market prices will tend to be based on fundamental criteria (dividend yields, price to earnings, price to cash flow, price to book value, and other different measures of share price ratios), relative to a company's peer group, its history and the overall equity markets.

Market liquidity will be an important tool to mitigate investment risk. Accordingly, a number of the companies in the portfolio may be included in the BSE 200 TRI that the Investment Manager will use as a Tier II benchmark, but this will not be a criterion for including a company in the Scheme's portfolio and the portfolio may not include some of the companies in the BSE 200 TRI. There may, however, be situations where other factors make an investment attractive enough to cause the Investment Manager to purchase a stock despite a relatively low level of liquidity in that stock. In addition, as noted above, the Scheme may invest in securities which are to be listed.

The Scheme may seek investment opportunity in the ADR / GDR and Foreign Securities (maximum 10% of Net Assets) subject to SEBI (Mutual Funds) Regulations, 1996. The Scheme may use derivatives for the purpose of hedging and portfolio balancing (max. 5% of Net Assets) based on the opportunities available subject to SEBI (Mutual Funds) Regulations, 1996.

Investment Portfolio

The Scheme's investment portfolio typically will consist of investments made in shares of "Indian companies" (defined as a company that is listed on a stock exchange in India or elsewhere and, if not located in India, has over 50% of its assets, revenues, or profits generated from operations in India). The Scheme will invest primarily in equity securities of Indian issuers listed on an Indian stock exchange, or on an approved over-the-counter exchange, including in the form of Depository Receipts. From time to time the Scheme may also invest in synthetic instruments, such as derivatives, as permitted under the SEBI Regulations, which are used to gain exposure to the stocks listed on the Indian stock exchanges, and in the shares of companies that are to be listed. The Board of Quantum AMC will from time to time review and approve the overall investment policy and strategy of the portfolio held by the Scheme. The Scheme will be subject to the investment restrictions prescribed under the SEBI (Mutual Fund) Regulations 1996.

While the majority of the assets will be invested in the securities of Indian companies, the Scheme may also invest in Debt & money market instruments or in units of liquid schemes under the Quantum AMC or any other Mutual Fund, subject to the applicable SEBI Regulation limits, for brief periods of time pending investment in equities or other securities more generally associated with the Scheme's portfolio.

The Scheme will also have the ability to invest in the following derivative products (provided these products are listed on a stock exchange); equity and index options, derivatives (including single-stock futures, index futures and currency futures). The Scheme will make such investments only when potential returns are appropriately high enough to justify such investments, in light of the Scheme's objectives. These types of investments will be less than 5% of the total assets of the Scheme. Securities acquired by the Scheme will primarily be denominated in Indian Rupees, although investments may also be made in other currencies, if justified under circumstances then prevailing.

Generally speaking, the portfolio will tend to include shares of 25 to 40 different companies, and the value of the holdings of any one company will tend to be in the range of 2% to 6% of the value of the portfolio. Particular sectors or industries will not be a significant factor in the decision to add a company to the Scheme's portfolio.

Although the Scheme will have the ability to invest in derivatives, it should be noted that the returns will always be dependent on market movements and hence the Scheme is not a typical market neutral "hedge fund". Furthermore, the under-developed nature of the derivatives market at this stage suggests that the Scheme is not likely to use derivative instruments in the near future. Investors seeking "market-neutral" hedge-fund Schemes or short-term investment strategies should not invest in the Scheme.

Risk Profile of the Scheme

Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. Scheme specific Risk Factors are summarized below:

The Scheme proposes to invest primarily in equity and equity related securities. The Scheme will, to the extent required to meet Repurchase / Redemption obligations or for want of immediate appropriate investment opportunities in equity or equity related instruments, also hold the funds in money market instruments or, subject to the limits as prescribed under the SEBI (Mutual Fund) Regulations, 1996, invest in units of liquid schemes under the Quantum AMC or any other Mutual Funds. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to its inability to liquidate the cash equivalents in time could cause the Scheme to miss certain investment opportunities resulting, at times, in potential losses to the Scheme.

The Mutual Fund is not guaranteeing or assuring any returns. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of the investments made by the Scheme. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances leading to delays in receipt of proceeds from sale of securities.

For details on risk factors and risk mitigation measures, please refer SID.

Instructions on Controlling Persons / Ultimate Beneficial Owner

As per PMLA guidelines and relevant SEBI circulars issued from time to time, non-individuals and trusts are required to provide details of controlling persons [CP] / ultimate beneficiary owner [UBO] and submit appropriate proof of identity of such CPs/ UBOs. The beneficial owner has been defined in the circular as the natural person or persons, who ultimately own, control or influence a client and/or persons on whose behalf a transaction is being conducted and includes a person who exercises ultimate effective control over a legal person or arrangement.

A. For Investors other than individuals or trusts:

(i) The identity of the natural person, who, whether acting alone or together, or through one or more juridical person, exercises control through ownership or who ultimately has a controlling ownership interest. Controlling ownership interest means ownership of/entitlement to:

- more than 10% of shares or capital or profits of the juridical person, where the juridical person is a company.
- more than 15% of the capital or profits of the juridical person, where the juridical person is a partnership.
- more than 15% of the property or capital or profits of the juridical person, where the juridical person is an unincorporated association or body of individuals.

(ii) In cases where there exists doubt under clause (i) above as to whether the person with the controlling ownership interest is the beneficial owner or where no natural person exerts control through ownership interests, the identity of the natural person exercising control over the juridical person through other means like through voting rights, agreement, arrangements or in any other manner.

(iii) Where no natural person is identified under clauses (i) or (ii) above, the identity of the relevant natural person who holds the position of senior managing official.

B. For Investors which is a trust:

The identity of the settler of the trust, the trustee, the protector, the beneficiaries with 10% or more interest in the trust and any other natural person exercising ultimate effective control over the trust through a chain of control or ownership.

C. Exemption in case of listed companies / foreign investors

The client or the owner of the controlling interest is a company listed on a stock exchange or is a majority-owned subsidiary of such a company, there is no need for identification and verification of the identity of any shareholder or beneficial owner of such companies and hence exempted from UBO declaration provided other requisite information is provided. Intermediaries dealing with foreign investors' viz., Foreign Institutional Investors, Sub Accounts and Qualified Foreign Investors, may be guided by the clarifications issued vide SEBI circular CIR/MIRSD/11/2012 dated September 5, 2012 and other circulars issued from time to time, for the purpose of identification of beneficial ownership of the client.
