Portfolio Rebalancing in case of deviation from Asset Allocation Under Defensive Consideration

The asset allocation pattern indicated above may change from time to time, depending on liquidity considerations or on account of high levels of subscriptions or Repurchase / Redemptions relative to Scheme size, or upon various defensive considerations including market conditions, market opportunities, applicable regulations and political and economic factors. These proportions may vary depending upon the perception of the AMC, the intention being at all times to seek to protect the interests of the Unitholders. Such changes in the investment pattern will be for short term and only for defensive considerations in accordance with Para No. 1.9.1. (b) of SEBI Master Circular for Mutual Funds dated March 20, 2026. In the event of deviations from the above asset allocation table, the Fund Manager will carry out rebalancing within 30 calendar days. However, at all the times the portfolio will adhere to the overall investment objective of the Scheme.

Portfolio Rebalancing in case of Passive Breach

Pursuant to Para No. 3.11. of SEBI Master Circular for Mutual Funds dated March 20, 2026, in the event of deviation from the above asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the rebalancing shall be done within 30 Business Days. In case the rebalancing is not done within 30 Business Days, then justification in writing including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee. The Investment Committee, if so desires, can extend the timelines upto 60 Business Days from the date of completion of mandated rebalancing period (i.e. 30 Business Days).

In case the portfolio of scheme is not rebalanced within the aforementioned mandated plus extended timelines, the AMCs shall:

- I. not be permitted to launch any new scheme till the time the portfolio is rebalanced.
- II. not levy exit load, if any, on the investors exiting from the scheme.

AMC shall report the deviation to Trustees at each stage. The reporting to Trustees shall be initiated immediately after the expiry of the mandated rebalancing period (i.e. 30 Business Days). Further, in case the AUM of deviated portfolio is more than 10% of the AUM of main portfolio of scheme, the AMC shall immediately after the expiry of the mandated rebalancing period (i.e. 30 Business Days):

1. Disclose the same to the investors through SMS and email / letter including details of portfolio not rebalanced.
2. Communicate to investors through SMS and email / letter when the portfolio is rebalanced.

Deviation of the portfolio, beyond the specified limits, from the mandated asset allocation beyond 30 Business Days shall also be disclosed on the website of the AMC.

The AMC shall also disclose any deviation from the mandated asset allocation to investors along with periodic portfolio disclosures as specified by SEBI from the date of lapse of mandated plus extended rebalancing timelines.

Investment Strategy

The investment strategy of the Mutual Fund will be to invest in companies it believes are attractively priced in the market when compared to the Investment Manager's valuation of the company. The Investment Manager's valuation will be based on a number of factors, including the Investment Manager's assessment of the skill and expertise of the company's management team and the long term potential for both the company and the sectors in which it operates. Such opportunities may arise for a variety of reasons ranging from the belief that the markets have undervalued a company, to an assessment that there is opportunity for significant profit or market share growth given the dynamics of the sector a company operates in, or as a result of the company's competitive or proprietary advantages.

The investment strategy of the Scheme will be to invest in a basket of stocks after using intensive fundamental analysis, both quantitative and qualitative, monitor the portfolio actively but not so as to engage in excessive trading, and control risk by keeping the portfolio adequately diversified (both in terms of the sectors included in the portfolio as well as with respect to the level of concentration of any particular investment).

The primary focus of the Scheme will be on companies that will typically be included in the BSE 200 Index. Valuations will be developed based on the business of the company, the environment in which it operates the skills and resources of its management, the strength of its balance sheet and cash flow relative to its long term goals, and other fundamental sector criteria. Investments will be made in companies whose shares are undervalued when compared to long term valuation expectations. Investments will be sold when the Investment Manager believes the market price of the shares has exceeded its assessment of the long term value of that company, or if there are adverse changes to that company's management, prospects or the markets in which that company operates. This evaluation against market prices will tend to be based on fundamental criteria (Dividend yields, price to earnings, price to cash flow, price to book value, and other different measures of share price ratios), relative to a company's peer group, its history and the overall equity markets.

Market liquidity will be an important tool to mitigate investment risk. Accordingly, a number of the companies in the portfolio may be included in the BSE 200 Total Return Index that the Investment Manager will use as a benchmark, but this will not be a criterion for including a company in the Scheme's portfolio and the portfolio may not include some of the companies in the BSE 200 TRI. There may, however, be situations where other factors make an investment attractive enough to cause the Investment Manager to purchase a stock despite a relatively low level of liquidity in that stock. In addition, as noted above, the Scheme may invest in companies to be listed where the Investment Manager believes that a listing is likely within 3 years from the date of the investment.

Investment Portfolio

The Scheme's investment portfolio typically will consist of investments made in shares of "Indian companies" (defined as a company that is listed on a stock exchange in India or elsewhere and, if not located in India, has over 50% of its assets, revenues, or profits generated from operations in India). The Scheme will invest primarily in equity securities of Indian issuers listed on an Indian stock exchange, or on an approved over-the-counter exchange, including in the form of Depository Receipts. From time to time the Scheme may also invest in the shares of companies that are to be listed. The Board of the AMC will from time to time review and approve the overall investment policy and strategy of the portfolio held by the Scheme. The Scheme will be subject to

the investment restrictions prescribed under the SEBI (Mutual Fund) Regulations 2026 and the ELSS Guidelines.

While the majority of the assets will be invested in the equity securities of Indian companies, the Scheme may also invest in debt and money market instruments for the purpose of having liquidity.

Generally speaking, the portfolio will tend to include shares of 25 to 40 different companies, and the investment in shares of any one company will tend to be in the range of 2% to 6% of the Scheme's net assets. Particular sectors or industries will not be a significant factor in the decision to add a company to the Scheme's portfolio.

The Fund might also have exposure to REITs depending on the opportunities that broad markets provide from time to time.

Risk Profile of the Scheme

Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. Scheme specific Risk Factors are summarized below:

Risk Factors related to Equity and Equity Related Instruments:

By virtue of requirements under the ELSS Guidelines, Units issued under the QTSF will not be redeemed until the expiry of 3 (three) years from the date of their allotment. The ability of an investor to realise returns on investments in QTSF is consequently restricted for the first three years. Redemption will be made prior to the expiry of the aforesaid 3 (three) year period only in the event of the death of a Unit Holder, subject to the Units having been held for a period of 1 (one) year from the date of their allotment.

The Scheme proposes to invest primarily in equity and equity related securities. Equity Securities and equity-related Securities are volatile and prone to price fluctuations on a daily basis. The liquidity of investments made by the Scheme may be restricted by trading volumes and settlement periods. This may impact the ability of the Unit Holders to redeem their Units. In view of this, the Trustee has the right, in its sole discretion to limit Redemptions (including suspending Redemption) under certain circumstances. Settlement periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended Securities purchases, due to settlement problems, could cause the Scheme to miss certain investment opportunities. Similarly, the inability to sell Securities held in the Scheme's portfolio could result, at times, in potential losses to the Scheme, should there be a subsequent decline in the value of Securities held in the Scheme's portfolio. Investments in equity and equity related Securities involve a degree of risk and investors should not invest in the Scheme unless they can afford to take the risk of losing their investment. The AMC may choose to invest in Securities which are to be listed that offer attractive yields within the regulatory limit.

For details on risk factors and risk mitigation measures, please refer SID.

Instructions on Controlling Persons / Ultimate Beneficial Owner

As per PMLA guidelines and relevant SEBI circulars issued from time to time, non-individuals and trusts are required to provide details of controlling persons [CP] / ultimate beneficiary owner [UBO] and submit appropriate proof of identity of such CPs/ UBOs. The beneficial owner has been defined in the circular as the natural person or persons, who ultimately own, control or influence a client and/or persons on whose behalf a transaction is being conducted and includes a person who exercises ultimate effective control over a legal person or arrangement.

A. For Investors other than individuals or trusts:

(i) The identity of the natural person, who, whether acting alone or together, or through one or more juridical person, exercises control through ownership or who ultimately has a controlling ownership interest. Controlling ownership interest means ownership of/entitlement to:

- more than 10% of shares or capital or profits of the juridical person, where the juridical person is a company.
- more than 15% of the capital or profits of the juridical person, where the juridical person is a partnership.
- more than 15% of the property or capital or profits of the juridical person, where the juridical person is an unincorporated association or body of individuals.

(ii) In cases where there exists doubt under clause (i) above as to whether the person with the controlling ownership interest is the beneficial owner or where no natural person exerts control through ownership interests, the identity of the natural person exercising control over the juridical person through other means like through voting rights, agreement, arrangements or in any other manner.

(iii) Where no natural person is identified under clauses (i) or (ii) above, the identity of the relevant natural person who holds the position of senior managing official.

B. For Investors which is a trust:

The identity of the settler of the trust, the trustee, the protector, the beneficiaries with 10% or more interest in the trust and any other natural person exercising ultimate effective control over the trust through a chain of control or ownership.

C. Exemption in case of listed companies / foreign investors

The client or the owner of the controlling interest is a company listed on a stock exchange or is a majority-owned subsidiary of such a company, there is no need for identification and verification of the identity of any shareholder or beneficial owner of such companies and hence exempted from UBO declaration provided other requisite information is provided. Intermediaries dealing with foreign investors' viz., Foreign Institutional Investors, Sub Accounts and Qualified Foreign Investors, may be guided by the clarifications issued vide SEBI circular CIR/MIRSD/11/2012 dated September 5, 2012 and other circulars issued from time to time, for the purpose of identification of beneficial ownership of the client.

D. KYC requirements

Beneficial Owner(s) / Senior Managing Official (SMO) is/are required to comply with the prescribed KYC process as stipulated by SEBI from time to time with any one of the KRA & submit the same to AMC. KYC acknowledgement proof is to be submitted for all the UBO(s) / SMO(s).

Sample Illustrations for ascertaining beneficial ownership:

Illustration No. 1 – Company A

For Applicant A, Individual 4 is considered as UBO as it holds effective ownership of 33% in Company A. Hence details of Individual 4 must be provided with KYC proof, Shareholding pattern of Company A, Z & Y to be provided along with details of persons of Company Y who are senior managing officials and those exercising control.

Illustration No. 2 – Partner ABC

For Partnership Firm ABC, Partners 1, 2 and 5 are considered as UBO as each of them holds $\geq 15\%$ of capital. KYC proof of these partners needs to be submitted including shareholding

Illustration No. 3 – Trustee ZYX

For Trust ZYX, Beneficiaries A, B and C are considered as UBO as they are entitled to get benefitted for $>10\%$ of funds used. KYC proof for these beneficiaries needs to be submitted. Additionally, if they have nominated any person or group of persons as Settlor of Trust / Protector of Trust, relevant information to be provided along with the proof indicated.
